Introduction to  
Comparative Politics  
Cengage Learning  
"Introduction to  
Comparative Politics  
offers accessible material  
for an introductory  
comparative politics  
course. Edited by a highly  
respected team of  
scholars, each of the text'  
s twelve country studies is  
written by an expert in  
the field. Four innovative  
themes, each with a  
specific focus, form the  
framework of the text:  
"The World of States,  
"Governing the Economy,  
"The Democratic Idea,  
and "The Politics of  
Collective Identities. A  
classification system  
focuses on levels of  
democracy, including  
established, transitional,  
and non-democracies. A  
chapter on the United  
States follows the same  
lines of comparison as  
those on other  
countries. Every chapter  
includes four to six  
sidebars, which focus on  
different subjects,  
including leaders, citizen  
action, institutional  
intricacies, current

challenges, and global  
connections.  
**Studyguide for  
Introduction to  
Comparative Politics by  
Kesselman, Mark** Oxford  
University Press, USA  
Updated to reflect today's  
political climate, the  
Second Edition of  
INTRODUCTION TO  
COMPARATIVE POLITICS,  
BRIEF offers a country-by-  
country approach that  
allows students to fully  
examine similarities and  
differences among  
countries and within and  
between political systems.  
Each chapter offers an  
analysis of political  
challenges and changing  
agendas within countries  
and provides detailed  
descriptions and analyses  
of the politics of individual  
countries. The Second  
Edition offers a condensed  
narrative and student-  
friendly pedagogy such as  
marginal key terms and  
marginal focus questions  
that will help students  
make meaningful  
connections and  
comparisons about the  
countries presented.  
INTRODUCTION TO  
COMPARATIVE POLITICS,  
BRIEF consists of 8  
country case studies,  
selected for their  
significance in terms of

the comparative themes  
and because they provide  
an interesting sample of  
types of political regimes,  
levels of economic  
development, and  
geographic regions.

Introduction to  
Comparative Politics, Brief

International Edition

Cram101

This brief edition of the bestselling, full-length Introduction to Comparative Politics uses the same key themes to frame the presentation of each country's politics, placing a strong emphasis on political economy. This edition's easy to read 8½x10 format and two-color design features new pedagogy, such as a marginal glossary, while maintaining the essential material of the full text.

*Comparative Politics*  
Wadsworth Publishing Company

Written by a distinguished group of comparativists, this innovative text has been organized around levels of political development and themes to make comparative politics accessible and easy to understand. Readers can use the Geographic Setting sections in each chapter, as well as maps, tables, charts, photographs, and political cartoons to further their understanding of each country studied. The Fifth Edition has been completely redesigned to engage readers with additional pedagogy and color.

**A Critical Introduction to American**

**Government** Wadsworth Publishing Company

Twelve in-depth country studies explore how the concepts of interests, identities and institutions shape the politics of nations and regions.

**Shaping the Developing World**

Cambridge University Press

The question at the center of the seventeenth edition of *THE IRONY OF DEMOCRACY* is "How democratic is American society?" While most American government textbooks address politics from a pluralist perspective, this text approaches the subject using an elitist perspective, thus exposing the irony between it and democratic theory and modern pluralist theory. As a result, this text helps students understand why the U.S. government works as it does.

**A Comparative Introduction** Cengage Learning

Why are some countries rich and others poor? Colonialism, globalization, bad government, gender inequality, geography, and environmental degradation are just some of the potential answers to this complex question.

Using a threefold framework of the West, the South, and the natural world, *Shaping the Developing World* provides a logical and intuitive structure for categorizing and evaluating the causes of underdevelopment. This interdisciplinary book also describes the social, political, and economic aspects of development and is relevant to students in political science, international studies, geography, sociology, economics, gender studies, and anthropology. The Second Edition has been updated to include the most recent development statistics and to incorporate new research on topics like climate change, democratization, religion and prosperity, the resource curse, and more. This second edition also contains expanded discussions of gender, financial inclusion, crime and police killings, and the Middle East, including the Syrian Civil War.

