Western culture has a long and fraught history of cultural appropriation, a history that has particular resonance within performance practice. Patrice Pavis asks what is at stake politically and aesthetically when cultures meet at the crossroads of theatre.? A series of major recent productions are analysed, including Peter Brook's Mahabharata, Cixous/Mnouchkine's Indiande, and Barba's Faust. These focus discussions on translation, appropriation, adaptation, cultural misunderstanding, and theatrical exploration. Never losing sight of the theatrical experience, Pavis confronts problems of colonialism, anthropology, and ethnography. This signals a radical movement away from the director and the word, towards the complex relationship between performance, performer, and spectator. Despite the problematic

politics of cultural exchange in the theatre, interculturalism is not a one-sided process. Using the metaphor of the hourglass to discuss the transfer between source and target culture, Pavis asks what happens when the hourglass is turned upside down, when the `foreign' culture speaks for itself.

The Price of Sin Deep Vellum Publishing
From the New York Times Bestselling Author. Can God be revived in a skeptical age? What

would it take to give people a spiritual life more powerful than anything in the past? Deepak Chopra tackles these issues with eloquence and insight in this book. He proposes that God lies at the source of human awareness. Therefore, any person can find the God within that transforms everyday life. God is in trouble. The rise of the militant atheist movement spearheaded by Richard Dawkins signifies, to many, that the deity is an outmoded myth in the modern world. Deepak Chopra passionately disagrees, seeing the present moment as the perfect time for making spirituality what it really should be: reliable knowledge about higher reality. Outlining a path to God that turns unbelief into the first step of awakening, Deepak shows us that a crisis of faith is like the fire we must pass through on the way to power, truth, and love. "Faith must be saved for everyone's sake," he writes. "From faith springs a passion for the eternal, which is even stronger than love. Many of us have lost that passion or have never known it." In any age, faith is a cry from the heart. God is the

higher consciousness that responds to the cry. "By itself, faith can't deliver God, but it does something more timely: It makes God possible." For three decades, Deepak Chopra has inspired millions with his profound writing and teaching. With *The Future of God*, he invites us on a journey of the spirit, providing a practical path to understanding God and our own place in the universe. Now, is a moment of reinvigoration, he argues. Now is moment of renewal. Now is the future.

Exiled to Siberia In June 1942, the Rudomin family is arrested by the Russians. They are "capitalists -- enemies of the people." Forced from their home and friends in Vilna, Poland, they are herded into crowded cattle cars. Their destination: the endless steppe of Siberia. For five years, Ester and her family live in exile, weeding potato fields and working in the mines, struggling for enough food and clothing to stay alive. Only the strength of family sustains them and gives them hope for the future.

The second edition of this pathbreaking, highly innovative comparative study in state-building by a major political scientist is a fully updated examination of the problems of making democratic government work. He concludes with a detailed proposal for a new type of government: alternating

presidentialism. This meets the need for strong parliamentary control and efficient government, with safeguards against both parliamentary obstructionism and government by decree, and so could help to avoid political paralysis in Latin America, in the post-communist countries of Europe and in countries with dysfunctional parliamentary systems such as Italy and Israel. Occult Crime Routledge A deftly written novel brimming with magical realist touches, *The Feline Plague* tells the story of Ira, a Slovenian child who discovers early the cruelty of the adult world—particularly the mistreatment of animals. Ira struggles to reconcile her life with a world in which people are small-minded, the chances for happiness are few, and petty tyrants rule. She takes a job with The Lady, a capitalist entrepreneur who runs the Ark, a pet emporium where she expects "pets will become the new jewelry." Ira careens into adulthood alongside a fairy-tale cast: her evil mother and sisters, a benevolent grandmother, best friend and alter ego Felipe, a blind painter who moonlights as a window

dresser, and a pair of twins so identical their employer thinks they're one person. Acclaimed novelist Maja Novak masterfully conjures a series of vivid tableaux, setting Ira loose in a world where miniature wooden animals come to life—where jealousy, dreams, and realities unfold as Ira's rite of passage parallels the backdrop of communism's dying days and capitalism's shaky start. *Adam Smith's Moral and Political Philosophy* Exhibit A

"Erica Garza has written a riveting, can't-look-away memoir of a life lived hardcore...In an era when predatory male sexual behavior has finally become a topic of urgent national discourse...Getting Off makes for a wild, timely read" (Elle). A fixation on porn and orgasm, strings of failed relationships and serial hook-ups with strangers, inevitable blackouts to blunt the shame—these are not things we often hear women share publicly, and not with the candor, eloquence, and introspection Erica Garza brings to Getting Off. What sets this courageous and riveting account apart from your typical misery

