Skinny Dipping in Daylight is the first published collection of poetry and prose from painter, filmmaker and musician Cory Basil. Offering readers an intimate and unvarnished view, revealing the experiences and fractures of a young artist in the forge of life. At once subjective and universal, *Daylight*

exposes the tenderizing drum beats of lives in motion: heartbreak, hope, divorce, God, death. The poems lay bare his - and our own - vanquished dreams, lost loves, missed chances, our abandoned quests. At once romance, travelogue, love letter and kiss off to the naivete of youth, Basil ultimately gives voice to the difficult journey from revelation to just plain reveling in one's peculiar existence as a living anachronism.

"The titles sing their lettered songs: "An Ode to j," "M-m-m Good!" and "O in Trouble."" "Here are "reading lessons," the author's exploration of the curses and blessings of the word. It is about the fall from paradise and the gifts that fall makes possible. And over the whole book broods the great lexicographer, Samuel Johnson, that deeply troubled caretaker of the mother tongue. More than an ABC book, this collection asks

questions at the very heart of how we understand the world and shows us the glory and silliness at the heart of human life"--

The author of the acclaimed *Dangerous Birds* followed that success with a new collection of essays on the natural world, these connected by the theme of water: exploring issues as varied as the joy that water brings, the wistful remembering it engenders, and its sacredness. As with all of Lembke's essays, the world of classical myth and its characters meld with her native haunts and their people, lending resonance to the seemingly simplest things: a beetle in the garden, a tangle of forgotten roses, an afternoon rainstorm. Now available in paperback

for the first time, Skinny Dipping brings us waters as diverse as the mythical River Styx and the Bullpasture, a stream near Lembke's Virginia home. In the title essay she looks down a long corridor of time to visit Pliny, the natural historian, for a "skinny dip" in A.D. 79; "Up the Creek" examines a lazy day's canoe trip with a frightened young friend about to leave home; "And This Way the Water Comes Down at the Gorge" is a tale of a burial—with a fine supporting cast of Faulkneresque characters. Skinny Dipping will delight all lovers of Janet Lembke's other books, and anyone who appreciates the art of the personal essay.

Set in a nameless British town that its Pakistani-born immigrants have renamed Dasht-e-Tanhaii, the Desert of Solitude, *Maps for Lost Lovers* is an exploration of cultural tension and religious bigotry played out in the personal breakdown of a single family. As the book begins, Jugnu and Chanda, whose love is both passionate and illicit, have disappeared from their home. Rumours about their disappearance abound, but five months pass before anything certain is known. Finally, on a snow-covered January morning, Chanda's brothers are arrested for the murder of their sister and Jugnu. *Maps for Lost Lovers* traces the year following Jugnu and Chanda's disappearance.

Seen principally through the eyes of Jugnu's brother Shamas, the cultured, poetic director of the local Community Relations Council and Commission for Racial Equality, and his wife Kaukab, mother of three increasingly estranged children and devout daughter of a Muslim cleric, the event marks the beginning of the unravelling of all that is sacred to them. It fills Shamas's own house and life with grief and, in exploring the lovers' disappearance and its aftermath, Nadeem Aslam discloses a legacy of miscomprehension and regret not only for Shamas and Kaukab but for their children and neighbours as well. An intimate portrait of a community searingly damaged by traditions, this is a densely imagined, beautiful and deeply troubling book written in heightened

prose saturated with imagery. It casts a deep gaze on themes as timeless as love, nationalism and religion, while meditating on how these forces drive us apart.
