Sybille Bedford, an intimate friend of the Huxleys through four decades, re-creates not only the private Huxley and the literary Huxley but the entire intellectual and social era to which he was central. Drawing on his letters and diaries, the memories of his intimates, and her own sharp and sensitive comprehension of Huxley's writings, Mrs. Bedford has written a masterful biography. Huxley becomes a living, deeply attractive presence, while his great contemporaries flash through these pages in memorable and moving encounters.

A Textbook for Beginning Arabic Thomas Nelson

In this intellectual history-making volume, multiple award-winning W. E. B. Du Bois scholar Reiland Rabaka offers the first book-length treatment of Du Bois's seminal sociological discourse: from Du Bois as inventor of the sociology of race to Du Bois as the first sociologist of American religion; from Du Bois as a pioneer of urban and rural sociology to Du Bois as innovator of the sociology of gender and inaugurator of intersectional sociology; and, finally, from Du Bois as groundbreaking sociologist of education and critical criminologist to Du Bois as dialectical critic of the disciplinary decadence of sociology and the American academy. *Against Epistemic Apartheid* brings new and intensive archival research into critical dialogue with the watershed work of classical and contemporary, male and female, black and white, national and international sociologists and critical social theorists' Du Bois studies. *Against Epistemic Apartheid* offers an accessible introduction to Du Bois's major contributions to sociology and, therefore, will be of interest to scholars and students not only in sociology, but also African American studies, American studies, cultural studies, critical race studies, gender studies, and postcolonial studies, as well as scholars and students in

'traditional' disciplines such as history, philosophy, political science, economics, education, and religion.

The author of *When Things Fall Apart* reveals the meaning behind 59 Buddhist teachings and how you can use them as touchstones for daily living For centuries Tibetan Buddhists have relied on a collection of 59 pithy teachings—called lojong in Tibetan—to help them develop wisdom and compassion amid the challenges of daily living. In this book, Pema Chödrön introduces these transformative teachings and offers guidance on how to make them part of our everyday lives. The lojong teachings include: · "Always maintain only a joyful mind." · "Don't be swayed by external circumstances." · "Don't be so predictable." · "Be grateful to everyone." Inside *Always Maintain a Joyful Mind* readers will also find a link to an online audio program entitled "Opening the Heart." In this fresh interpretation of Tocqueville's thought, Joshua Mitchell explores the dynamic interplay between religion and politics in American democracy. Focusing on Democracy in America, *The Fragility of Freedom* examines Tocqueville's key works and argues that his analysis of democracy is ultimately rooted in an Augustinian view of human psychology. As much a work of political philosophy as of religion, *The Fragility of Freedom* argues for the importance of a political theology that recognizes moderation. "An intelligent and sharply drawn portrait of a conservative Tocqueville."—Anne C. Rose, *Journal of American History* "I recommend this book as one of a very few to approach seriously the sources of Tocqueville's intellectual and moral greatness."—Peter Augustine Lawler, *Journal of Politics* "Mitchell ably places Democracy in America in the long conversation of Western political and theological thought."—Wilfred M. McClay, *First Things* "Learned and thought-provoking."—Peter Berkowitz, *New Republic*

Promise of Wrath Shambhala Publications

"See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who

loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and *All My Children* were introduced to the world in 1971, American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. *All My Life* shares the stories of those transformations: starring in roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one critic raved about her performance in *Annie Get Your Gun*; mounting successful cabaret acts (solo and with Regis Philbin); bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC's hit show *Dancing with the Stars*; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son's life-threatening illness, coping with her husband's cancer, and the pain of miscarriage—one of the many parallels between her Erica Kane. As charming, down-to-earth, and compelling as the woman whose story it tells, *All My Life* shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.
