"THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal

Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life."--Ismail Kadare, Albanian writer.

Essay from the year 2020 in the subject Politics - Topic: International relations, grade: 1, , course: Politic, language: English, abstract: The American

foreign policy engagement on the Kosovo issue begins with the American Congressman Joseph DioGuardi since 1985, who succeeds in convincing congressional colleagues that the regime of Slobodan Milosevic exercises violence against the Albanian population in Kosovo. From the congressmen initially, the issue was dealt with as a violation of human rights and democratic negotiation. President Bush warns Slobodan Milosevic of using force in the event of a Kosovo conflict. The Dayton Accords set aside the Kosovo issue. This agreement obliges Kosovo Albanians to form the KLA as the only factor to protect from Serbian military, paramilitary, and police violence that exerts continuous violence and genocide against the Kosovo Albanian population. American foreign policy in coordination with the European community urgently seeks a peaceful conference between the parties to the conflict. Despite the organized peace conference, opposing sides do not reach an agreement between themselves and the international community convinces the Kosovar side to sign the deal and take military action against the Serbian army. The Rambouillet conference in France was organized by US President Bill Clinton and Secretary of State Madeleine Albright. This attitude of American politics is proved by the agreement reached with the Albanian side and the NATO intervention in Kosovo. The failure of the US missionary Richard Holbrooke to convince Slobodan Milosevic forced the international community to intervene militarily against the Serbian army. On 24 March 1999, US President Bill Clinton ordered NATO Secretary General Javier Solana to commence airstrikes against Serbian military targets in the former Yugoslavia. After 78 days of air strikes Serbia finally accepts the agreement and signed it. On June 10, 1999, NATO was deployed in Kosovo and assumed the security of the country. Keywords: American foreign policy, Kosovo, Rambouillet, agreement, NATO.

In the early 1990s, Albania, arguably Europe's most closed and repressive state, began a startling transition out of forty years of self-imposed Communist isolation. Albanians who were not allowed to practice religion, travel abroad, wear jeans, or read "decadent" Western literature began to devour the outside world. They opened cafés, companies, and newspapers. Previously banned rock music blared in the streets. Modern Albania offers a vivid history of the Albanian Communist regime's fall and the trials and tribulations that led the country to become the state it is today. The book provides an in-depth look at the Communists' last Politburo meetings and the first student revolts, the fall of the Stalinist regime, the outflows of refugees, the crash of the massive pyramid-loan schemes, the war in neighboring Kosovo, and Albania's relationship with the United States. Fred Abrahams weaves together personal experience from more than twenty years of work in Albania, interviews with key Albanians and foreigners who played a role in the country's politics since 1990—including former Politburo members, opposition leaders, intelligence agents, diplomats, and founders of the Kosovo Liberation Army—and a close examination of hundreds of previously secret government records from Albania and the United

This is the first bibliography that focuses on the legal research conducted on Albanian history of law. It is also a tribute to the generations of researchers to whom we owe the decades-long research and collection of Albanian customary law, on both domestic and foreign legal systems, applicable in Albanian lands during the Roman, Byzantine and the Ottoman occupation, and later, on the transformations that occurred under the independent Albanian state and its different forms of regimes. Each publication included in this book comes with a short summary and directions on how to locate it, making it very practical for readers to find exactly what they need. Although originally it started with the aim of helping researchers of law and jurists, due to the nature of the publications it contains, this book also has valuable resources for researchers of various disciplines: from social anthropologists to philosophers, historians, and even the general public who wants to know more about the evolution of law throughout Albanian territories.

Recent leading cases have demonstrated the urgent need to modernize the learning on breach of trust, which has lagged behind the flourishing scholarship on the creation of trusts. Since breach of trust or fiduciary duty occupies the centre of the legal stage, it comes as a surprise that, although one or two novelists have chosen 'Breach of Trust' as the title to their book, no lawyer has so far thought it necessary to produce a specialized work on the subject. To fill the gap, this book, written by a team of leading trust lawyers from a number of common law jurisdictions, investigates all the principal aspects of the subject. The nature of the trustee's duties and of the liability for breach is closely examined, and all available defences and excuses are reviewed. Two substantial chapters consider the consequences of assisting a breach or receiving trust property from a trustee acting in breach. The book closes with a critical overview of the entire topic. CONTENTS: 1 Robert Chambers 'Liability for Breach'; 2 Joshua Getzler 'The Duty of Care'; 3 Edwin Simpson 'The Conflict of Interest'; 4 David Fox 'Overreaching'; 5 Lionel Smith 'Property Transferred in Breach'; 6 Charles Mitchell 'Assistance'; 7 Peter Birks 'Receipt'; 8 James Penner 'Exemption clauses'; 9 John Lowry and Rod Edmunds 'Honest and Reasonable Breach'; 10 Jennifer Payne 'Consent'; 11 William Swadling 'Limitation'; 12 Gary Watt 'Laches, Estoppel and Election'; 13 David Hayton 'An Overview'.

This collection of papers on contemporary issues in Albanian history and anthropology covers a broad range of approaches and forms of analysis. The book includes research on parts of the country that have rarely made an appearance in international scholarship, including recent research on various aspects of urban life in Albania, with several chapters being set in Shkodra, Tirana, Elbasan, and Gjirokastra. Issues of local self-organization or identity processes are presented as well. A third core aspect that is addressed is the continued analysis of new and revealing demographic sources that shed light on the structure and history of the Albanian family.
