The explosion in intellectual capital coincides with a growing understanding of the importance of human capital to the firm. This book examines the

pressing legal issues that arise at the intersections of intellectual property law, employment law, and

The Legal Aspects of Doing Business
Wolters Kluwer

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. *Business Law I Essentials* is a brief introductory textbook designed to meet the scope and sequence requirements of courses

on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

 To meet the increasing demands for transparency and efficiency in the deal process and predictability of legal costs in M&A, this new guidebook contains tools to help M&A lawyers streamline and manage transactions, without overlooking important matters or compromising the quality of their legal services. Complete with practical guidance from veteran M&A practitioners, this valuable resource outlines each step of the M&A process, from "Pre-Deal," "Deal," to "Post-Closing," offering insight to help deal lawyers effectively scope, plan, manage, and execute M&A deals. It contains downloadable checklists, forms, and

tools that lawyers can customize to implement legal project management in their M&A practice.

Managing the Modern Law Firm

Oxford University Press

Legal budgets are shrinking. Clients call for cost control. Finish on time, they plead. Meet business as well as legal needs. Reduce project risk. Be predictable. Do more with less. The emerging field of Legal Project Management offers a powerful new approach. As described in this groundbreaking book, Legal Project Management is not an alien discipline, full of jargon and process overhead. Rather, it's designed for the specific world of legal professionals. It respects the way attorneys work, enhancing their success by playing to their strengths.

Best of all, it's easily mastered by attorneys because it's based on tasks they're already doing. Need to make better decisions and provide accurate information about cost, deadlines, and risks? You need Legal Project Management. Trying to control legal costs? Whether you're in a law firm or in-house, it's time to take advantage of Legal Project Management. Legal Project Management is the essential guide to the subject, with topics arranged so you can easily find the material you need when you need it most. Steven B. Levy, a leading expert in the field, writes with clarity and insight gained from his 35 years of business, project, and legal experience. He shares the lessons of decades of managing and mentoring teams that attained outstanding

outcomes. Overworked legal professionals are already doing it all. Now get it all under control with Legal Project Management.

Symonds & O'Toole on Delaware Limited Liability Companies Gower Publishing, Ltd.

Hailed when it was first published in 1985 as the bible of U.S. collections management, *A Legal Primer on Managing Museum Collections* offers the only comprehensive discussion of the legal questions faced by museums regarding collections. This revised and expanded third edition addresses the many legal developments—including a comprehensive discussion of stolen art and the international movement of cultural property, recent developments in copyright, and the effects of

burgeoning electronic uses—that have occurred during the past twenty-five years. An authoritative, go-to book for any museum professional, *Legal Primer* offers detailed explanations of the law, suggestions for preventing legal problems, and numerous case studies of lawsuits involving museum collections.

We aim to help students learn how "to think like successful business people." *Managing the Law: The Legal Aspects of Doing Business*

This innovative book proposes new theories on how the legal system can be made more comprehensible, usable and empowering for people through the use of design principles. Utilising key case studies and providing real-world examples of legal innovation, the book moves beyond discussion to action. It offers a rich set of examples,

demonstrating how various design methods, including information, service, product and policy design, can be leveraged within research and practice. *Managing Legal Issues in the Hospitality Industry* AuthorHouse

The legal industry has long been risk averse, but when it comes to adapting to the experience-driven world created by companies like Netflix, Uber, and Airbnb, adherence to the old status quo could be the death knell for today's law firms. In *The Client-Centered Law Firm*, Clio cofounder Jack Newton offers a clear-eyed and timely look at how providing a client-centered experience and running an efficient, profitable law firm aren't opposing ideas. With this approach, they drive each other. Covering the what, why, and how of running a client-

centered practice, with examples from law firms leading this revolution as well as practical strategies for implementation, *The Client-Centered Law Firm* is a rallying call to unlock the enormous latent demand in the legal market by providing client-centered experiences, improving internal processes, and raising the bottom line.

FUNDAMENTALS OF LAW OFFICE MANAGEMENT, Fifth Edition delivers the skills and knowledge you need to keep a law office running smoothly. In addition to an overview of the legal industry and the many roles paralegals play, the book takes an in-depth look at how legal environments differ from other businesses, including the ethical issues

you may face. Discussions on law-specific office functions, such as managing the client funds account, timekeeping, docketing, and maintaining a law library help you understand the scope of a legal practice, while chapters on technology, client relations, and billing reveal the business side. Practical and skills-focused, **FUNDAMENTALS OF LAW OFFICE MANAGEMENT**, Fifth Edition provides ample, in-text learning features, such as key words, ethics alerts, side bars, tech tips, and the latest Web references, along with supplemental, online tools for hands-on practice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The fifth edition of LEGAL ASPECTS OF MANAGING TECHNOLOGY guides students through the complex legal issues involved with today's fast-paced, rapidly-changing technology environment. This textbook offers a comprehensive presentation of intellectual property rights and solid coverage of other key topics including ecommerce, privacy, antitrust, and biotechnology. Its goal is not to make readers legal experts; rather it is to allow managers to understand the fundamental legal issues pertinent to technology management so that they can competently create strategic plans in consultation with their attorneys. Regardless of students' majors or future career plans -- be it in business,

management, computer science, engineering, architecture, biology, or law -- this text provides students with the tools they need for understanding, applying, and anticipating fundamental legal issues related to technology.

 This volume examines energy security in a privatized, liberalized, and increasingly global energy market, in which the concept of sustainability has developed together with a higher awareness of environmental issues, but where the

potential for supply disruptions, price fluctuation, and threats to infrastructure safety must also be considered.

