Gun Trader's Guide - Forty-Fourth Edition Dbi Books

Now available in one special set, the bestselling must-have reference book and one-stop guide to buying new and collectible firearms. Previously published as two separate reference guides, Skyhorse Publishing is packaging its bestselling Shooter's Bible and Gun Trader's Guide together for the first time. Now, gun enthusiasts can see the specs and photos of brand-new and currently produced firearms as well as information and market prices for collectible firearms with one purchase. Published annually for more than eighty years, the Shooter's Bible is the most comprehensive and sought-after reference guide for new firearms and their specifications, as well as for thousands of guns that have been in production and are currently on the market. The 108th edition also contains new and existing product sections on ammunition, optics, and accessories, plus updated handgun and rifle ballistic tables and extensive charts of currently available bullets

and projectiles for handloading. For more than half a century, the Gun Trader's Guide has been the standard reference for collectors, curators, dealers, shooters, and gun enthusiasts. Updated annually, this thirty-eighth edition boasts dozens of new entries since last year's edition and includes a complete index and a guide on how to properly and effectively use this book in order to find the market value for your collectible modern firearm. No matter what kind of modern firearm you are interested in, the Shooter's Bible and Gun Trader's Guide Box Set is the perfect all-in-one source of information.

Shooter's Bible - 114th Edition Simon and Schuster

The Gun Digest Book of Exploded Gun Drawings is the definitive one-volume resource for collectors, gunsmiths and hobbyists, with hundreds of updated listings for modern and vintage handguns, rifles and shotguns. More than 1000 line drawings of disassembled guns are presented, with parts identified by number and a key to those numbers. This collection of "exploded guns" is the perfect aid to anyone looking to identify and order replacement parts, or take a gun apart for cleaning and simple repair, a must-have for gunsmiths, shooters and law enforcement officials. In

addition to the detailed, easy-to-understand drawings of long guns and handguns of all types, this book features a resource section containing contact information for buying gun parts and supplies. The Gun Digest Book of Exploded Gun Drawings is sure to become a must-have for gunsmiths, shooters and law enforcement officials.

Shooter's Bible, 101st Edition Simon and Schuster

Discusses grips, calibers, loads, and the care and fitting of a holster, and looks at the keys to the fast draw and successful gunfighting

Shooter's Bible, 105th Edition Simon and Schuster

With the author's unprecedented access to historical images and information, and as the first book of its kind written in English, Gun Digest Book of CZ will be the go-to resource for everything there is to know about CZ firearms. Triggered by the fall of communism and reorganization of the previously state-owned company, CZ (Ceska zbrojovka) firearms are becoming increasingly popular with American shooters as more people learn about them. With the author's unprecedented access to historical images and information, and as the first book of its kind written

in English, Gun Digest Book of CZ is the go-to resource for everything there is to know about CZ firearms. The Czech Republic is one of the oldest makers of firearms. Some of the earliest guns (Middle ages) come from this region. CZ as a gun maker has been around for nearly a century as a communist state owned entity, but is new in the sense that it re-organized into its current form after the fall of communism. While "new" to American shooters, CZ has a reputation around the rest of the world as a high quality, dependable firearm. The audience for this book includes the exploding market of CZ enthusiasts and collectors and anyone interested in these iconic firearms. The book offers insights for the modern shooter, as well as anyone interested in historic firearms and manufacturers.

When it comes to writing weapons, most authors shoot from the hip--and miss. The Writer's Guide to Weapons will help you hit your target every time. Firearms and knives have starring roles in a wide range of genres--crime, thriller, war, mystery, Western, and more. Unfortunately, many depictions of weapons in novels and film are pure fiction. Knowing the difference between a shotgun and a slug, a pistol and a revolver, or a switchblade and a butterfly knife is essential for imbuing your story with authenticity--and gaining popularity with discerning readers. Inside you'll find: • An in-depth look at the basics of firearms and knives: how they work, why they work, what they look like, and how to depict them accurately in your stories. • The biggest weapons myths in fiction, TV, and film. • A surefire guide for choosing the correct weapon for your characters, no matter their skill level, strength, or background. • A review of major gun and knife laws, weapons

safety tips, and common police tactics. • "The Hit List," showcasing the most popular weapons for spies, detectives, gunslingers, gangsters, military characters, and more. • Examples highlighting

inaccurate vs. accurate weapons depictions. • An insightful foreword by David Morrell, the award-winning creator of Rambo. Equal parts accessible, humorous, and practical, The Writer's Guide to

Weapons is the one resource you need to incorporate firearms and knives into your fiction like a seasoned professional.