**Political Challenges and Changing Agendas**

Cengage Learning  
Updated to reflect today's political climate, the Sixth Edition of *INTRODUCTION TO POLITICS OF THE DEVELOPING WORLD: POLITICAL CHALLENGES*

*AND CHANGING AGENDAS* offers a country-by-country approach that allows students to fully examine similarities and differences among countries in the developing world. Each chapter offers an analysis of political challenges and changing agendas within countries and provides detailed descriptions and analyses of the politics of individual countries. At the same time, the country studies have common section and subsection headings to help students make meaningful connections and comparisons about the countries that are presented.

*INTRODUCTION TO POLITICS OF THE DEVELOPING WORLD: POLITICAL CHALLENGES AND CHANGING AGENDAS*, Sixth Edition, consists of 7 country case studies and provides a clear and comprehensive guide to how these unsettled times shape politics in the developing world.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*A Reader* CQ Press  
*Introducing Comparative Politics: The Essentials* is organized thematically

around the essential questions in comparative politics—Who rules? What explains political behavior? Where and why? Adapted from the authors' *Introducing Comparative Politics*, Fourth Edition, *The Essentials* version offers the same framework for understanding comparative politics in a briefer format. Instructors have greater flexibility in teaching the course because this version of Stephen Orvis and Carol Ann Drogus' best-seller does not include extended case studies. Loaded with contemporary examples and up-to-date research, this streamlined text helps students engage with the critical issues shaping global politics today. **KEY FEATURES:** Chapter-opening key questions help you focus on the key issues as you are reading. The chapters sometimes provide conclusive answers to the key questions, but more often they show you different ways the questions can be answered or approached. Multiple "In Context" features in every chapter illustrate basic data about the chapter topics so you can set that idea into a comparative (and sometimes provocative)

context. Critical Inquiry features highlight methodological issues in comparative politics, providing a gateway for empirical study and analysis. More than a hundred full color tables, figures, and maps help you visualize comparative data and better understand concepts. End-of-chapter lists of key concepts with page references are included to help you easily study and review the concepts, and a list of works cited and list of important print and electronic references offer you resources for further research.

*Outlines and Highlights for Introduction to Comparative Politics, Brief Edition* by Mark Kesselman, Joel Krieger, Ervand Abrahamian, William a Joseph  
Wadsworth Publishing Company

Balancing theory with application and featuring an engaging, student-friendly writing style, Updated to reflect today's political climate, INTRODUCTION TO COMPARATIVE POLITICS offers a country-by-country approach that allows students to examine similarities and differences among countries and within and between political systems.

Each chapter offers detailed descriptions and analyses of a country's politics, political challenges and changing agendas. Pedagogy and a condensed narrative help students make connections and comparisons about the countries presented. The eighth edition presents case studies on 13 countries and the European Union, providing an interesting sample of political regimes, levels of economic development and geographic regions. Students contemplate the dramatic Brexit vote, the impeachment of Brazil's president, Russia's drift toward authoritarianism and the polarizing elections of Donald Trump and Emmanuel Macron, among other recent political developments. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*A Comparative Perspective* Cengage Learning

COMPARATIVE POLITICS uses a unique theme-Domestic Responses to Global Challenges-to introduce key concepts and examine the growing interdependence of strong and weak states.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**The French Workers' Movement** Houghton Mifflin College Division  
The broad range of selections in this reader gives students a foundation for understanding globalization. Each of the four sections—an introduction to the topic; political economy; civil society; and governance—examine the national and intra-national implications of globalization. The readings present views both for and against globalization and include scholarly discussions and a diverse range of selections on emerging topics. The writing style and format of the readings make them accessible to students at all levels of understanding.

*Introduction to Comparative Politics* New York : Harcourt Brace Jovanovich

Written by a distinguished group of comparativists, this innovative and accessible introductory text surveys 12 key countries organized according to their level of

political development: established democracies, transitional democracies, and non-democracies. The country studies illuminate four comparative themes in a global context: the world of states, examining the interaction of states within the international order; governing the economy, covering the role of the state in economic management; the democratic idea, discussing the pressure for more democracy and the challenges of democratization; and the politics of collective identities, studying the political impact of diverse attachments and sources of group identity. All 12 country studies, as well as two additional studies, are available in an online database. Instructors may choose from among these chapters (a minimum of 7) to create a customized text.
