Thank you for sticking with Ava and her Five and being part of the adventure! You are cordially invited to Merim to celebrate Earth officially becoming a Federation planet. See you at the Oath Forger's palace!

A Secret History of Poetry and Kitsch University of Illinois Press

Now for the first time, the complete expose of the most daring and successful forgery of all time. For seven days in April 1983, the sensational discovery of Hitler's sixty-two volumes of secret diaries dominated the news headlines of the world. Scholars hailed the diaries as the greatest find of the century, a historical bonanza that would entirely alter our views of Hitler and the Third Reich. Shocked readers followed daily installments showing that Hitler knew nothing about the

Holocaust. Then, in an abrupt reversal, the diaries were proved to be bogus!

The epic conclusion to the Ancient Guardians series will take you on a whirlwind of adventures, twists and turns.

Oath Forger (Book 2) Dragonsteel Entertainment

Drawing from thousands of pages of police reports, court documents, interviews, letters, and diaries, Sillitoe's and Roberts's narrative cuts through the complexities of this famous crime investigation to deliver a gripping, Capote-esque tale. They embrace the details but lay them out systematically as seen through the eyes of the detectives, victims, and the perpetrator. The darkest secrets unravel gradually—allowing the reader fleeting glimpses of the infamous white salamander as it ducks in and out of its fabricator's head. What was the “salamander letter” and why were so many people determined to possess—and to conceal—it? Why was this one of the most unusual cases in American forensic history? A skilled con artist by anyone's assessment,

Mark Hofmann eluded exposure by police and document authenticators—the FBI, Library of Congress, the LDS historical department, and polygraph experts—until George Throckmorton discovered the telltale microscopic alligating that was characteristic of the forgeries. What ensued was a suspense-ridden cat-and-mouse game between seasoned prosecutors and a clever, homicidal criminal. In the end, this story only verifies that some facts are indeed stranger than fiction.

"A Source Book for Mediæval History" by Oliver J. Thatcher, Edgar Holmes McNeal. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A Journal of Literature, Science, the Fine Arts, Music, and the Drama University Press of Kentucky

In 1958, American historian of religion Morton Smith made an astounding discovery in the Mar Saba monastery in Jerusalem. Copied into the back of a seventeenth-century book was a lost letter attributed to Clement of Alexandria (ca. 150-215 CE) that contained excerpts from a longer version of the Gospel of Mark written by Mark himself and circulating in Alexandria, Egypt. More than fifty years after its discovery, the origins of this Secret Gospel of Mark remain contentious. Some consider it an authentic witness to an early form of Mark, perhaps even predating canonical Mark. Some claim it is a medieval or premodern forgery created by a monastic scribe. And others argue it is a forgery created by Morton Smith himself. All these positions are addressed in the papers contained in this volume. Nine North American scholars, internationally recognized for their contributions to the study of Secret Mark, met at York University in Toronto, Canada, in April 2011 to examine recent developments in scholarship on the gospel and the letter in which it is found. Their results represent a substantial step forward in determining the origins of this mysterious and controversial text. List of Contributors: Scott G. Brown Tony Burke Stephen C. Carlson Bruce Chilton Craig A. Evans Paul Foster Charles W. Hedrick Peter Jeffery Allan J. Pantuck Marvin Meyer Hershel Shanks

Book Six of 'The Wheel of Time' Createspace Independent Publishing Platform

The CIA keeps a lot of secrets. None more deadly than him. After a covert mission became personal, the only way elite counterterrorism operative, Alexander King, could keep his loved ones safe, and the eyes of Washington's enemies blind to his existence, was to disappear. A year after his family buried a body they thought was his, King saves a young woman from a car bomb in London, and that's when his work in the shadows becomes complicated. Because she's not who he thinks she is, and the web that King is pulled into is tangled with enemies that reach the highest levels of the United States government. But this web being spun by a sadistic terrorist isn't your average one-time explosive attack. Saajid Hammoud is aiming higher. He isn't trying to cripple the greatest military in the world, he's looking to control it. And owning the presidential candidate with a clear path to the White House gets him all the way to the top. When politics fail, and the might of the world's most powerful nation hangs in the balance, it's secret weapons like Alexander King who scour the alleys and back avenues that often make the difference. Unfortunately, King isn't the only secret in this high stakes game of war. But for the sake of the free world, he sure as hell better be the best. If you couldn't put down Vince Flynn's Mitch Rapp, Lee Child's Jack Reacher, Tom Clancy's Jack Ryan, Brad Thor's Scot Harvath, or David Baldacci's Will Robie, fans of Bradley Wright believe you won't be able to put down the addictive Alexander King.

