HBR Guide to Buying a Small Business

Pearson Higher Ed

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Written by award-winning experts, Steve Mariotti and Caroline Glackin, *Entrepreneurship and Small Business Management* presents complex economic, financial and business concepts in a manner easily understood by a variety of students. Based on a proven curriculum from the Network for Teaching Entrepreneurship (NFTE), it is organized to follow the life-cycle of an entrepreneurial venture—from concept through implementation to harvesting or replication. Filled with examples from a broad range of industries, it moves further into the entrepreneurial process—discussing the business plan and also the unique aspects of managing and growing entrepreneurial ventures and small businesses.

Handbook of Research on Small Business and Entrepreneurship Red Globe Press

This program can help your students become successful in creating and running a small business. Its focus is on selecting a business, preparing a business plan, and managing an ongoing operation. Seventy percent of high school students say they want to start their own businesses. This completely revised program provides them with the information and skills that lead to success. It also benefits student-employees by giving them an appreciation for the realities of business, and it helps all students understand

their role as a consumer.

Small Business Management Routledge

This book examines entrepreneurship and small business in Russia and key countries of Eastern Europe, showing how far small businesses have developed, and discusses how far 'market reforms' and a market mentality have been taken up by ordinary people in the real everyday economy. For each of the countries examined - Russia, Ukraine, Belarus, Poland and Estonia - the book reviews the progress of market reforms within the wider context of social and economic transformation, surveys the development of entrepreneurship and small firms so far, and assesses the role of government in the process, and the strengths and weaknesses of the small business sector.

Entrepreneurship and Beyond

Edward Elgar Publishing

Entrepreneurship: definition and evolution - Opportunities and entrepreneurs - Creativity, innovation and entrepreneurship - Small business: definitions and characteristics - Community contexts of small business - Options for going into business - Market research and strategy formulation - Preparing a business plan - Legal issues - Financing business ventures - Accessing business advice and assistance - Marketing - Operations management - Human resources issues in new and small firms - Financial information and management - ICT as a business tool - Managing growth and transition - Corporate entrepreneurship.

Entrepreneurship: A Small Business Approach McGraw-Hill/Irwin

This book is the first book on the subject for smaller businesses. Until now, design thinking - a methodology for solving business problems and identifying opportunities - has been the playground

fro companies with big budgets, giving them the advantage of the innovation that comes from using the latest design thinking tools emerging from Stanford, Harvard, Northwestern and elsewhere.

Entrepreneurship and Small Business Prentice Hall

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Student Value Editions also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. For Student Value Editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title - including customized versions for individual schools -- and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering platforms. For courses in small business management, entrepreneurship, and new venture creation and/or management. The foundation to building a successful small business Taking a practical, hands-on approach to entrepreneurship, this text equips students with the tools and critical-thinking skills needed for small business success. Now in its 9th Edition, Essentials of Entrepreneurship and Small Business Management teaches students how to successfully launch and manage a business. By dissecting case studies, examining successes and failures in the context of the market, and observing the tactics used by today's most successful small business ventures, students can develop the skills that will give them a unique advantage in a hotly competitive environment. Also available with MyLab Entrepreneurship By combining trusted

authors' content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. NOTE: You are purchasing a standalone product; MyLab(tm) Entrepreneurship does not come packaged with this content.

Students, if interested in purchasing this title with MyLab Entrepreneurship, ask your instructor to confirm the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the loose-leaf version of the text and MyLab Entrepreneurship, search for: 0134890442 /

Entrepreneurship and Small Business Management in the Hospitality Industry Routledge

Public policy interventions aimed at encouraging, supporting and developing small businesses are important for understanding entrepreneurship and small business management. This textbook is the first to provide teachers and students with a resource that gives an overview of how institutional and policy structures interact with small firm start-ups, continuation and succession/failures. Beginning with a brief introduction to policy processes, the text covers the main policy instruments for entrepreneurial market entry and start-up support, for on-going small business advice and financial support, and succession planning. It particularly focuses on policies that improve the Business Enabling Environment through macroeconomic policy, institutional reform, and deregulation of bureaucratic burdens. Theoretical rigour is complemented by detailed assessments of current policies around the world, including USA, advanced and emerging economies and

Policy support from global institutions such as the World Bank and the ILO are included. Written by a pre-eminent scholar of public policy and entrepreneurship, this textbook provides a concise but thorough introduction to the subject for Master's students internationally. Policy recommendations in the author's conclusion also highlight the book's value to policy-makers as they adapt to the globalized, digital world.

[Challenges and Opportunities for Small Business](#) Pearson Higher Ed

The emergence of an enterprise culture and entrepreneurial economy has led to the rapid development of theories, policies and practices in the field of entrepreneurship. *Understanding Enterprise* provides a critical introduction to enterprise in its broadest context, particularly its application to business through entrepreneurship and small business. The book is divided into three distinct parts, which examine traditional approaches to entrepreneurship, new perspectives on the subject, and the success or otherwise of government policy. Key features: - Extensively revised to take into account the latest thinking and research - Reassessment of traditional views and a critique of conventional wisdom - Updated coverage of the impact and failings of comparative government policies - A good balance between theoretical and practical perspectives *Understanding Enterprise* is an essential companion for

undergraduate and postgraduate students of entrepreneurship. Policy makers and practitioners will also benefit from this comprehensive guide.

Evolution and revolution Springer Science & Business Media

'A thoughtful and reflective account of "enterprise", offering meaningful and contextualized knowledge to students at all levels, written in a style that is as engaging as it is informative - and peppered with unobtrusive dry wit' - Professor Sara Carter, OBE, Hunter Centre for Entrepreneurship, University of Strathclyde Enterprise, *Entrepreneurship and Small Business* is an exciting new text for all students of business. Broad and inquisitive in its intellectual outlook, this provocative but accessible textbook covers core themes and topics in the study of enterprise, as well as looking at subjects that are often

ignored, from criminal entrepreneurs and the demise of Enron, to 'entertainment' and ethnic and indigenous entrepreneurship. Along the way, the reader will find an interactive exploration not only of the processes of entrepreneuring, of managing small enterprises, or of the implications of working in an entrepreneurial corporation - he or she will also be challenged to consider enterprise in its social, economic, political and moral contexts. This textbook moves beyond the narrow, prescriptive focus on the 'how' employed by other textbooks, and places equal emphasis on the 'why' - all the time considering the role of enterprise, entrepreneurship and small business in the world we live in. Supported by lively case studies, real-life examples and a concept guide of key terms, this text is ideal for undergraduate and postgraduate students on any course with an emphasis on enterprise and entrepreneurship.

Entrepreneurship and Small Business Apress

Entrepreneurship and Small Business Management, Student Edition Financial Times/Prentice Hall

Are you looking for an alternative to a career path at a big firm? Does founding your own start-up seem too risky? There is a radical third path open to you: You can buy a small business and run it as CEO. Purchasing a small company offers significant financial rewards—as well as personal and professional fulfillment. Leading a firm means you can be your own boss, put your executive skills to work, fashion a company environment

that meets your own needs, and profit directly from your success. But finding the right business to buy and closing the deal isn't always easy. In the HBR Guide to Buying a Small Business, Harvard Business School professors Richard Ruback and Royce Yudkoff help you: Determine if this path is right for you Raise capital for your acquisition Find and evaluate the right prospects Avoid the pitfalls that could derail your search Understand why a "dull" business might be the best investment Negotiate a potential deal with the seller Avoid deals that fall through at the last minute
