The Kundalini Yoga tradition speaks of a call to the Divine that awakens “The Original Light of the soul.” In gatherings across the globe, Snatam Kaur and her fellow musicians have shared that radiance through sacred chants. With Original Light, this beloved devotional singer guides us into the heart of the path, with the Aquarian Sāadhanā as a

foundation to understand the tradition's daily principals, morning practices, and sacred chanting experiences. Kundalini, the universal life force, has for centuries been shrouded in misconception and lore. Many of us have heard of it, yet to directly experience it may seem unimaginable. But in fact, Snatam Kaur assures us that, through Kundalini Yoga, the capacity to experience it is within all of us—a natural and limitless source of physical health, stillness, joy, energetic strength, and loving connection with others and all of creation. Original Light was written for those seeking a compassionate and

supportive guide to creating a vibrant and sustainable daily spiritual practice. Here, Snatam shares with honesty and gentle humor her own stories, challenges, “aha” moments, and many practical pointers gained from her lifelong journey in what she calls “soul work.” Readers first explore the philosophy and foundational principles of Kundalini Yoga as taught by its founder Yogi Bhajan, and then learn the five morning practices of the Aquarian Sāadhanā, including: The Wake-Up Routine—establishing a sacred space, bathing and purification, healthy diet and elimination guidelines, and more Jap

Jī—from 15th-century sage and founder of the Sikh tradition, Gurū Nānak, this sacred recitation is both a map and a direct expression of our union with the Divine Kundalini Yoga Kriyas—nine energizing posture and movement sets for creating a somatic space for your spirit Aquarian Sādhanā Mantras—seven devotional chants as the sun rises to open the doors of liberation and experience bliss and ecstasy through sacred sound Gateway to Divinity—the closing transition stage that integrates your own spiritual tradition and helps you to focus your energies and set your intentions for the day ahead For those of all faiths, Original Light provides an ideal introduction and resource to improve our health, find greater freedom and stillness within, and illuminate each moment of the day.

Sadhana Guidelines Create Your Daily Spiritual Practice

I AM A WOMAN W. W. Norton & Company  
Premka: White Bird in a Golden Cage is a compelling and beautifully unfolding tale, offering a haunting look into a teacher/student relationship. This intimate

memoir, written by one of Yogi Bhajan's prized teachers and exalted students, is full of devotion, love, dedication, betrayal, loss and the healing unification of the self. It also reads as a love letter to a unique time in history—the '60s in Los Angeles and New Mexico, where love, music, art, spiritual exploration, often led to self-transformation. As a historical treatise and a spiritual mystery, this book offers unique insight into the origins of the Western Sikh movement and the proliferation of Yogi Bhajan's kundalini yoga.

#### **A Clinical Guide** Sadhana

Guidelines Create Your Daily Spiritual Practice Sadhana brings us into an intimate alignment with the reality of who we are: as a creature of the Creator and as a human being. First published in 1974, Kundalini Yoga Sadhana Guidelines has become the best-selling Kundalini Yoga manual of all time. Within these pages, you'll find the inspiration to keep returning breath-by-breath to your Self and to your practice. Sadhana is everything we do on a daily basis as our self-discipline and our commitment to our higher self. It is a spiritual practice in which we confront the tendencies of our mind and ego and, out

of love, we invite in the dimensions of our soul, spirit, and intuition. In its essence, it is a process of refinement, development, and mastery. As we learned from eastern traditions, a sadhu is a being who has disciplined himself. Likewise, the definition of a yogi is a person who has totally leaned on the supreme consciousness, which is God. The purpose of sadhana is to arrive at the place where we go beyond our ego and its limitations. Morning sadhana—done before the sunrise—is a special time when we sit before the altar of our own consciousness and have the opportunity to clean up our inner world before we engage in the outer world—our jobs, our families, our responsibilities. This manual exists to serve you and to help you uplift yourself and others. It is designed for both the new and the experienced student. It focuses on the essential practice of Kundalini Yoga. A material that offers lectures, essays, insights, and a series of exercises that one can experience and improve one's own personal practice. Kundalini Yoga for Youth & Joy Kundalini Yoga The Flow of Eternal Power: A Simple Guide to the Yoga of Awareness as taught by Yogi Bhajan, Ph.D.

