Modern Biology Holt McDougal

"This popular study aid supports Campbell Biology, 11th Edition, and is designed to help structure and organize your developing knowledge of biology and create personal understanding of the topics covered in the text. While allowing for your unique approach and focusing on the enjoyment of learning, the guide also shares a list of common strategies used by successful students as

revealed through educational research".

Holt McDougal Biology Benjamin Cummings

Concepts in Biology is a short, student-friendly text organized in a traditional manner. It has very little botany and presents a human-oriented approach to the animal unit. Professors and students appreciate the low cost of this title, and that it is written for students who are not biology majors.

A Study Guide for General Biology I Addison Wesley Publishing Company

Students can master key concepts and earn a better grade with the thought-provoking exercises found in this study guide. A wide range of questions and activities helps students test their understanding of biology.

Study Guide for Campbell Biology Benjamin-Cummings Publishing Company

Take a New Look at Raven! "BIOLOGY" is an authoritative majors textbook focusing on evolution as a unifying theme. In revising the text, McGraw-Hill consulted with numerous users, noted experts and professors in the field. "Biology" is distinguished from other texts by its strong emphasis on natural selection and the evolutionary process that explains biodiversity. The new 8th edition

continues that tradition and advances into modern biology by featuring the latest in cutting edge content reflective of the rapid advances in biology. That same modern perspective was brought into the completely new art program offering readers a dynamic, realistic, and accurate, visual program. To view a sample chapter, go to www.ravenbiology.com

General Biology - Biology 1010 Benjamin-Cummings Publishing Company

This printed learning aid provides a concept map of each chapter, chapter summaries, word roots, chapter tests, and a variety of interactive questions including multiple-choice, short-answer essay, labeling art, and graph-interpretation questions.
