JAMARI WANG

Proficiency Level English HarperCollins
 Robert Blake, now with Gabriel Guillén, updates his successful book (1st ed. 2008, 2nd ed. 2013) on how to teach foreign languages using technology. *Brave New Digital Classroom* touches on all of the key concepts and challenges of teaching with technology, focusing on issues specific to FLL or L2 learning and CALL. Originally referred to as computer-assisted language learning, CALL has come to encompass any kind of learning that uses digital tools for language learning. This edition reframes the conversation to account for how technology has been integrated into our lives. Blake and Guillén address the ways technology can help with L2, how to choose the right digital tools, how to use those tools effectively, and how technology can impact literacy and identity. The book is primed for use in graduate courses: terminology is in bold and a comprehensive glossary is included;

each chapter finishes with a short list of references for further reading on the topic and discussion questions. The authors provide short interview videos (free via GUP website) to enhance discussions on each chapter's topic.

Teaching French Grammar in Context Routledge
Arabic Grammar in Context offers a unique and exciting approach to learning grammar. It presents grammar as a necessary and essential tool for understanding Arabic and for developing comprehension and production skills. Features include: authentic texts from a rich variety of sources, literary and non-literary, used as the starting point for the illustration and explanation of key areas of Arabic grammar clear and authoritative demonstration of the relevance of grammar for understanding and interpreting Arabic a wide range of appropriate exercises designed to consolidate learning fully vocalized exercises and texts a glossary of vocabulary and expressions provided at the end of the book audio readings of the texts available online for additional listening practice. Suitable for class use and independent study,

Arabic Grammar in Context is ideal for intermediate to advanced learners of Arabic.

A Guide for Language Teachers Greenwood Publishing Group

This practical and research-based introduction to current and effective English grammar instruction gives pre-service and in-service teachers and teacher educators a strong foundation for teaching second language grammar and helps them develop their professional knowledge and skills. Written in a highly readable style for an international audience, it provides a thorough and rounded overview of the principles, strategies, techniques, and applications currently dominant in teaching L2 grammar in a range of instructional settings around the world. Chapter authors are world-class authorities in grammar and grammar teaching and learning. All chapters are based on theoretical frameworks and/or research foundations with a strong emphasis on practical applications and implications for classroom teaching, and highlight teaching methods, key concepts, and terminology associated with grammar instruction. Illuminating the options and choices in grammar teaching from a contemporary perspective, *Teaching English Grammar to Speakers of Other Languages* is ideal as key text for students in undergraduate and graduate MA-TESOL programs and as a resource for practicing ESL/EFL teachers, teacher educators, and teaching faculty.

Dutch Cambridge University Press

Educating dual language learners (DLLs) and English learners (ELs) effectively is a national challenge with consequences both for individuals and for American society. Despite their linguistic, cognitive, and social potential, many ELs "who account for more than 9 percent of enrollment in grades K-12 in U.S. schools" are struggling to meet the requirements for academic success, and their prospects for success in postsecondary education and in the workforce are jeopardized as a result. *Promoting the Educational Success of Children and Youth Learning English: Promising Futures* examines how evidence based on research relevant to the development of DLLs/ELs from birth to age 21 can inform education and health policies and related practices that can result in better educational outcomes. This report makes recommendations for policy, practice, and research and data collection focused on addressing the challenges in caring for and educating DLLs/ELs from birth to grade 12.

ETpedia Grammar provides English language teachers with a wide range of techniques, tips, ideas and activities to help you plan and deliver lessons with grammar. With 50 units covering key areas of grammar, each unit contains a set of 10 preparation-friendly activities which provide the perfect starting point for new teachers and offer inspiration to more experienced teachers. This resource also contains printable worksheets and space to write your own tips. ETpedia Grammar is a one-stop resource for teaching English language grammar. It's full of practical ideas,

inspiration, tips, and classroom activities.

Teaching and Developing Reading Skills Google EBook

Routledge

The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

500 Ideas and Activities for Teaching Grammar ASCD

The Best Grammar Workbook Ever! is a comprehensive instructional guide for ages 10-110. It covers grammar basics, common grammar problems, punctuation, capitalization, and word usage. In addition to a Pretest and Final Test, there are more than 100 practice exercises and tests at the end of each chapter. A complete list of answers is included in one of the appendixes. Other appendixes include commonly misspelled words, commonly mispronounced words, Greek and Latin word roots, and writing tips. The book is written in a friendly and easy-to-use tone. There are helpful hints throughout and a complete index.