As portals between the physical and spiritual planes, the chakras offer unparalleled opportunities for growth, healing, and transformation. Anodea Judith's classic introduction to the chakra system, which has sold over 200,000 copies, has been completely updated and expanded. It includes revised chapters on relationships, evolution, and healing, and a new section on raising children with healthy chakras. *Wheels of Life* takes you on a powerful journey through progressively transcendent levels of consciousness. View this ancient metaphysical system through the light of new metaphors, ranging from quantum physics to child development. Learn how to explore and balance your own chakras using poetic meditations and simple yoga movements—along with gaining spiritual wisdom, you'll experience better health, more energy, enhanced creativity, and the ability to manifest your dreams. Praise: "Wheels of Life is the most significant and influential book on the chakras ever written."— John Friend, founder of Anusara Yoga  
[Its Projections and Multiple Facets](#) Simon and Schuster

You'll completely transform your core from the inside-out in just 60 days with the Two Phase Total Body Program. The program includes over eight total body workouts containing over 70 functional exercises... and NOT A CRUNCH IN SIGHT! We're talking the highest quality content you can imagine as I walk you through the easy-to-follow instructional videos designed to show you PERFECT form. Crunchless Core is, without question, the safest, most efficient program giving you a stronger, more powerful core.

*Insights Along the Path* Harmony

The 21 Stages of Meditation clarifies the process and outlines the steps toward your own progress in meditation. Defined by Yogi Bhajan and elucidated by Gurucharan Singh, "The 21 Stages of Meditation" is a key work in deepening your understanding and experience of meditation. Ranging from Upset and Boredom to Humility, Graceful Enlightenment and the Sage, explore these stages and the three distinct meditative journeys, which culminate in the pinnacle of contemplative awareness, the Stage 21st, also described as The Infinite Pulse. This is an essential book for those interested in deepening their

process of meditation and their experience with Jappa Yoga. The teachings presented in this book have been developed with love and care and genuine reverence. Yogi Bhajan said, "Now we are entering the Age of Aquarius and we have to have the science of mind totally brought into a geometry so that you can understand this is depression, this is expression; this is what you are doing and this is what you have to do. So for that reason, we are trying to create all this work for you." Every living thing has its own time to grow from a seed to its innate maturity. May it provide a foundation for elevation and enlightenment to all who love meditation.  
**Series of Commentaries as seen by The Divine Third Eye** Colchis Books  
 For new and experienced students, practical guidance in kundalini yoga for happiness, health, and fulfillment Kundalini is a universal life force within each of us that, once awakened, holds the power to transform every facet of our lives. Kundalini yoga is the art and practice of activating this radiant energy. With Essential Kundalini Yoga, Karena Virginia and Dharm Khalsa present the core principles and practices of this

revered tradition in an inviting and accessible guide. “Kundalini yoga opens joyous space for connecting deeply with the energy states of our being,” write Karena and Dharm, “It brings vital health to the body and opens our consciousness to new potentials of awareness.” Created for the modern practitioner, this book offers clear, comprehensive instruction in the key insights and practices of kundalini yoga. From philosophy and lifestyle, to working with anatomy and physical asana, to activating our energy bodies, Essential Kundalini Yoga is a uniquely practical and in-depth manual. Highlights include: Gorgeous photos illuminating step-by-step instructions Detailed instructions, explanations, and illustrations for core kundalini practices—mantra, pranayama, bhanda, asana, kriya, meditation, and more Seven traditional kundalini yoga routines, including a pituitary gland series for intuition, yoga for the immune system, and detoxing for radiance Understand the science of the practice, including its effects on the glandular system, spine, nervous system, and skeleton Meditations, mantras, and yoga poses to activate each of the chakras and bring health to your

energetic body Remedies for common emotional challenges—dealing with fear, shame, and depression, among others Kundalini secrets for getting better sleep, aging gracefully, enhancing fertility, cultivating vitality, and more Rooted in tradition and infused with a sense of infinite possibility, Essential Kundalini Yoga is a joyful invitation for practitioners of all levels to awaken the vital energy within and receive the gifts that emerge from connecting more deeply with your own potential for creativity, abundance, and joy.

#### The Spiritual Science of Numerology Ancient Kriya Yoga Mission

A fascinating look into our human nature through the eyes of Yogi Bhajan, Master of Kundalini Yoga. It details the interplay of the positive, negative, and neutral parts of our mind with our nine aspects and twenty-seven projections. Yogi Bhajan's lectures provide a practical approach to the Science of Humanology, and encourage you to meditate to enlist your mind as your friend and servant rather than your master. The meditations apply to the various aspects we embody, such as Defender, Manager, Artist, Producer,

Strategist, Teacher. You can select from 42 meditations, including: Creating Art by Projecting into the Future; Pursuing the Cycle of Success; Deep Memory of a Past Projection; Interpretations of All Facets of Life; Pursuing the Cycle of Artistic Attributes; and Creating Art by Environmental Effects.

