Learn simple first aid skills. Be confident to help someone in an emergency. Start learning these simple first aid skills:

Arrow icon. First aid for someone having a severe allergic reaction (anaphylaxis)

Arrow icon. First aid for someone who is having an asthma attack.

Arrow icon. Learn key first aid treatments with the British Red Cross

First Aid First aid refers to the emergency or immediate care you should provide when a person is injured or ill until full medical treatment is available. For minor conditions, first aid care may be enough. For serious problems, first aid care should be continued until more advanced care becomes available.