The Client-Centered Law Firm DayPack Books

Managing the Florida Condominium is a comprehensive practice manual that will sharpen the skills of any attorney practicing condominium law in Florida. It doubles as an essential legal reference for community association managers, developers, owners, and other non-practitioners concerned with the legal duties and responsibilities of condominium management. Uniquely qualified, author William D. Clark combines a notable career as a practicing attorney and legal educator with extensive day-to-day experience as a manager, director, officer, and legal

advisor to residential condominiums. He provides a clear guide to help you with the everyday situations confronting condominium owners and managers. *Regulating and Managing Food Safety in the EU* Oxford University Press on Demand

The last ten years have been a period of extraordinary change for law firms. The rapid growth of corporate law firms and the emergence of global mega-firms such as Clifford Chance, Linklaters, and Freshfields, have strained the traditional partnership model of management. Some managers of law firms are appalled at the creeping 'corporatism' that they fear may result. However a growing number believe that it is time to move on and adopt more contemporary forms of structure

and management. Successfully meeting the challenges of this new business environment is vital for the continuing prosperity of law firms. Featuring contributions from both management researchers and legal practitioners, *Managing the Modern Law Firm* presents the latest insights from *Management Studies* in an approachable, practical, and relevant manner for lawyers and other professionals involved directly and indirectly with the management of law firms.

Managing the Florida Condominium

American Bar Association

If there was a handbook for members of law firm management, it would be *The First Great Myth of Law Firm Management* is that it Exists. Dealing with the tough topics that managing

partners worry about but many consultants are afraid to tackle, *The First Great Myth* K collects some of Ed Wesemann's most popular articles from publications around the world, including his famous monthly e-mail columns. Some of the topics covered include:

- fa Firing Unprofitable Clients Many firms get so busy pushing hours and rates that they overlook a critical review of their clients as an opportunity to pick some low hanging fruit.]
- fa Ten Terrible Truths About Law Firm Strategic Planning Law firms have trouble implementing strategic plans because it is a flawed process from the beginning.
- fa Valuing Management Law firms aren't really mismanaged V most aren't managed at all. That's what you get when you have volunteers running your business. fa

Taking the Easy Way Out: Non-equity Partnerships Many firms think that by making non-equity partners they have solved their problems with unproductive partners and associate leverage. Wrong!

fa Ten Terrible Truths About Law Firm Compensation Some law firms equate compensation with management as if lawyers were commission based aluminum siding salesmen. It s time to take a new look at the way we pay people.

fa Hitting the Wall: Six Rules to Managing the Mega Practice Most major business developers top out at about \$3 million in annual billings. It s time to help the elite billers manage their practices.

fa Knowledge Management: The Emperor Has No Clothes For most law firms, all of the money and effort spent on knowledge management is a waste of

time. For anyone to benefit from KM, law firms have to change the way they do business.

fa Pricing to the Market Some clients are more price sensitive than others. It is possible to identify the clients who are willing to accept higher rates

Managing the Modern Law Firm
Smithsonian Institution

This book is a follow-up to the comprehensive *Managing Business Disputes in Today's China: Duelling with Dragons* (2007) guide on foreign direct investment disputes that can arise in the course of initiating and operating a Chinese joint venture. Since its inauguration by the Chinese government in 2013, the 'Belt and Road Initiative' (BRI) has included projects in more than

70 countries spanning diverse economic and legal environments. The nature of the BRI coupled with the economic downturn as a result of the COVID-19 pandemic will inevitably generate more challenges than ever. Like its predecessor, this book poses a hypothetical scenario in order to explore the potential issues that may arise from Chinese-foreign business relationships in the BRI context. After setting the scene with the 'Afrina Government's' ill-fated infrastructure project involving Chinese and foreign parties, subsequent chapters provide comprehensive insight on and highlight the following issues that one must consider when dealing with BRI disputes: dispute settlement options; informal dispute settlement approaches; disputes involving Chinese State-Owned

Enterprises; construction and project finance disputes; corruption and bribery; sanctions; environmental issues. This book will provide extensive guidance from seasoned practitioners on the legal and practical issues of disputes that arise from engaging with Chinese companies doing business outside China in the context of BRI projects.

John Wiley & Sons

Hospitality Law: Managing Legal Issues in the Hospitality Industry, Fifth Edition takes an applied approach to the study of hospitality law with its touchstone of compliance and prevention. The book is highly pedagogical and includes many interactive exercises and real world cases that help students focus on the practical application of hospitality laws and model their decision process to

avoid liability. As a result, this book does look different than others on the market as the legal information contained is carefully selected to specifically correlate with helping students understand how to do the right thing, i.e., it is not a comprehensive book on the laws. Barth immediately helps readers learn about the legalities of situations and work through exercises – both individually and in groups -- to effectively apply them to hospitality management situations. Many instructors teach their course from a very applied perspective, which aligns with Barth's approach.

Hospitality Law OUP Oxford
Managing Disputes over Wills and Inheritance provides an authoritative, insiders perspective on best practices for

advising clients during the often emotionally charged process of distributing a deceased's assets. Featuring partners from some of the nation's leading law firms, this book guides the reader through the most common disputes, including unequal division of assets, disinheritance, multiple-marriage scenarios, children from a prior marriage, and the asset titling and beneficiary designations for non-probate assets. With an understanding and appreciation for the unique and fact-specific nature of these cases, these top lawyers reveal their

proven methods for assisting clients with effective estate planning strategies that mitigate ambiguity and calmly guiding beneficiary clients through the probate process. Additionally, these leaders also discuss the importance of preparing for and participating in a Will contest hearing. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts on the keys to success within this complex field.
