Aliens: Salvation Dark Horse Comics

The Covenant mission is the most ambitious endeavor in the history of Weyland-Yutani. A ship bound for Origae-6, carrying two thousand colonists beyond the limits of known space, this is make-or-break investment for the corporation—and for the future of all mankind. Yet there are those who would die to stop the mission. As the colony ship hovers in Earth orbit, several violent events reveal a deadly conspiracy to sabotage the launch. While Captain Jacob Branson and his wife Daniels complete their preparations, security chief Daniel Lopé recruits the final key member of his team. Together they seek to stop the perpetrators before the ship and its passengers can be destroyed. An original novel by the acclaimed ALAN DEAN FOSTER, author of the groundbreaking Alien novelization, *Origins* is the official chronicle of the events that led up to *Alien: Covenant*. It also reveals the world the colonists left behind.

 'This extraordinarily lucid book demonstrates that women from all walks of life get the short end of the stick because of their gender. From welfare mothers to corporate executives, Albelda and Tilly show and why the powers-that-be benefit from scapegoating and marginalizing women.' Professor Mimi Abramowitz, author, *Regulating the Lives of Women* A cogent analysis of the economic and social realities for women in the United States, across class lines. In an age when the right wing manipulates the dialogue around women's issues to separate middle- and upper-class women from their poorer sisters this book's facts, figures, and analysis provide a much needed antidote.

Named to the 2020 Hal Clement list and the 2020 ALA Rainbow List An original young adult novel of the Alien universe Olivia and her twin sister Viola have been dragged around the universe for as long as they can remember. Their parents, both xenobiologists, are always in high demand for their research into obscure alien biology. Just settled on a new colony world, they discover an alien threat unlike anything they've ever seen. And suddenly the sisters' world is ripped apart. On the run from terrifying aliens, Olivia's knowledge of xenobiology and determination to protect her sister are her only weapons as the colony collapses into chaos. But then a shocking family secret bursts open—one that's as horrifying to Olivia as the aliens surrounding them. The creatures infiltrate the rich wildlife on this untouched colony world—and quickly start adapting. Olivia's going to have to adapt, too, if she's going to survive... An Imprint Book "An electrifying adventure ... Olivia and Kora are smart, strong young women, and their romance, born in the midst of unspeakable horror, is believable. ... A worthy and terrifying addition to a classic sci-fi/horror franchise." —Kirkus Reviews "Mira Grant blends gritty science fiction, complex characters, and nail-biting horror in *Alien: Echo!* A spellbinding novel of courage and terror." —Jonathan Maberry, New York Times–bestselling author of *Broken Lands* and editor of *Aliens: Bug Hunt*

Dr. Timothy Hoenikker arrives on Pala Station, a Weyland-Yutani facility. Lured there by the promise of alien artifacts, instead, he finds a warped bureaucracy and staff of misfits testing the effects of Xenomorph bio-materials on living creatures. Unbeknownst to the personnel, however, there is an infiltrator among them whose actions could spell disaster. Also on staff is Victor Rawlings, a former marine who gathers together other veterans to prepare for the worst. As Pala Station receives a delivery of alien eggs, the experiments spin out of control, and only the former Colonial Marines stand between the humans and certain death. © 2021 20th Century Studios.

The Weyland-Yutani Report Titan Books (US, CA)

In the vein of Randall Munroe's What If? meets Brian Green's Elegant Universe, a senior writer from Space.com leads readers on a wild ride of exploration into the final frontier, investigating what's really "out there." We've all asked ourselves the question. It's impossible to look up at the stars and NOT think about it: Are we alone in the universe? Books, movies and television shows proliferate that attempt to answer this question and explore it. In OUT THERE Space.com senior writer Dr. Michael Wall treats that question as merely the beginning, touching off a wild ride of exploration into the final frontier. He considers, for instance, the myriad of questions that would arise once we do discover life beyond Earth (an eventuality which, top NASA officials told Wall, is only drawing closer). What would the first aliens we meet look like? Would they be little green men or mere microbes? Would they be found on a planet in our own solar system or orbiting a star far, far away? Would they intend to harm us, and if so, how might they do it? And might they already have visited? OUT THERE is arranged in a simple question-and-answer format. The

