WEAVER KENDALL

The Knowledge Gap Arena Press

The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

Communicative Fluency Activities for Language Teaching Christopher-Gordon Pub
 Packed with research-based strategies for use with RTI, this resource covers brain-compatible reading instruction for students with learning disabilities or reading difficulties.

Reinforcing the Threads of Reading Routledge

It's simple: If children don't understand what they read, they will never embrace reading. And that limits what they can learn while in school. This fact frightens parents, worries teachers, and ultimately hurts children. *7 Keys to Comprehension* is the result of cutting-edge research. It gives parents and teachers--those who aren't already using this valuable program--practical, thoughtful advice about the seven simple thinking strategies that proficient readers use: • Connecting reading to their background knowledge • Creating sensory images • Asking questions • Drawing inferences • Determining what's important • Synthesizing ideas • Solving problems Easily understood, easily applied, and proven successful, this essential educational tool helps parents and teachers to turn reading into a fun and rewarding adventure.

Reading Strategies for Fiction Corwin Press

Explicit instruction is systematic, direct, engaging, and success oriented--and has been shown to promote achievement for all students. This highly practical and accessible resource gives special and general education teachers the tools to implement explicit instruction in any grade level or content area. The authors are leading experts who provide clear guidelines for identifying key concepts, skills, and routines to teach; designing and delivering effective lessons; and giving students opportunities to practice and master new material. Sample lesson plans, lively examples, and reproducible checklists and teacher worksheets enhance the utility of the volume. Purchasers can also download and print the reproducible materials for repeated use. Video clips demonstrating the approach in real classrooms are available at the authors' website: www.explicitinstruction.org. See also related DVDs from Anita Archer: *Golden Principles of Explicit Instruction*; *Active Participation: Getting Them All Engaged, Elementary Level*; and *Active Participation: Getting Them*

All Engaged, Secondary Level

Teaching Reading in Middle School Guilford Press

Effective Reading Strategies: Teaching Children Who Find Reading Difficult, Third Edition, offers the teaching community a wealth of instructional strategies and activities. This book is aimed at strengthening and developing the reading skills of children who find the subject hard to grasp, including those for whom English is a second language. The broad-based remedial and corrective reading instruction focuses on several areas: phonemic awareness, decoding, fluency, vocabulary, and comprehension. Teachers can combine and modify the various reading strategies and activities to fit their current curricula. Other features of this book: A clear focus on scientifically based research, including summaries of the National Reading Panel's findings and compliance strategies for the Elementary and Secondary Education Act ("No Child Left Behind"). Professional commentary-Real teachers' opinions and classroom experiences interwoven with the strategies and activities illustrating their application in today's classrooms. High-Frequency Words-Appendix O provides a listing of common words for instructional focus.

A Practical Classroom Guide Prentice Hall

Packed with research-based strategies for use with RTI, this resource covers brain-compatible reading instruction for students with learning disabilities or reading difficulties.

Online Reading Comprehension Strategies Among General and Special Education Elementary and Middle School Students Wallbuilders Press

Life Lessons That Taught Me How to Be a Better Teacher Teacher Created Materials

With hit books that support strategic reading through conferring, small groups, and assessment, Jen Serravallo gets emails almost daily asking, "Isn't there a book of the strategies themselves?" Now there is. "Strategies make the often invisible work of reading actionable and visible," Jen writes. In *The Reading Strategies Book*, she collects 300 strategies to share with readers in support of thirteen goals--everything from fluency to literary analysis. Each strategy is cross-linked to skills, genres, and Fountas & Pinnell reading levels to give you just-right teaching, just in time. With Jen's help you'll: develop goals for every reader give students step-by-step strategies for skilled reading guide readers with prompts aligned to the strategies adjust instruction to meet individual needs with Jen's Teaching Tips craft demonstrations and explanations with her Lesson Language learn more with Hat Tips to the work of influential teacher-authors. Whether you use readers workshop, Daily 5/CAFE, guided reading, balanced reading, a core reading program, whole-class novels, or any other approach, *The Reading Strategies Book* will complement and extend your teaching. Rely on it to plan and implement goal-directed, differentiated instruction for individuals, small groups, and whole classes. "We offer strategies to readers to put the work in doable terms for those who are still practicing," writes Jen Serravallo. "The goal is not that they can do the steps of the strategy but that they become more comfortable and competent with a new skill." With *The Reading Strategies Book*, you'll have ways to help your readers make progress every day.