memoir is the absence of any precipitating trauma beyond the garden variety of hurt we've all had to endure in simply becoming a person—reckoning with family, learning to be social, integrating what it means to be sexual. Whatever tenor of violence or abuse Erica's life took on through her behavior was of her own making, fueled by fear, guilt, self-loathing, self-pity, loneliness, and the hopelessness those feelings brought on as she runs from one side of the world to the other in an effort to break her habits—from East Los Angeles to Hawaii and Southeast Asia, through the brothels of Bangkok and the yoga studios of Bali to disappointing stabs at therapy and twelve-steps back home. In these remarkable pages, Garza draws an evocative, studied portrait of the anxiety that fuels her obsessions, as well as the exhilaration and hope she begins to feel when she suspects she might be free of them. Getting Off offers a brave and necessary voice to our evolving conversations about addiction and the impact that internet culture has had on us all—"a profoundly

genuine, gripping story that any reader can appreciate" (Vice). "In reading Garza's insight into her own experiences, we better understand ourselves" (The New York Times Book Review). Late for the Wedding Harper Collins

Sex and the Single Aspie Hal Leonard Corporation

New York Times bestselling author Amanda Quick returns with a thrilling new venture into romance and mystery, featuring the most unusual, highly compatible--undeniably combustible--pairing of Tobias March and his mesmerizing partner, Lavinia Lake. An invitation to a country house party at Beaumont Castle provides a perfect solution to Tobias and Lavinia's most exasperating challenge: how to escape the chaos of London for a remote, relaxing--and above all romantic--retreat from prying eyes and wagging tongues. But the lovers'

plans are foiled when their first cozy interlude of the weekend is disrupted by the appearance of a stunning woman from Tobias's past. Aspasia Gray's beauty is as haunting as her connection to Tobias. Her long-deceased fiancé was a friend of his--in addition to being an eccentric assassin. The mysterious nature of the bond between Tobias and Aspasia makes Lavinia more than a little uncomfortable. Especially as her first encounter with Aspasia occurs when she finds her in Tobias's bedchamber... It seems Aspasia is seeking protection--and solace--after receiving an ominous message that eerily recalls the past. Suddenly the obstacles standing between Tobias and Lavinia appear greater than just a little London gossip--and far more deadly. When events at the castle suggest someone is imitating the dead killer's methods, the team of Lake and March fervently pursue the investigation--and each other--as their leads take them from Society's most elegant haunts--and most discreet hideaways--to London's shadiest backstreets. As their relationship heats up, so

does the intrigue. Soon Lavinia will have to employ all her talents to flummox the scoundrel who so rudely interrupted her rendezvous. And then she and Tobias can get back to more pleasurable affairs.

If only you knew then what you know now . . . Imagine if you could go back ten years and meet your younger self - would you recognise her? And what advice would you give? Wear sunscreen! Alexandra Potter's deliciously funny and enchanting romantic comedy looks at life, love and what might happen if you could turn back time. *No One to Trust* Wiley "The meaning of life is the most urgent of questions," said the existentialist thinker Albert Camus. And no less a philosopher than Woody Allen has

wondered:"How is it possible to find meaning in a finite world, given my waist and shirt size?" "Movies and the Meaning of Life" looks at popular and cult movies, examining their assumptions and insights on meaning-of-life questions: What is reality and how can I know it? (The Truman Show, Contact, Waking Life); How do I find myself and my true identity? (Fight Club, Being John Malkovich, Boys Don't Cry, Memento); How do I find meaning from my interactions with others? (Pulp Fiction, Shadowlands, Chasing Amy); What is the chief purpose in life? (American Beauty, Life is Beautiful, The Shawshank Redemption); and How ought I live my life? (Pleasantville, Spiderman, Minority Report, Groundhog Day). **A History of the Other Woman** Harper Collins Eureen, Tracey, Deja, and Jasmine are all looking for relationships that are based on strong moral values--despite their own less than moral lifestyles. Faithfully married but severely sexually frustrated, Eureen would do anything to catch her husband's eye again and reignite bedroom flames.

She can't remember the last time they had sex, but when her husband suddenly passes away, she quickly finds a way to make up for lost time. A teasingly tight skirt and an extra wiggle is all Deja needs to stop Garnell's eyes from roaming to various single women in her church and focus his attention on her. In her mind, his skill level between the sheets far outweighs his criminal past. Corporate executive Jasmine is determined to turn her unemployed mama's boy of a husband into a real man, if her mother-in-law Cyreese doesn't destroy their marriage first. Tracey vows that nobody will enjoy the pleasures of her body again until she says "I do." Well, at least nobody will know about it. On their quest for love, these women will find out that sin comes with a price. Is it one they can afford?

Written when he was only twenty-five, before embarking on the masterpieces that would make him an integral figure in twentieth-century letters, Psalm 44 shows Kiš at his most lyrical and unguarded, demonstrating that even in "the place of dragons . . . covered with the shadow of death," there can still be poetry. Featuring characters based on actual inmates and warders—including the abominable Dr.

Mengele—Psalm 44 is a baring of many of the themes, patterns, and preoccupations Kiš would return to in future, albeit never with the same starkness or immediacy.
