Spon's Landscape and External Works Price Book offers the only comprehensive source of information for detailed external works and landscape costs. It covers all the items to be found in hard and soft landscape contracts and is therefore an indispensable reference book for quantity surveyors, landscape architects and contractors - essential for compiling estimates, specifications, bills of quantities and works schedules. A full index and list of manufacturers and suppliers gives easy reference to all items. The L&E comes with a 'free' CDROM that enables the reader to view the entire book on screen, cut and paste prices into other tender documents, export to other major packages, perform simple calculations, index search, produce estimate and tender

documents, adjust rates and data. This complete package now means that Spon's Landscape and External Works Price Book for 2003 is now better than ever and is a resource that no building firm, surveyor or architect should be without. New Features for 2003 In the information section: Notes on the aggregate tax with examples of the impact of the tax on measured works items In the Measured Works section, costs of: External wall Block work Special bricks Clay drainage Standard soakaway systems Ornamental buildings Specialist soils Reinforced turf Step construction