Grammar Strand: Beginning grammar Hackett Publishing

This 2002 book examines approaches to teaching students making the transition from 'advanced' or 'superior' proficiency in a foreign language to 'near-native' ability.

Promoting the Educational Success of Children and Youth

Learning English Peter Lang

This book explores the diachronic emergence of the verb have in English in its various grammatical uses. The development of grammatical functions of have is analysed from pragmatic-semantic, morphosyntactic and phonetic angles. Apart from the well-known and formerly studied cases of the rise of perfect and obligative have, the author describes the developments of the had better structure as well as causative have which have not received much scholarly attention thus far. He shows that the first examples of the fully grammaticalised constructions with have generally appear earlier than it is commonly believed. He also offers possible motivations behind the growth of obligative and causative have. This book proves that the changes leading to the rise of new grammatical constructions occur in a specific order: pragmatic-semantic changes precede morphosyntactic changes and phonetic reductions are the last to take place.

Developing Professional-Level Language Proficiency Grammar in Context Proficiency Level English

Publisher Description

The British National Bibliography National Academies Press

"Something needs to be done about grammar." Katz and Blyth have written this book with the hope of changing the way French instructors teach and conceive of grammar. Intended to help teachers and teacher trainers develop an understanding of French discourse that is grounded in recent theoretical and sociolinguistic research, this book is devoted to informing teachers-in-training, as well as experienced teachers, about cutting-edge methods for teaching grammar. It also describes the grammatical features of the French language in its social context. At the same time, it provides suggestions for applying such abstract knowledge in practical pedagogical ways, for example, how to structure grammatical explanations, devise classroom activities, and take advantage of resources that give students greater exposure to French as it is truly used in various discourse

environments.

Advanced Grammar in Use Book with Answers and CD-ROM Cambridge University Press

"On the Move! Spanish Grammar for Everyday Situations is accurate, engaging, and pedagogically sound. The authors provide concise explanations of complex grammar and incorporate them into chapters organized by the presentation of cultural material relevant to major cities throughout the Spanish-speaking world. This is an innovative approach to teaching grammar in context that will be far more engaging for students than the dry, abstract, and lengthy explanations that one finds in other textbooks. . . . The approach is consistent with content-based teaching and compatible with expectations for the abilities of intermediate-level learners as described by ACTFL Proficiency Standards." —Juliet Lynd, Illinois State University Features include: A unifying theme of travel offers students the opportunity to develop their grammatical skills in context through the exploration of life and culture in twelve Spanish-speaking cities Eighty original full-color artworks provide panoramic views of each city as well as colorful drawings on which are based a wide variety of exercises Brief audio recordings, streaming freely online, allow students to hear for themselves regional differences in accents, intonations, and linguistic variations Text selections showcase both classic and new voices, including such authors as Gabriel García Márquez, Laura Freixas, José María Arguedas, Elizabeth Acevedo, and many others.

100/101/201 Complete Pack Pergamon

The complete set of Series 100, 101 and 201 takes you from the beginner level to the business professional level. Move from beginner with no prior knowledge of the language to total language competence for business and professional use. The product includes: 300 Dialogues covering everyday situations, travel and profession, a pronunciation trainer, a vocabulary trainer, a wide variety of exercises, a complete grammar, a context-based dictionary, a virtual printable book, a video animated help system, three CD-ROMs, and three audio CDs. The product comes in a high quality packaging with a slipcase. The fully cross-linked language courses from STROKES are one of a kind. Every sentence and every word in the practical dialogues provide both natural and literal translations. In addition, each individual word is linked to a specific grammar explanation. Verbs are directly linked to a conjugation chart. Study vocabulary and grammar in the direct context of a dialogue. 1. EASY LEARNING - The road to foreign language fluency STROKES Easy Learning will not only teach you the basics of a foreign language in a very short time, it will also guide you all the way down the path to total command of a foreign language. 2. All in one comprehensive language course The STROKES language learning software is a complete all-in-one package that includes all the tools a language learner needs. A context related vocabulary trainer, a dictionary, and a complete grammar complement the set of 300 real-life dialogues and 36 types of multimedia exercises. 3. Language courses in 23 languages and 3 levels The STROKES language software collection includes 3 levels of proficiency. Whether you are an absolute beginner, an advanced learner or a business professional, STROKES has the product you need to easily learn a foreign language. Features and benefits of STROKES EASY LEARNING There is no language that you can't learn. EASY LEARNING uses the advantages of modern computer technologies and has developed advanced learning techniques that make foreign languages very accessible, even to the not so talented. Here are the determining features of EASY LEARNING that will guide you along the path to total language fluency: 1. Real-Life Language Training Your EASY LEARNING language course will teach you exactly what you need in 300 dialogue situations,

