Edexcel as Chemistry Philip Allan  
Exam Board: Edexcel Level: AS/A-level

Subject: Chemistry First Teaching:  
September 2015 First Exam: June 2017  
Develop and assess your students'  
knowledge and mathematical skills  
throughout A Level with worked  
examples, practical assessment

guidance and differentiated end of topic questions with this Edexcel Year 2 student book. - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book. - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study

with short passages of extension material - Develops understanding with free online access to Test yourself Answers and an Extended Glossary.

**Pearson Edexcel a Level Chemistry (Year 1 and Year 2)** Philip Allan

Exam Board: Edexcel Level: IGCSE

Subject: Science First Teaching:

September 2017 First Exam: June 2019

Develop your students' scientific thinking and practical skills with this second edition, fully updated to match the new 2017 specifications. - Build students' confidence with in-depth yet accessible scientific content - Test understanding with study questions throughout the book - Prepare students for the exam with sample answers and expert comments plus exam-style questions for every section - Build

practical skills with coverage of all required practicals plus further suggested experiments - Develop mathematical skills with maths explanations and questions throughout - Challenge higher ability students with extend and challenge activities - Answers to all activities freely available online

**Edexcel AS/A Level Year 1 Chemistry Student Guide: Topics 1-5** Hodder Education

This title includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit with topic summaries, knowledge check questions and a quick-reference index as well as examiner's advice throughout. *Edexcel Chemistry for AS* Philip Allan  
Written by a former senior examiner,

George Facer, this Edexcel A2 Chemistry Student Unit Guide is the essential study companion for Unit 5: Transition Metals and Organic Nitrogen Chemistry. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade

**Edexcel A2 Chemistry Textbook**

Cambridge University Press

Fully revised and updated content matching the Cambridge International

AS & A Level Chemistry syllabus (9701). Endorsed by Cambridge International Examinations, the Second edition of the AS/A Level Chemistry Coursebook comprehensively covers all the knowledge and skills students need for AS/A Level Chemistry 9701 (first examination 2016). Written by renowned experts in Chemistry, the text is written in an accessible style with international learners in mind. The Coursebook is easy to navigate with colour-coded sections to differentiate between AS and A Level content. Self-assessment questions allow learners to track their progression and exam-style questions help learners to prepare thoroughly for their examinations. Contemporary contexts and applications are discussed throughout enhancing the relevance and

interest for learners.

### **AQA A Level Chemistry Student**

**Book 2** Philip Allan

Exam Board: Edexcel Level: A-level

Subject: Chemistry First Teaching:

September 2015 First Exam: June 2017

Reinforce students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades. Written by experienced examiner George Facer, our Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will: - Develop students' understanding of key concepts and terminology; this guide covers topics 11 - 15: equilibrium II; acid-base equilibria; energetics II; redox II; transition metals. - Consolidate students'

knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach questions from topics 11 - 15 with confidence. - Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.

My Revision Notes: Edexcel A Level Chemistry Hodder Education

Develop and assess your students' knowledge and skills throughout A level with worked examples, practical assessment guidance and differentiated end of topic questions in this updated, all-in-one textbook for Years 1 and 2. Combining everything your students

need to know for the Pearson Edexcel A level Chemistry specification, this revised textbook will: - Identify the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Student Book. - Provide support for all 16 required practicals with various activities and questions, along with.

*Edexcel A2 Chemistry Student Unit Guide: Unit 5 Transition Metals and Organic Nitrogen Chemistry* Hodder Education

Get the Grade: Edexcel AS/A2 Chemistry is the essential revision guide for the Edexcel specification. Written by George Facer, a Chair of Examiners and author of Edexcel AS Chemistry (2nd Edition) and Edexcel A2 Chemistry (2nd Edition), this accessible book will give students

revising for AS and A2 Edexcel Chemistry the confidence needed to achieve the very best grades. Get the Grade breaks down each of the topics in the Edexcel specification into clear, manageable sections designed to increase knowledge and understanding of chemistry. It is a comprehensive tool, ideal for revising for each of the Unit Tests. It is also a valuable revision aid if you are studying other AS and A2 chemistry courses. These are some of the features you will find in the book: - A user-friendly format, dividing topics into easy-to-follow sections - Up-to-date examination questions - Advice on preparing for your Unit Tests - Questions for each topic to test your knowledge and understanding throughout the course - Unit Test style papers at the

end of each Unit to help you prepare thoroughly for your exams - Answers to all questions set in the book to help you check your own understanding - Invaluable examiner's comments on the answers - Checklists to help you cover all key points during revision

*Edexcel A2 Chemistry* Philip Allan

- Improve your grades by focusing revision. - Build confidence and strengthen exam technique.