Keep Talking Prentice Hall

An early American textbook for beginning readers, that includes a rhyming alphabet, Bible questions, and Shorter Catechism, with original woodcut illustrations.

Seven Sensible Reading Strategies for Elementary Students Stenhouse Publishers

Organized for easy use by classroom teachers and reading specialists, this valuable resource presents strategies for teaching the skills students must master to become competent readers. Its

practical explanations help readers understand more fully each aspect of the reading process and the importance of each skill to be taught. In addition, the book offers a wide variety of techniques and activities teachers can use to teach and reinforce key skills while encouraging students to enjoy the process. Each chapter presents a specific aspect of reading in five sections: describing the skill, identifying the skill need, teaching the skill through techniques and activities, and short, easy-to-use "activities to go". The imaginative techniques and activities are designed to develop skills and provide practice, and include the creative use of books and newspapers, audio tapes, game cards, board games, puzzles, and more. Many illustrations and diagrams are included to help teachers implement the techniques in their classrooms. Elementary school teachers. A Longwood Professional Book.

Elementary Reading Scholastic Inc.

A gorgeous picture book that tells a whimsical origin story of the phases of the moon, from award-winning, bestselling author-illustrator Grace Lin Pat, pat, pat... Little Star's soft feet tiptoed to the Big

Mooncake. Little Star loves the delicious Mooncake that she bakes with her mama. But she's not supposed to eat any yet! What happens when she can't resist a nibble? In this stunning picture book that shines as bright as the stars in the sky, Newbery Honor author Grace Lin creates a heartwarming original story that explains phases of the moon.

Improved for the More Easy Attaining the True Reading of English : to which is Added The Assembly of Divines, and Mr. Cotton's Catechism John Wiley & Sons

In this new edition of their groundbreaking book *Strategies That Work*, Stephanie Harvey and Anne Goudvis share the work and thinking they've done since the second edition came out a decade ago and offer new perspectives on how to explicitly teach thinking strategies so that students become engaged, thoughtful, independent readers. Thirty new lessons and new and revised chapters shine a light on children's thinking, curiosity, and questions. Steph and Anne tackle close reading, close listening, text complexity, and critical thinking in a new chapter on building knowledge through thinking-intensive reading and learning. Other fully revised chapters focus on digital reading, strategies for integrating comprehension and technology, and comprehension across the curriculum. The new edition is organized around three sections: Part I provides readers with a solid introduction to reading comprehension instruction, including the principles that guide practice, suggestions for text selection, and a review of recent research that underlies comprehension instruction. Part II contains lessons to put these principles into practice for all areas of reading comprehension. Part III shows you how to integrate comprehension instruction across the curriculum and the school day, particularly in science and social studies. Updated bibliographies, including the popular "Great Books for Teaching Content," are accessible online. Since the first publication of *Strategies That Work*, more than a million teachers have benefited from Steph and Anne's practical advice on creating classrooms that are incubators for deep thought. This third edition is a must-have resource for a generation of new teachers--and a welcome refresher for those with dog-eared copies of this timeless guide to teaching comprehension.

Collaborative Strategic Reading John Wiley & Sons

The Common Core State Standards encourage teachers to use close reading as a means to help students access complex text. Many literacy experts believe close reading has the power to create strong, independent readers. But what does that really mean, and how does it work in the classroom? This book is your must-have guide to getting started! It provides step-by-step strategies and scaffolds for teaching close reading and improving students' comprehension of complex texts. You will learn how to teach close reading based on text type, how to transition students through increasingly challenging texts, and how to use close reading as a springboard for close writes and close talks. Special Features: • An easy-to-use framework for creating a close reading lesson • Close reading strategies for a variety of literary and informational subgenres • Ideas for teaching close reading to meet specific comprehension objectives based on the Common Core, including analyzing text structure and evaluating argument • Suggestions for helping students read with increased levels of rigor • A clear explanation of what text complexity really means and how it varies by student • Scaffolds to help students at all ability levels do a close reading • Guidelines and procedures for close talks—purposeful, focused discussions about text • Procedures for close writes that vary based on genre and student ability level In addition, each chapter includes study guide questions to help you apply the ideas in the book to your own classroom. With this practical book, you will have all the tools you need to make close reading a reality!

A Survival Guide for the First Year and Beyond Corwin Press

"This workbook will introduce your child to grade one vocabulary and reading comprehension exercises in a step-by-step manner"--Cover [p. 1].