Praise for international bestselling author Bradley Wright:

★★★★★ "Best new thriller author since Vince Flynn, David Baldacci, and Brad Thor!"★★★★★

"Loved ALL the books. Bradley is one of my favorite writers. When you start the book, it is impossible to put down."★★★★★ "As soon as you start this book, and every other book by Bradley Wright, you are immediately engulfed in nonstop action and suspense!"★★★★★ "King sits alongside Rapp, Reacher, and Harvath as my favorite action-thriller heroes.

A Dark Fantasy Harem Harper Collins

Looks at the life of Dutch painter Hans Van Meegeren, who emerges as an ingenious, dyed-in-the-wool crook who plied the forger's trade far longer than he ever admitted in a detailed story of deceit in the art world.

A Novel Wednesday Books

AN INSTANT NEW YORK TIMES BESTSELLER From New York Times bestselling author Roshani Chokshi comes *The Gilded Wolves*, a novel set in Paris during a time of extraordinary change--one that is full of mystery, decadence, and dangerous desires... No one believes in them. But soon no one will forget them. It's 1889. The city is on the cusp of industry and power, and the Exposition Universelle has breathed new life into the streets and dredged up ancient secrets. Here, no one keeps tabs on dark truths better than treasure-hunter and wealthy hotelier Séverin Montagnet-Alarie. When the elite, ever-powerful Order of Babel coerces him to help them on a mission, Séverin is offered a treasure that he never imagined: his true inheritance. To hunt down the ancient artifact the Order seeks, Séverin calls upon a band of unlikely experts: An engineer with a debt to pay. A historian banished from his home. A dancer with a sinister past. And a brother in arms if not blood. Together, they will join Séverin as he explores the dark, glittering heart of Paris. What they find might change the course of history--but only if they can stay alive.

Apocrypha Symposium Da Capo Press

Still faking being the Oath Forger. Yeah, I know. Stupid. You know what's stupider? Falling for The Five. The five hottest, most powerful rulers in the galaxy all want to be my first. Who am I choosing? I'm not stupid enough to spill that in a blurb!

The Man Who Made Vermeers Amer Antiquarian Society

From #1 New York Times and USA Today bestselling author Maya Banks. Love can help broken spirits soar again

Fakes that Fooled the World Tor Books

Why is the government deliberately destroying all trace of Man's past? Why are the laws of gravity and momentum strangely altered? Why has the world's population continually increased without the predicted eco-crisis taking place? Why is there an international conspiracy to conceal the future of the human race? These are just some of the reality-shattering questions that face Manalane, a brilliant computer scientist, when he tries to find out exactly what has happened to humanity. Manalane, outcast from society, must fight the entire machinery of a ruthless police state to discover the truth. And the truth is an awful, chilling one, that sounds only too real in today's world.

The LDS Church and the Mark Hofmann Case Oath Forger (Book 5) A Reverse Harem Sci-Fi Romance

'Do No Harm' follows a disturbed sociopath and the Emergency Room Chief who becomes not only his prey but his only protector.

My Silver Planet Nia Mars

Three pipe bombs exploded in Salt Lake County in 1985, killing two people. Behind the murders lay a vast forgery scheme aimed at dozens of other victims, most prominently the Church of Jesus Christ of Latter-day Saints. Mark Hofmann, a master forger, went to prison for the murders. He had bilked the church, document dealers, and collectors of hundreds of thousands of dollars over several years while attempting to alter Mormon history. Other false documents of Americana still circulate. The crimes garnered intense media interest, spawning books, TV and radio programs, and myriad newspaper and magazine articles. Victims is a thoughtful corrective to the more sensationalized accounts. More important, Richard Turley adds substantially to the record with previously unavailable church documentation and exclusive interviews with church officials, giving this book greater depth and resonance. He also goes beyond the Hofmann case, illustrating how forgeries have hampered the church's efforts to document its history. Victims includes a complete appendix of every known document the church acquired from Hofmann, reviews of trial transcripts and police reports, as well as dozens of photographs, some never before published. Turley, who gave up the practice of law to become a historian, has managed the delicate task of exposing the myths and complexities of this case with skill and objectivity. His unique access to church documents and personnel, together with his understanding of the legal system and Mormon history, afforded him an unparalleled view of how the case affected the church as well as the many others who were involved. Victims will fascinate anyone who does archival work, who cares about the historical record, or who likes to read compelling mystery.