*Cambridge International AS and A Level Chemistry Coursebook with CD-ROM*

Philip Allan

This comprehensive, highly accessible, exam-focused text is essential reading for all Edexcel A2 Chemistry students. Revised and updated to meet the needs of A2 students following the new specification from September 2009, and

including free online support  
Pearson Edexcel A Level Chemistry (Year 1 and Year 2) Hodder Education  
Written by a former senior examiner, George Facer, this Edexcel A2 Chemistry Student Unit Guide is the essential study companion for Unit 4: Rates, Equilibria and Further Organic Chemistry. This book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index, examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required and exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade.

**Edexcel AS/A2 Chemistry Student Unit Guide: Units 3 and 6 Chemistry Laboratory Skills** Philip Allan  
Develop and assess your students' knowledge and mathematical skills throughout A Level with worked examples, practical assessment guidance and differentiated end of topic questions with this Edexcel Year 1 student book - Identifies the level of your students' understanding with diagnostic questions and a summary of prior knowledge at the start of the Year 1 Student Book - Provides support for all 16 required practicals with various activities and questions, along with a 'Practical' chapter covering procedural understanding and key ideas related to measurement - Mathematical skills are integrated throughout with plenty of

worked examples, including notes on methods to help explain the strategies for solving each type of problem - Offers plenty of practice with Test Yourself Questions to help students assess their understanding and measure progress - Encourages further reading and study with short passages of extension material - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries Edexcel A level Chemistry Year 1 Student Book includes AS level Edexcel A2 Chemistry Unit 4, . Rates, Equilibria and Further Organic Chemistry Philip Allan

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit

requirements. This guide offers advice on preparing for the Edexcel Unit 3 and Unit 6 Chemistry Laboratory Skills assessments. The Content Guidance section outlines what you may be asked to do in the internally assessed practicals. The four skills required for A-level practical chemistry are described. Practice examples and worked examples with examiner's comments will help you understand precisely what you have to learn, the skills required and the potential pitfalls. The Questions and Answers section provides examples of the types of experiments and questions that you will be given in Units 3 and 6. It also contains answers to these test questions and to the practice examples.

Workbook* Hodder Education

Exam Board: Edexcel Level: A-level

Subject: Chemistry First Teaching:

September 2015 First Exam: June 2016

Ensure your students get to grips with the core practicals and develop the skills needed to succeed with an in-depth assessment-driven approach that builds and reinforces understanding; clear summaries of practical work with sample questions and answers help to improve exam technique in order to achieve higher grades. Written by experienced teacher and author David Scott, this Student Guide for practical Chemistry: - Help students easily identify what they

need to know with a concise summary of required practical work examined in the A-level specifications. - Consolidate understanding of practical work, methodology, mathematical and other skills out of the laboratory with exam tips and knowledge check questions, with answers in the back of the book. - Provide plenty of opportunities for students to improve exam technique with sample answers, examiners tips and exam-style questions. - Offer support beyond the Student books with coverage of methodologies and generic practical skills not focused on in the textbooks.

**Edexcel A2 Chemistry Unit 4: Rates, Equilibria and Further Organic Chemistry** Hodder Arnold

Perfect for revision, these guides explain the unit requirements, summarise the content and include specimen questions with graded answers. Each full-colour New Edition Student Unit Guide provides ideal preparation for your unit exam: - Feel confident you understand the unit: each guide comprehensively covers the unit content and includes topic summaries, knowledge check questions and a reference index - Get to grips with the exam requirements: the specific skills on which you will be tested are explored and explained - Analyse exam-style questions: graded student responses will help you focus on areas where you can improve your exam technique and performance
