This is the first attempt at a description of the grammar and lexicon of Buddhist Hybrid Sanskrit. Most North Indian Buddhist texts are composed in it. It is based primarily on an old Middle Indic vernacular not otherwise identifiable. But there seems reason to believe that it contains features that were borrowed from other Middle Indic dialects. In other words, even its Middle Indic aspects are dialectically somewhat mixed. Most strikingly, however, BHS was also extensively influenced by Sanskrit from the very beginning of the tradition as it has been transmitted to us, and increasingly as time went on. Many (especially later) products of this tradition have often, though misleadingly, been called simply 'Sanskrit', without qualification. In principle, the author has excluded from the grammar and dictionary all forms which are standard Sanskrit, and all words which are used in standard Sanskrit with the same meanings.

Oswaal CBSE & NCERT QUESTION BANK Class 8 (SET OF 2 BOOKS) Mathematics, Science Educart "Instincts are nature's ways of welcoming you at each stage of your life." Struggles and Challenges is a biographical sketch of childhood, education, and various passions that the author was fortunate enough to pursue in life. It is a compilation of the author's recollections during the Corona Lockdown. The experience of life has been reported from the excitement and passion of a young boy. The author familiarises the reader with the places featuring in this book with which he was strongly associated, such as Pallippuram, Trichur, Palghat, Calicut and Kolkata. He hopes the reader will enjoy the information on the specialities associated with these places—school life, college life, learning Indian classical music, etc. The author has tried to dispassionately delve into the personalities who had provided inspiration and to whom he is grateful and indebted for his growth in life. He has also devoted some pages for those personalities who had tried to prevent him from growing in life. This book will make a good read for the common man.
