SINGLETON KIMBERLY

Hedge Funds For Dummies John Wiley & Sons
 A well-rounded hedge fund guide for the serious financial professional Alternative investment strategies-hedge funds in particular-have experienced a significant resurgence recently, largely in response to the dramatic downturn of the global equity markets. In response to this explosion in popularity, this book focuses on many of the best moneymaking strategies related to these alternative investment vehicles. IMCA (The Investment Management Consultants Association) is a professional association established in 1985, representing the investment consulting profession in the U.S. and Canada. Kenneth S. Phillips is a member of the IMCA Advisory Council and Managing Principal of Capital Partners, LLC. Ron Surz, CIMA, is a member of the IMCA Board of Directors and the President of PPCA Inc.
Hedge Fund Alpha: A Framework For Generating And Understanding Investment Performance John Wiley & Sons
 Hedge Funds of Funds: A Guide for Investors is a comprehensive

guide to investing in hedge funds of funds. Written by an experienced practitioner in clear, concise and jargon free language, this book gives an inside view of this often opaque area and empowers readers with the tools to get to the bottom of how hedge funds of funds really work. Key features include: A full description of the skill sets and facets needed in all areas of a hedge funds of funds; A wide-ranging set of questions to ask when assessing every area of a hedge fund of funds; Advice on every part of the process when investing in a hedge fund of funds, from short-listing through to mandate design and benchmarking; Two comprehensive practical examples of investment reports on both a hedge fund and a hedge fund of funds; A comprehensive analysis of recent developments in the field; A glossary of hedge fund terminology to help the reader decode the jargon associated with the area. This book is essential reading for all those interested in developing depth to their understanding of how to invest in hedge funds of funds and how they, in turn, invest with hedge funds.
The Hedge Fund Book McGraw Hill Professional
 Wealthy, powerful, and potentially dangerous, hedge-fund managers have emerged as the stars of twenty-first century

capitalism. Based on unprecedented access to the industry, *More Money Than God* provides the first authoritative history of hedge funds. This is the inside story of their origins in the 1960s and 1970s, their explosive battles with central banks in the 1980s and 1990s, and finally their role in the financial crisis of 2007-9. Hedge funds reward risk takers, so they tend to attract larger-than-life personalities. Jim Simons began life as a code-breaker and mathematician, co-authoring a paper on theoretical geometry that led to breakthroughs in string theory. Ken Griffin started out trading convertible bonds from his Harvard dorm room. Paul Tudor Jones happily declared that a 1929-style crash would be 'total rock-and-roll' for him. Michael Steinhardt was capable of reducing underlings to sobs. 'All I want to do is kill myself,' one said. 'Can I watch?' Steinhardt responded. A saga of riches and rich egos, this is also a history of discovery. Drawing on insights from mathematics, economics and psychology to crack the mysteries of the market, hedge funds have transformed the world, spawning new markets in exotic financial instruments and rewriting the rules of capitalism. And while major banks, brokers, home lenders, insurers and money market funds failed or were bailed out during the crisis of 2007-9, the hedge-fund industry survived the test, proving that money can be successfully managed without taxpayer safety nets. Anybody pondering fixes to the financial system could usefully start here: the future of finance lies in the history of hedge funds.

Hedge Fund Analysis Leonie Hill Capital Private Limited
 Fundamentals of Fund Administration fills a gap in the lack of books that cover the administration and operations functions related to funds. With the growth of hedge funds globally there is more and more requirement for fund administration services, and the success of the fund administration is crucial to the success of the funds themselves in a highly competitive market. As the focus on operational risk, cost effective support and administration of trading and investment and the ability to design, develop and deliver added-value services for clients grows there is a need for a comprehensive analysis of what happens from trade to settlement and beyond and the exact role that the fund administrator may be required to provide. The book helps those responsible for managing and supervising fund administration services by examining the decisions, actions and problems at the various stages as well as explaining the products and infrastructure that services support. - Concise, easy to read format explains extensive and complicated procedures with lively, easy to follow road maps - Comprehensive reference work with extensive glossary of terms, useful website addresses and further reading recommendations - Covers all the major stages with detailed explanations of what is required for effective completion and regulatory compliance

Investment Strategies of Hedge Funds CreateSpace
 Efficiently Inefficient describes the key trading strategies used by hedge funds and demystifies the secret world of active investing. Leading financial economist Lasse Heje Pedersen combines the latest research with real-world examples and interviews with top hedge fund managers to show how certain trading strategies make money - and why they sometimes don't. -- from back cover.

