management, data retrieval and data manipulation. This project provides more ease for managing the data than manually maintaining in the

documents. The project is useful for saving valuable time and reduces the huge paper work. To successfully develop this system, a number of tools

was studied and used.College Management System Documentation (1).docx - 1 TABLE ...Download Project Document/Synopsis. Traditional college

admission is a hectic process, which involves students visiting off-site campus, taking application, filling it and then submission is another hectic story.

On the day of admission, the flow of candidates is very high and it requires both manual processing and record keeping at the same time that makes

the process lengthy and difficult to keep track of the admission status of a candidate in multiple departments.Online College Admission Management
