**A Route and Planning Guide** Worldrider Publishing & Press  
 Young and beautiful, Lois Pryce was a rising star at the BBC. Unbeknownst to her co-workers, Lois lived a parallel life as a biker babe with an overwhelming sense of wanderlust. So she packed in her career to ride her motorcycle on her own from the northernmost tip of Alaska to the southernmost tip of South America. Alone. Armed only with the Spanish words for 'caution' and 'cheese', Lois was rather under-prepared for multiple bear sightings, bribing her way through borders, spending a night in a Mexican brothel and crashing her bike in the wilds of Patagonia. She most certainly got the adventure she craved, and her pulse-pounding, soul-searching adventure has already attracted fans worldwide - a weblog that she kept whilst on her travels was receiving more than two-thousand hits a day. Her hilarious, brilliantly written travelog will appeal to anyone who's ever dreamt of jacking-it-all-in and running away to see the world. [Race Tech's Motorcycle Suspension Bible](#) Motorbooks  
 Moto-journalist Clement Salvadori has been riding motorcycles

since the age of 15 and traveling all of his life, accumulating well over a million miles in the saddle across more than 70 countries on six continents. No Thru Road covers 30 different trips he has taken, to places like Afghanistan and Zimbabwe, since his first ride through western Europe in 1957. The stories are all original, though the subject may have appeared as a magazine article in a very different rendition. The book will appeal to adventure-travel enthusiasts and to motorcyclists and travelers of all persuasions. Adventurous riders will thoroughly appreciate the book, as in the description of kick-starting a 500cc single - never easy to do - at 17,200 feet in the Tibetan Himalayas. Or going up to Cape Tribulation in Australia's Queensland in 1974 when the only access was via a once-a-week ferry across the Daintree River. Or riding a bike to Pamplona, Spain, in 1960 in order to run with the bulls. Activists who want to get on their motorcycles and ride down into Mexico's Copper Canyon will enjoy the book, as will the arm-chair traveler who is happy reading about traveling from Peru's Great Ica Desert over the Andes Mountains to the Amazon basin. Clement's adventures are arranged so the reader can open the book to any chapter, be it India, Nepal, the Sahara, New Zealand or Viet Nam, and not have to worry about following a thread. Lots of adventures, lots of good reading, lots of photos

and illustrations. This book promises excellent entertainment and a glimpse into life as a moto-journalist.

85 Years of Motorcycling Excellence Bentley Publishers

Have you ever thought of quitting your job, selling your earthly belongings, and chucking the rest to travel the world? Allan Karl did just that. One day after waking up to the realization that his career and home life were not fulfilling. It was time to make a change, but what? Allan looked for a fork in the road of his life as an opportunity to both follow a life-long dream and pursue his passions. He hopped on his motorcycle and traveled around the world. After three years and 62,000 miles of riding, through 35 countries on five continents, he returned home only to set out on another journey--to share the truths he'd uncovered and the lessons learned during his adventure around the world. Between these pages, Allan shares the discoveries, cultures, and connections he made on this global adventure. Through stories, color photos, and the flavors of real, local food, FORKS brings his experience to life and the world to your table: the kindness of strangers, the beauty of humanity, the colors of culture, and the powerful gift of human connection. FORKS brings the world to your table: An around-the-world adventure story. A colorful photo book with more than 700 color photographs. A global cookbook with 40 signature recipes. "Even though I set out on his journey alone, I was never alone. If I were ever lost, lonely, or hungry, I would turn around and always find someone there." The real truth is that it's easy to connect with people--humanity--even in the most challenging situations: like when armed guerillas ordered him into the Colombian jungle at gunpoint, or when he crushed his leg in the middle of nowhere in Bolivia, or how he had to beg the governments of Syria and Sudan to let him across their borders. Every photograph, story, and recipe in this book presents readers with an opportunity to witness new cultures, taste exotic flavors, or journey into dangerous and unknown territories. Every experience is an opportunity to connect with others.

The moufflon, a wild sheep prized for its meat, continues to survive in the remote mountain desert of southern Libya. Only Asouf, a lone bedouin who cherishes the desert and identifies with its creatures, knows exactly where it is to be found. Now he and the moufflon together come under threat from hunters who have already slaughtered the once numerous desert gazelles. The novel combines pertinent ecological issues with a moving portrayal of traditional desert life and of the power of the human spirit to resist.
