Indian diplomacy, a veteran told Shashi Tharoor many years ago, is like the love-making of an elephant: it is conducted at a very high level, accompanied by much bellowing, and the results are not known for two years. In this lively, informative and insightful work, the award-winning author and parliamentarian brilliantly demonstrates how Indian diplomacy has become sprightlier since then and where it needs to focus in the 21st century. Explaining why foreign policy matters to an India focused on its own domestic transformation, Tharoor surveys the country's major international relationships, evokes its soft power and

global responsibilities, analyses the workings of the Ministry of External Affairs and parliament and assesses the impact of public opinion on government policy. Indeed, Tharoor presents his ideas about a contemporary new grand strategy for the nation, arguing that India must move beyond non-alignment to multi-alignment. This book sets out a clear vision of an India now ready to assume global responsibility in the contemporary world. Pax Indica is another substantial achievement from one of our finest Indian authors.

Writing on Cinema,

Chidananda Dasgupta Memorial Trust Shortlisted, 2022 MSA Book Prize, Modernist Studies Association Longlisted, 2022 Moving Image Book Award, Kraszna-Krausz Foundation The project of Indian art cinema began in the years following independence in 1947, at once evoking the global reach of the term “art film” and speaking to the aspirations of the new nation-state. In this pioneering book, Rochona Majumdar examines key works of Indian art cinema to demonstrate how film emerged as a mode of doing history and that, in so doing, it anticipated some of the most influential insights of postcolonial thought. Majumdar details how filmmakers

as well as a host of film societies and publications sought to foster a new cinematic culture for the new nation, fueled by enthusiasm for a future of progress and development. Good films would help make good citizens: art cinema would not only earn global prestige but also shape discerning individuals capable of exercising aesthetic and political judgment. During the 1960s, however, Satyajit Ray, Mrinal Sen, and Ritwik Ghatak—the leading figures of Indian art cinema—became disillusioned with the belief that film was integral to national development. Instead, Majumdar contends, their works captured the unresolvable contradictions of the

postcolonial present, which pointed toward possible, yet unrealized futures. Analyzing the films of Ray, Sen, and Ghatak, and working through previously unexplored archives of film society publications, Majumdar offers a radical reinterpretation of Indian film history. *Art Cinema and India's Forgotten Futures* offers sweeping new insights into film's relationship with the postcolonial condition and its role in decolonial imaginations of the future.

A thorough and incisive introduction to contemporary India. The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling *India's Struggle for Independence*, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like

party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian

economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move. **Bharat** Bloomsbury Publishing Bharat, Gandhi Ke Bad is the Hindi translated edition of India After Gandhi, which documents the important events and happenings that occurred after India attained independence from British rule in 1947. Generally most the history textbooks on India cover events that from pre-historic

times till the country gained independence from foreign rule, but this one takes the reader into the reality that lies hidden in the recent times. This was the era that has witnessed laying of the foundation of Indian democracy, where the fledging nation has survived several brutal attacks in the name of religion, caste, class and language. Historian Ramachandra Guha digs out a lot of facts and figures to explain the struggle and pain that the world's largest democracy has suffered after independence. He has also mentioned much details about some major protests and conflicts that haunted India after the British administrators left the country. Besides the

negative turn of historical events, the book also records many of the accomplishments that the nation has made which does make every Indian proud. Even after having faced numerous terror attacks, conflicts and controversial issues, the republic of India has survived and remains united post-independence. The book presents some famous personalities in a very different light, when describing their personal and their political lives. Moreover, Guha also does mentions some lesser-known personalities from among tribals, workers and peasants who have played a major role in making India what it is today. The book is a result of

extensive research and the lucid narration makes it an interesting to read that is easy to understand and relate to. Translator Sushant Jha has maintained the original crux of the text in this translated edition and has not attempted to overshadow what the author has actually explained in the original English version. *India After Gandhi*, the English version was picked as the Book of the Year by Outlook and The Economist and it went onto win the 2011 Sahitya Akademi Award. Following the popularity of this book, the author wrote a second volume, which also has a translated called *Bharat: Nehru Ke Baad*. About the author: Columnist, commentator and

writer, Ramachandra Gaa, born in 1958, is one of India's best historians who has documented recent history. Born and brought up in Dehradun, Gaa, a graduate from Delhi University and IIM Calcutta has also taught at Yale, Stanford and University of California. Among the famous books that Gaa has written are: *India after Gandhi*, *The States of Indian Cricket* and *This Fissured Land: An Ecological History of India*.

International Relations Bloomsbury Publishing Following the end of

the Cold War, the economic reforms in the early 1990s, and ensuing impressive growth rates, India has emerged as a leading voice in global affairs, particularly on international economic issues. Its domestic market is fast-growing and India is becoming increasingly important to global geo-strategic calculations, at a time when it has been outperforming many other growing economies, and is the only Asian country with the heft to counterbalance China. Indeed, so much is India defined internationally by its economic performance (and challenges) that other dimensions of its internal situation, notably relevant to security, and of its foreign policy have

been relatively neglected in the existing literature. This handbook presents an innovative, high profile volume, providing an authoritative and accessible examination and critique of Indian foreign policy. The handbook brings together essays from a global team of leading experts in the field to provide a comprehensive study of the various dimensions of Indian foreign policy.
