supported by Extended Fund Facility and Extended Credit Facility Arrangements. Adherence to the policies agreed under the IMF-supported program has played an important role in helping Armenia restore solid growth. The 2011 fiscal deficit was well below program targets, reflecting restrained spending. The deficit is likely to be moderately higher in 2012, but still in line with the program, and with higher expected revenues allowing for increases in priority spending. Decision support systems; management support systems: an overview; decision making, systems, modeling, and support; data management; modeling and model

management; user interface; constructing a decision support system; organizational DSS and advanced topics; enterprise support systems; Group decision support systems; executive information and support systems; fundamentals of artificial intelligence and expert systems; applied artificial intelligence: an overview; fundamentals of expert systems; knowledge acquisition and validation; knowledge representation; inferences, explanations, and uncertainty; building expert systems: process and tools; cutting edge decision support technologies; neural computing: the basics; neural computing

applications, genetic algorithms, and fuzzy logic; integrating and implementation; integrating decision support technologies; Implementing management support systems; organizational and societal impacts of management support systems; appendix and student project.