covering a wide range of topics that include everyday life, travel and business. The focused training will get you well prepared for conversation in the situations that you are most likely to encounter in real life. It's total immersion. The day you travel to a foreign country, you will feel like you've been there, and communication will come easy. 2. Situation focused Training Language training with STROKES always sets the focus on the one primary goal of mastering communication in each of the 300 real-life situations. To master a situation, you do all the language exercises of your lesson plan within the context of that situation. You learn to say the most important things to the extent that you end up saying things automatically, without having to think. This is the key to fluency in a foreign language. You also do a number of motivating exercises to learn and consolidate the vocabulary, grammar and pronunciation that apply to the same situation. 3. Total cross-linking of the language content What is cross-linking of the language content? A cross-linked language content means that the words of the dialogues are linked to sound, relevant grammar topics, conjugation tables of verbs, literal translations and dictionary forms of words. 4. Natural and Literal Translations Natural translations of sentences are translations that are written exactly the way you would express something in English. You need natural translations to immediately understand what is meant in all parts of your language course. Literal translations of words and sentences are translations that follow the structure and grammar rules of the foreign language. You need literal translations to immediately understand how a native speaker thinks and expresses himself, which is frequently completely different from English. The major benefit of natural and literal translations is that they enable you to learn with direct comparison to your mother tongue, which makes you understand and progress much faster. 5. Multi Channel Learning System What makes learning effective and fun with STROKES language courses is that you use the 5 different learning channels of reading, hearing, writing, speaking and picture association in a variety of 36 types of exercises. 6. Lesson plans with 36 diverse types of exercises 7. Your personalized lesson plan When you create your own lesson plan, you can choose the exercises and the sequence that work best for you. In the selection of EASY LEARNING exercises there are usually several exercises for each of 10 learning goals, as listed below. Depending on the type of learner you are, you can select those exercises that best suit your personality. The Vocabulary Trainer STROKES language courses come with an intelligent vocabulary trainer, which you can use to review all the words of a single dialogue at a time, a combination of dialogues or for all the dialogues you have learnt. By integrating the vocabulary trainer in your daily lesson plan, you ensure that you never forget the words you have already learnt as you go along. The Grammar Trainer STROKES language courses include a complete grammar with examples from the real-life dialogues. Each grammar topic is linked to the dialogues, which allows you to learn and review grammar topics one by one and by direct reference to the sentences of the dialogues in which the topics occur.

A Learner's Guide ETpedia

Modern Standard Arabic Grammar is comprehensive guide that introduces readers to the basic structure and grammar of the Arabic language. Its features include: Comprehensive coverage of Arabic grammar and structure in current standard use (MSA), from entry level to advanced proficiency Balanced treatment of the phonological, syntactic, and morphological rules of the Arabic language An intuitive presentation of grammar rules and structures, in order of frequency and functional use Straightforward explanations with minimum linguistic jargon and terminology, explaining the key issues Packed throughout

with symbols, tables, diagrams, and illustrative examples, this book is essential reading for anyone in the early years of studying the language.

Strategies for Design and Supervision, Even If You Don't Speak the Language! National Academies Press

An essential resource for district, school, and program leaders who supervise, evaluate, or otherwise support World Language programs, this book provides clear, practical guidance on leading an exemplary K-12 World Language program. No matter whether you speak the language, the effective approaches in this book will equip you with the tools you need to implement and evaluate World Language curricula in your school. Catherine Ritz provides a clear and research-based framework for World Language instruction aligned to rigorous national and state standards, and addresses essential concepts and topics, including program and curriculum design, assessment and evaluation, and strategic planning. Whether you are a World Language department chair with years of experience, a school administrator with no background in language education, or a World Language teacher, you will find much to use in this book. It is chock-full of ready-to-use resources and tools, including: Templates for program and unit planning, observation protocols, and sample assessments World Language program models for different age ranges, and a sample curriculum unit. Additional resource lists and further reading recommendations.

Spanish Grammar for Everyday Situations NUS Press

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language

barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Achieving Success in Second Language Acquisition Rodopi
Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.