Hedge Funds Of Funds John Wiley & Sons
 Analyzing the five common investment strategies with historical performance results, this text presents discussions of all legal forms of hedge funds with particular emphasis on domestic funds. It also explains quantitative and qualitative strategies for evaluating fund managers.

The Hedge Fund Handbook John Wiley & Sons
 "Absolute Returns" ist ein praktischer Leitfaden zu den Risiken und Gewinnmöglichkeiten im Bereich Hedge Funds. Mit diesem Buch lernen Sie, solide Entscheidungen für Investitionen in Hedge

Funds zu treffen. Autor Alexander Ineichen erläutert ausführlich, was Hedge Funds sind, wie diese Fonds den Markt übertreffen können, und welche Risiken sie für den Investor bergen. Er erklärt auch, wie Hedge Funds als alternative Investments mit traditionellen Portfolios kombiniert werden können, um auf diese Weise hervorragende Risiko-Rendite-Eigenschaften zu erreichen. Ausserdem beschreibt er, welche neuen Strategien Hedge Funds einsetzen, um überdurchschnittliche Renditen zu erzielen. Einfach, verständlich und nachvollziehbar geschrieben.

More Money Than God John Wiley & Sons
 One of the fastest growing investment sectors ever seen, hedge funds are considered by many to be exotic and inaccessible. This book provides an intensive learning experience, defining hedge funds, explaining hedge fund strategies while offering both qualitative and quantitative tools that investors need to access these types of funds. Topics not usually covered in discussions of hedge funds are included, such as a theoretical discussion of each hedge fund strategy followed by trading examples provided by successful hedge fund managers.

 The Little Book of Hedge Funds that's big on explanations even the casual investor can use An accessible overview of hedge funds, from their historical origin, to their perceived effect on the global economy, to why individual investors should understand how they work, The Little Book of Hedge Funds is essential reading for anyone seeking the tools and information needed to invest in this lucrative yet mysterious world. Authored by wealth management expert Anthony Scaramucci, and providing a comprehensive overview of this shadowy corner of high finance, the book is written in a straightforward and entertaining style. Packed with introspective commentary, highly applicable advice, and engaging anecdotes, this Little Book: Explains why the future of hedge funds lies in their ability to provide greater transparency and access in order to attract investors currently put off because they do not understand how they work Shows that hedge funds have grown in both size and importance in the investment community and why individual investors need to be aware of their activities Demystifies hedge fund myths, by analyzing the infamous 2 and 20 performance fee and addressing claims that there is an increased risk in investing in hedge funds Explores a variety of financial instruments—including leverage, short selling and hedging—that hedge funds use to reduce risk, enhance returns, and minimize correlation with equity and bond markets Written to provide novice investors, experienced financiers, and financial institutions with the tools and information needed to invest in hedge funds, this book is a must read for anyone with outstanding questions about this key part of the twenty-first century economy.

Handbook of Hedge Funds John Wiley & Sons
 A professional's guide to the world of hedge fund investing Throughout the financial crisis of 2008, many hedge funds suffered massive losses and were often blamed for the extreme market upheavals. In the wake of the crisis, hedge funds remain a source of fascination for the media, legislators, and investors, mostly due to misunderstanding. Historically portrayed as risky investment funds for the very wealthy run by swashbuckling traders, the truth is hedge funds are simply an investment vehicle designed to generate superior returns and reduce an investor's overall portfolio risk. Investors have good reasons to remain fascinated with hedge funds. Although many individual funds have underperformed or collapsed, hedge funds as a whole have provided solid returns while reducing risks. Savvy institutions have invested in hedge funds for many years and have made them a large and powerful force in the markets. Investing in hedge funds requires sophisticated knowledge,

understanding, skill, access, and experience. Individuals and institutions, whether they are new to hedge funds or need to improve, can find those attributes in the stories of the successful hedge fund investors profiled in *Hedge Fund Investors*. *Hedge Fund Investors* chronicles the challenges and rewards these investors face, in selecting hedge fund managers, managing risks, and constructing portfolios. In revealing conversations, leading hedge fund investors who place hundreds of billions of dollars in hedge funds, share their philosophies, strategies, and advice. Profiles a variety of different investors from the pioneers in hedge fund investing to managers for high net-worth individuals and fund of funds investors. Discusses winners and losers in the recent market decline, problematic hedge fund strategies, and how these current events will change future strategies. Provides lessons, insights, and advice beneficial to all hedge fund investors. Engaging and informative, *Hedge Fund Investors* will prove valuable to anyone involved in placing money with hedge funds, as well as hedge funds who seek to better understand their clients.