Victims Nia Mars

" Detecting Forgery reveals the complete arsenal of forensic techniques used to detect forged handwriting and alterations in documents and to identify the authorship of disputed writings. Joe Nickell looks at famous cases such as Clifford Irving's ""autobiography"" of Howard Hughes and the Mormon papers of document dealer Mark Hoffman, as well as cases involving works of art. Detecting Forgery is a fascinating introduction to the growing field of forensic document examination and forgery detection.

Taking its title from John Keats, *My Silver Planet* contends that the problem of elite poetry's relation to popular culture bears the indelible mark of its turbulent incorporation of vernacular poetry—a legacy shaped by nostalgia, contempt, and fraudulence. Daniel Tiffany reactivates and fundamentally redefines the concept of kitsch, freeing it from modernist misapprehension and ridicule, by tracing its origin to poetry's alienation from the emergent category of literature. Tiffany excavates the forgotten history of poetry's relation to kitsch, beginning with the exuberant revival

of archaic (and often spurious) ballads in Britain in the early eighteenth century. In these controversial events of poetic imposture, Tiffany identifies a submerged pact—in opposition to the bourgeois values of literature—between elite and vernacular poetries. Tiffany argues that the ballad revival—the earliest explicit formation of what we now call popular culture—sparked a perilous but seemingly irresistible flirtation (among elite audiences) with poetic forgery that endures today in the ambiguity of the kitsch artifact: Is it real or fake, art or kitsch? He goes on to trace the genealogy of kitsch in texts ranging from nursery rhymes and poetic melodrama to the lyric commodities of Baudelaire. He scrutinizes the fascist "paradise" inscribed in Ezra Pound's *Cantos* as well as the avant-garde poetry of the New York School and its debt to pop and "plastic" art. By exposing and elaborating the historical poetics of kitsch, *My Silver Planet* transforms our sense of kitsch as a category of material culture.

Selected Documents illustrating the History of Europe in the Middle Age Nia Mars

I'm a scavenger. So what? With society's collapse on Earth, I do what I have to for survival.

Especially after I'm kidnapped by space pirates. I have no idea why the five most powerful rulers in the universe decide that I'm the Oath Forger, the one foretold to fuse their royal houses together and bring peace. But I'm going to play along. Because, hey, it's better than probes in uncomfortable places. Now let's just hope they don't find out I'm lying. Excerpt: My attention is glued to the man who sits straight ahead, on a platform of his own, above all others. He's larger than the largest man I had ever seen on Earth. His shoulders are twice as wide as mine. He is wearing a body-hugging suit, a dark blue space material that absorbs light. His muscle definition is... Clearly visible, even from as far away as where I'm standing. Hair the color of indigo spills down to the middle of his back, the kind of hair they used to call a lion's mane on Earth. Straight nose, a jaw that looks like it had been cut from granite. But it's the eyes that render me unable to breathe. His eye color matches his hair, and his gaze is locked on mine. And—here is the weird part—I can feel him in the room. I could almost swear I can hear his heartbeat. My awareness of him is... unearthly. Oh God, I'm cracking. The stress of the abduction has done me in. Next, I will be crying in a heap on the floor like Dee. Krek Koah stands, a fierce expression on his face. The buzz in the room immediately dies. Every single person falls silent. All attention is on him. Without moving his gaze from mine, he says, "I need this room cleared." Here is where I'm seriously glad for the translator in my neck—even with the killer headache I feel coming—because if I didn't understand what he said, I would think it was 'Off with their heads.' And I'm pretty sure I would pee my pants. People file for the exits, no questions, no protest. I'm ready to go. I'm backing away already. "Not you," Krek Koah pronounces, looking straight at me.

Or, the Laws of England in Their Natural Order, According to Common Use. ... In Four Books. By Thomas Wood, ... The Ninth Edition, Revised, Corrected, and Enlarged by Considerable Additions from the New Reports and Manuscript Cases, a Also from the Statutes, ... by a Barrister at Law Nia Mars

The "Oath of a free man" was originally printed by Stephen Daye (1611-1688) on his own press, believed to be the first to be established in America, in 1639, in Boston, Mass. No copies have been discovered to have survived, and numerous forgeries and facsimiles have been attempted over the centuries.

Oath Forger (Book 3) Good Press

There's a saying on Earth: "Fake it till you make it." Sadly, I'm no longer on Earth. My motto is: "Fake it till you get caught." I'm trying to settle into being the Oath Forger, trying to resist the advances of the five most powerful kings in the galaxy (it's going about as well as you'd think), expecting my lies to catch up with me at any second. Except, the freaking space pirates catch up with me first.