Lulu Press, Inc

The core teachings and riotous life of the psychedelic yogi Ganesh Baba • Presents the teachings of Ganesh Baba's “Crea” Yoga, which he derived from the tantric practices of traditional Kriya Yoga • Explains the basic exercises for following the Crea (creative) Yoga practice • Includes many anecdotes from the colorful life of this “psychedelic” baba Shri Mahant Swami Ganeshanand Saraswati Giri (ca. 1895-1987) was known to all who loved and studied with him simply as Ganesh Baba. At the age of four, he was brought back from death through an initiation by Lahiri Mahasaya and through this initiation descends from the same Kriya Yoga lineage as Paramahansa Yogananda. He became a swami under his guru Sivananda and later went on to run the Anandamayi Ma ashram. Drawn to the life of the Naga

Babas, he became the head of the Ananda Akhara, Naga followers of Lord Shiva who consider cannabis and other entheogens to be the gift of the gods. The unique set of principles and exercises Ganesh Baba developed from the tantric practices of traditional Kriya Yoga and Shivaism became the core of his personal teachings of Crea (for creative) Yoga. Ganesh Baba's message of systematic synthesis of the spiritual and secular was carefully developed for and embraced by contemporary students in the 1960s, especially those whose path included the use of entheogens. This book contains the core of Ganesh Baba's Crea Yoga teachings, from the beginning stages of conscious control of one's posture, breath, and attention to finally extending one's awareness to the farthest reaches of the cosmos. Eve Baumohl Neuhaus shows that the life of this scholar and crazy saint was as instructive as his teachings. She includes many personal reminiscences of this inspirational and challenging teacher from her own life and those of fellow students, which demonstrate that Ganesh Baba's extraordinary life was in keeping with his own role as the embodiment of

Lord Ganesh, the remover of obstacles. [Kundalini Yoga As Taught by Yogi Bhajan](#) Critical Bench

The autobiography of Paramahansa Yogananda (1893 - 1952) details his search for a guru, during which he encountered many spiritual leaders and world-renowned scientists. When it was published in 1946 it was the first introduction of many westerners to yoga and meditation. The famous opera singer Amelita Galli-Curci said about the book: "Amazing, true stories of saints and masters of India, blended with priceless superphysical information-much needed to balance the Western material efficiency with Eastern spiritual efficiency-come from the vigorous pen of Paramhansa Yogananda, whose teachings my husband and myself have had the pleasure of studying for twenty years."

Unleash your potential to live the life you've always wanted. Kundalini yoga engages your unique sources of energy—those that empower your spirit as well as your body. Drawing from the riches of ancient yogic tradition, The Kundalini

Yoga Experience offers a system of physical poses, breathing techniques, and focused meditations that, when practiced together, will bring you increased physical health and strength, emotional balance, and a deeper sense of your own spirituality. With regular practice, you'll be surprised at how strong, healthy, and fulfilled you feel. Experiencing the power of Kundalini is your birthright—embrace it! [Breath-vitality-strength : Kundalini Yoga as Taught by Yogi Bhajan](#) Simon and Schuster

A guidebook through the journey of life and death draws on Tibetan Buddhist traditions and uses lighthearted analogies to introduce the concept of the bardo--the intervals of life, death, and beyond--in order to counsel readers on living a fulfilling life of fearless abandon.

[The Religious Imagery of Khajuraho](#) Springer

Surya Namaskar is a magical name in Indian history and now becoming popular all over the world, it has become a global household name. Surya Namaskar has many references in the Vedas and Puranas. Since that time this yoga has been practiced by many people all over the world. To begin one's day with the

Surya Namaskar is very beneficial as it connects the individual with the cosmos. Out of so many people interested in yoga and spirituality some persons have taken Suryanamaskar as their life style. One such person is Krzysztof Stec from Poland who loves this practice. I remember that as soon as he arrived at Vishwatmak Jangli Maharaj Ashram almost 10 years ago he was talking about and encouraging everyone to start practicing Suryanamaskar. He has been practicing it every day for many years, and in a little more than two hours he performs in excess of 1008 rounds of Suryanamaskar. Such feat is astonishing and worth praising. He has built tremendous stamina and extraordinary endurance over the years with such regular and disciplined practice. The medical practitioners in the nearby town of Kopargaon have examined him and came to conclusion that he has the physiological parameters of 25 year old youngster (as of today he is running 59 years old). Only two years ago he completed a demanding two years' master degree program at the department of physical education at one of the primary universities of India, at Banaras Hindu

University, Varanasi. There he had to compete and work-out with colleagues who were one third his age! Last year when he undertook 42 days' complete fast for the Gurupurnima (anusthan), he began without water (or any food) and continued for full 23 days and later, to complete the fast, he drank only water. In spite of such severe tapasya (discipline and austerity), when most other people usually stay in bed and barely move or to help themselves get several I.V., he was so energetic and full of vitality that he was swimming daily the distance of 5 to 8 kilometers.

#### **Kriya Yoga** Sounds True

An introduction to the yogic breathing and mind-body techniques of Kundalini yoga explains their potentially beneficial applications for such disorders as depression, ADHD, and chronic fatigue syndrome.

