### An Undersea Halloween Adventure

Jupiter Kids (Childrens & Kids Fiction)

In this bouquet of poems I present to you my humble thoughts in simple words on a variety of topics. I have sung about the beauty of love. I have tried to let you hear the sighs and sobs in silence of struggling and suffering people. I have expressed my concerns about our planet and the need to keep it clean and green. I have written about the bond between God and man and his despair despite the prayers he raises. I have also shown the dark side of humanity wondering how man can oppress, exploit, enslave and kill others and sadly, try to justify it. Here, you can hear the muffled, dying cries of a new born girl child. Some songs are my thoughts that loved to wander far on the wide wings of the flying wind. Through most of the poems on social themes I am appealing to the conscience of the people to abandon violence particularly against women, children and the weak and to build a beautiful world of peace and love. May the humorous poems bring a smile on your face and laughter in your soul. Hope you will enjoy reading the book.

In De slimme gemeente nader beschouwd geeft Erik Gerritsen een antwoord op de vraag hoe de lokale overheid een bijdrage kan leveren aan het oplossen van

ongetemde maatschappelijke problemen. Gerritsen heeft vanuit zijn ervaring als gemeentesecretaris van Amsterdam een praktijktheorie van de 'slimme gemeente' ontwikkeld. Hij bespreekt zowel het bestuurskundige ideaal als de daadwerkelijke realisatie van een goed presterende lokale overheid. Een viertal casusonderzoeken (crisisopvang, voortijdig schoolverlaten, overlastgevende Multi-probleemgezinnen en inburgering) vormt de basis. Deze praktijktheorie bevat een concreet handelingsperspectief, bestaande uit een aantal principes van slimmer werken en een veranderstrategie van verleiding in combinatie met doorzettingsmacht. De uitkomsten van de studie benadrukken het belang van interactief leren voor het realiseren van duurzaam beter presteren van lokale overheden.

"I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, *The Story of English* and Literary Editor, *London Observer*. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book *Don't Speak English - Parlez Globish* became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations." The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in

Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and demonstrates that Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere words.