A Practical Guide to Hedge Funds Princeton University Press

The second edition of one of the clearest and most readable discussions of hedge fund strategies of the last few years. Understand how the various hedge fund strategies make money, how the systematic returns of the hedge funds can be replicated, and how this understanding can improve our investment process into hedge funds.

The Little Book of Hedge Funds John Wiley & Sons

This book will present a comprehensive view of the risk characteristics, risk-adjusted performances, and risk exposures of various hedge fund indices. It will distinguish itself from other books and journal articles by focusing solely on hedge fund indices and emphasizing tail risk as a predictor of hedge fund index returns. The three chapters in this short book have not been previously published. - Presents new insights about the investability and performance measurement of an investor's final portfolio - Uses most recently developed investable hedge fund indexes to revise previous analyses of indexes - Focuses on 14 distinct types of hedge fund indices with daily data from January 1994 to December 2011

How to Invest in Hedge Funds John Wiley & Sons

"The Hedge Fund Handbook answers all these questions and more. Extensive details, charts, graphs, and case studies both real and hypothetical provide a new method for accurately analyzing the risk and return characteristics of any hedge fund and, more crucially, its manager. This book illustrates how the manager's skill in exploiting financial markets is the key component of a hedge fund's ability to generate consistent performance and attractive risk-adjusted returns."--Jacket.

Fundamentals of Fund Administration John Wiley & Sons

Hedge funds are perhaps the hottest topic in finance today, but little material of substance to date has been written on the topic. Most books focus on how to set up a hedge fund and the basic strategies, while few to none focus on what matters most: generating and understanding investment performance. This book takes an exclusive look at the latter, including an analysis of the areas that are most likely to generate strong investment returns — namely, the emerging markets of Brazil, Russia, India and China. The book will be invaluable to not only financial professionals, but anyone interested in learning about hedge funds and their future.

The Insider's Guide to Hedge Funds John Wiley & Sons

An innovative A to Z guide to the world of hedge funds. *The Long and Short of Hedge Funds* presents readers with a unique look at these investment vehicles, the people who run them, and those who provide services to them. This book is a detailed guide of the

industry and offers rare access to hedge fund managers and industry participants. The book provides the reader with a real education about hedge funds, gaining a firm understanding of the industry.

Top Hedge Fund Investors Doubletree Press (Canada)

Hedge fund investing is growing at a faster rate than any other kind of investing. While once only available to the rich and super rich, hedge funds are now becoming more widely available. There are between 6000-7000 hedge funds worldwide, with assets of approximately \$650 billion. Industry predictions are that assets will exceed \$1 trillion in the next 5 to 10 years as individual investors and pension plans seek to diversify their holdings. *A Practical Guide to Hedge Funds* will give you a basic understanding of what hedge funds are, how they work, how they compare to mutual funds and traditional investments, and what the results will likely be if you invest in them. This is one of the few books where you will read interviews with hedge fund investors and their investment experiences. If you're tired of depending on the traditional equity markets for your portfolio returns. *A Practical Guide to Hedge Funds* will help you discover what investing in hedge funds can do for you.

Absolute Returns John Wiley & Sons

"Eldon Mayer is a battle-tested pro. You should listen to what he and his partner, Sam Kirschner, have to say." --Barton M. Biggs, Managing Partner, Traxis Partners Meet the crème de la crème of the new breed of hedge fund managers, learn how they evaluate world financial markets, hear about their winners and losers, and discover how they apply proprietary strategies to stay ahead of the curve. Through broad-scope interviews with 15 highly successful managers, *The Investor's Guide to Hedge Funds* provides unparalleled insight into each major hedge fund strategy, its strengths, weaknesses, and performance characteristics. Most importantly, this book shows that despite the sensational headlines, adding hedge funds to a portfolio of stocks and bonds can reduce risk and improve overall performance.

Through the Alpha Smoke Screens John Wiley & Sons

One-stop-guide to the hedge fund industry, investment and trading strategies adopted by hedge funds and the industry's regulation.