#### *Overview of Buddhist Tantra* K R I

Shaktipat is the extremely rare art where an enlightened Siddha ignites the student's kundalini in such a way that the student's kundalini will take him or her to enlightenment. This is a handbook for students who have received this rare and

sacred initiation. It is also an easy but to the point introduction to those who are curious about this path but have not embarked on it. The book discusses the various aspects of shaktipat initiation, of the supreme Self, of spiritual practices and of what is required of the student and the guru. The meditative practices of Shaktipat Siddhayoga (sadhana) are also discussed - as well as basic kundalini yoga addenda. The main practice of Shaktipat Siddhayoga is to surrender to the Grace of the Divine Mother. Other meditation practices are discussed in context of this. The important subtle energy channels are introduced as well as the chakras and the three basic knots blocking our spiritual progress. Karma and Free Will is discussed. Finally is a comprehensive list of psychological defense mechanism as discovered by modern psychoanalysis. Any yogi should know these and scrutinize himself. A dictionary of yogic terms is also included. Also included is a weblink to when and where you can receive initiation. *A Supplement to His Sanskrit Grammar* Sounds True  
My wife, Jan Durga Ahlund and I have recognised for many years the need for a

book that would explain to both those interested in learning Kriya Yoga and those already embarked on its path, why they should practice it, what are the difficulties, and how to overcome them. We believe that this book will help prepare everyone for the challenges and opportunities that Kriya Yoga provides. Every one of us faces the resistance of our human nature, ignorance as to our true identity, and karma, the consequences of years of conditioning by our thoughts, words and actions. By cultivating aspiration for the Divine, rejecting egoism and its manifestations, and surrendering to our higher Self, pure Witness consciousness, we can overcome this resistance, our karma and the many obstacles on the path. But, to do so, we need much support and insight along the way. -- Marshall Govindan and Jan Ahlund

**Lord Siva and His Worship** Litent  
 NEW YORK TIMES BESTSELLER - Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY

**SPIRITUALITY & HEALTH** The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only

solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy. Praise for Sadhguru and Inner Engineering "Contrarian and consistent, ancient and contemporary, Inner Engineering is a loving invitation to live our best lives and a profound reassurance of why and how we can."--Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* "I am inspired by Sadhguru's capacity for joy, his exuberance for life, and the depth and breadth of his curiosity and knowledge. His book is filled with moments of wonder, awe, and intellectual challenge. I highly recommend it for anyone interested in self-transformation."--Mark Hyman, M.D., director, Cleveland Clinic Center for

Functional Medicine, and New York Times bestselling author "Inner Engineering is a fascinating read of Sadhguru's insights and his teachings. If you are ready, it is a tool to help awaken your own inner intelligence, the ultimate and supreme genius that mirrors the wisdom of the cosmos."--Deepak Chopra

*Crunchless Core - Gym Edition* The Floating Press

Sexuality and Spirituality offers both men and women the prospect of great sex with deep intimacy, contentment, satisfaction, and divine connection. This amazing manual reveals previously secret Kundalini Yoga sets and meditations from which you can find the means to achieve your greatest joy and fulfillment. Our sexual energy impacts all aspects of our life: How we relate to our sexuality is a determining factor in how we relate not only to our partners, but also to our family, friends, children, and all those with whom we interact. We are all sexual beings, so this book is for everyone - regardless of age, gender, gender identity, sexual orientation, spiritual path, or level of sexual activity. This updated and expanded 2nd Edition offers new material about

Tantra, man's and woman's sexuality, how to practice the locks for sexual pleasure, polarity balance for men and women, and opening the heart to sacred love. It also retains the much loved Kundalini Yoga sets and meditations from the original 1989 edition, in what remains the only published source of much of this amazing material from the early classes of Yogi Bhajan. We miss a lot when sex is reduced to building up stressful desire and releasing it. Spiritualizing our attitude toward our sexuality delivers us to the universal creative dimensions of existence. How we create in life is a function of how we are able to sustain and interact with the unfolding of our life, relax into our own rhythm, and find satisfaction while moving through our daily activities. Learn how to open your heart - to yourself, to others and to all life. Love happens as you embrace all life's challenges, as well as its joys. Practicing the technology and absorbing the wisdom offered in this manual will change your life, by raising your frequency to the vibration of sacred love.

**Art of Super-Realization** Routledge  
Shri Mataji writes that "India is a very

ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."

*Original Light* Snow Lion Publications, Incorporated

In the Western world interest in many forms of spiritual practice is widespread and growing. Tantra, the Indian cult of self-knowledge and liberated joy, is one of the best known. At the centre of its philosophy is the principle of awakening the viatl energy (Kundalini) that lies latent in each of us in order to channel it into spirital growth. Envisualized as a coiled serpent, the energy must be aroused

through meditation. It then rises up through the energy centre (chakras) to unite with pure consciousness at the crown of the head.
