Albums expected January 2021 in heavy metal music - Wikipedia Fans of heavy metal music have created their own subculture that encompasses more than just appreciation of the style of music.

Fans affirm their membership in the subculture or scene by attending metal concerts, buying albums, growing their hair long in some to most cases, wearing jackets or vests often made of denim and adorned with band patches and often studs, and since the early 1980s, by contributing to metal publications. Some critics and musicians have suggested that the subculture is la

Heavy metal subculture - Wikipedia Heavy metal seems to be a severely underrated music genre. Mainstream media and radio have not always view metal groups favourably, probably due to typical features like massive loudness, emphatic beats, and distortion. Regardless of these attitudes, the trend has still thrived and spread to many parts of the world.
