Finally, a clarinet book with appeal to kids that focuses on fundamentals taught through songs that young people love to play. Author Larry E.

Newman (Beginning Band Fun Book series) created this book to be used as a first year beginning method or as a second year review and continuing book for the progressing intermediate student. The book is crammed with tons of musical examples, scales, arpeggios, songs, solos, duets and trios.

Mix and match the clarinet book with other instrument books in this collection to create customized woodwind and brass groups. Online mp3 play-a-

long tracks are available for many of the musical selections in this book.

The Cello Fun Book CreateSpace

Finally, a trombone book with appeal to kids that focuses on fundamentals taught through songs that young people love to play. Author Larry E. Newman (Beginning Band Fun Book series) created this book to be used as a first year beginning method or as a second year review and continuing book for the progressing intermediate student. The book is crammed with tons of musical examples, scales, arpeggios, songs, solos, duets and trios plus dozens of fun, kid-centered illustrations. Mix and match the trombone book with other instrument books in this collection to create customized woodwind and brass groups.

What kinds of instruments would you imagine a band of cowboys playing? Surely nothing fancy, but they can still make do with what they have, like jugs, combs, boots, and whatever else they can find. Out on the open range, with no one to tell them to quit their hollerin', a cowboy band counts from ten to one in a tune children are familiar with. Silly phrases, toe-tapping rhythms, and the occasional twist make these cowpokes a great addition to any story time or bedtime lineup. Featuring a ragtag group of cowboys from author Tamera Will Wissinger, and colorful, offbeat illustrations by Matt Loveridge, *This Old Band* is sure to delight (and teach kids a few things about counting and noises) children and adults alike with a fun take on a popular nursery rhyme. A fun read-aloud for preschoolers and kindergarteners (ages 3 to 6), children will learn about various unusual instruments while learning the important skill of counting down from 10 to 1. Each page shows the number of band members that correspond with the number in the verse. Kids will be able to count them and also find hidden creatures throughout, making this an interactive story for bedtime, school, or anywhere. If parents or teachers are familiar with "This Old Man," they can even sing the book and teach it to their children for added interactive fun. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