answers are delivered in Dr. Wall's informal but informative style, which mixes in a healthy dose of humor and pop culture to make big ideas easier to swallow. Dr. Wall covers questions far beyond alien life, venturing into astronomy, physics, and the practical realities of what long-term life might be like for we mere humans in outer space, such as the idea of lunar colonies, and even economic implications. Dr. Wall also shares the insights of some of the leading lights in space exploration today, and shows how the next space age might be brighter than ever.

An Original Young Adult Novel of the Alien Universe A&C Black

The Believer is the weird and chilling true story of Dr. John Mack. This eminent Harvard psychiatrist and Pulitzer Prize-winning biographer risked his career to investigate the phenomenon of human encounters with aliens and to give credibility to the stupefying tales shared by people who were utterly convinced they had happened. Nothing in Mack's four decades of psychiatry had prepared him for the otherworldly accounts of a cross-section of humanity including young children who reported being taken against their wills by alien beings. Over the course of his career his interest in alien abduction grew from curiosity to wonder, ultimately developing into a limitless, unwavering passion. Based on exclusive access to Mack's archives, journals, and psychiatric notes and interviews with his family and closest associates, *The Believer* reveals the life and work of a man who explored the deepest of scientific conundrums and further leads us to the hidden dimensions and alternate realities that captivated Mack until the end of his life.

The Chinese Must Go Titan Books (US, CA)

Predator ships stream into human space in unprecedented numbers. The Colonial Marines, controlled by Weyland-Yutani, respond to the incursion, thus entering the Rage War. This terrifying assault by the Yautja cannot go unchallenged, yet the cost of combat is high. Predators are master combatants, and

each encounter yields a high body count. Then when Lt. Johnny Mains and his marines—the VoidLarks—enter the fray, they discover an enemy deadlier than any could imagine. Book one in an epic trilogy that continues in ALIEN: INVASION and concludes in ALIENS VS. PREDATOR: ARMAGEDDON. The universe will forever be changed.

Predator - Incursion Moonclipse

The critically acclaimed author of *Alien: The Cold Forge* takes readers to a rogue colony where terror lurks in the tunnels of an abandoned Weyland-Yutani complex. "Shy" Hunt and the tech team from McAllen Integrations thought they'd have an easy job--set up environmental systems for the brand new Hasanova Data Solutions colony, built on the abandoned ruins of a complex known as "Charybdis." There are just two problems: the colony belongs to the Iranian state, so diplomacy is strained at best, and the complex is located above a series of hidden caves that contain deadly secrets. When a bizarre ship lands on a nearby island, one of the workers is attacked by a taloned creature, and trust evaporates between the Iranians and Americans. The McAllen Integrations crew are imprisoned, accused as spies, but manage to send out a distress signal... to the Colonial Marines. *Alien: Into Charybdis* TM & © 2019 Twentieth Century Fox Film Corporation. The Making of Lt. Ellen Ripley Titan Books

An omnibus edition of Alan Dean Foster's Alien science-fiction trilogy. As the spaceship *Nostromo* glided through the silent reaches of the galaxy, the ship's scanners detected a garbled distress call from a remote and long dead planet. But all the technology on board could not protect the ship's crew from the living nightmare they found there. It was a terror that stalked Ripley, the only survivor of *Nostromo*, and came to haunt her again and again... Read the horrors of ALIEN and you won't believe that Ripley returned, with a team of death-dealing Marines, right back into the jaws of a threat too monstrous to contemplate. After the slaughter that was ALIENS, Ripley finds herself on a prison planet worse than anyone's imagined hell. But the nightmare of ALIEN 3 was only just beginning...
