KIMBERLY DEMARION

The 20 best novels of thailand MacMillan India

This quirky novel - a bestseller in India - chronicles an Indian student's year abroad at an American university. Gopal's hilarious misadventures with the American language, his flamboyant landlady, the ubiquitous hamburger, and, most of all, American women form the basis for this wonderfully truthful story. Faced with the relentless sexuality of his fellow college students, the quintessentially decent Gopal reacts with a mixture of disbelief, sly amusement, and hormonal overload. Throughout his battles with racism, his own insecurity, and his family's warning that he will be severely judged should he dabble in America's temptations, Gopal retains a dignity and surprising shrewdness, rejecting the worst of what America offers even as he recognizes the best. Following reluctantly behind the outrageous leadership of his American friend Randy, the naive but observant Gopal reacts with a wit that far transcends his linguistic limitations.

The Great Indian Novel Simon and Schuster

"Through a seeming act of providence, an old couple receives a day-old female goat kid as a gift from the cosmos. Thus begins the story of Poonachi, the little orphan goat, who survives against the odds and carries the burden of being different all her life long. As you follow her story from forest to habitation, independence to motherhood, you recognise in its significant moments the depth and magnitude of your own fears and longings, fuelled by instinct for survival that animates all life."--Provided by publisher.

That Man on the Road Pustak Mahal

A masterpiece of British Indian literature in a vibrant modern English translation

A Concise History of South India Indiana University Press
A vibrant fable of marriage, caste and social convention from a major Indian writer Kali and Ponna are perfectly content in their marriage, aside from one thing, they are unable to conceive. As their childlessness begins to attract local gossip and family disapproval, they try everything from prayers to potions, but none of the offerings or rituals helps. Increasingly unhappy and desperate, they consider a more drastic plan: the annual chariot festival, a celebration of the half-male, half-female god Maadhorubaagan. For one night, the rules of marriage are relaxed, and consensual sex between unmarried men and women is overlooked, for all men are considered gods. But rather than bring them together, this scheme threatens to drive the couple apart. Selling over 100,000 copies in India, where it was published first in the original Tamil and then in this celebrated English translation, *One Part Woman* has become a cult phenomenon in the subcontinent, jump-starting conversations about caste and

female empowerment. Tender, deeply poignant, and biting critical, *One Part Woman* is a powerful exploration of a loving marriage under strain. Perumal Murugan is an Indian author and professor of Tamil literature. He has written six novels and four collections each of short stories and poetry. His best-known novel *One Part Woman*, highly controversial in India, won the ILF Samanvay Basha Samman, and Aniruddhan Vasudevan's English rendering won the Translation Prize from India's National Academy of Letters.

Kakka-the novel that "turned Telegu literature on its head," Vemula Yellaiah's 2000 debut is a stylistic Cirque-du-Soleil act. Boy and body politic come of age together in Kakka-stark, minimalist realism meets the symphonic forms and registers of fantasy. A storytelling triumph, in particular Dalit, and at large, the novel is a pioneering record of slavery's myriad manifestations, and of the productive work Madigas render unto the landlords. Even as their daily inter-caste encounter is described as never before by Yellaiah-never before has the marginalization of a Dalit within his Dalit kinships been written about as in Kakka. Eponymous hero and reader alike grow into their cast through one after another outcast(e). K. Purushotham and Gita Ramaswamy's sparse translation is as unapologetic as its source, and as exceptionally beautiful.

There are three major healing traditions in the world: Western biomedicine, supernatural healing, and holistic healing. In a world of increasingly blended cultures, languages, and traditions, what happens when these contrasting healing practices clash? In *A Case of Culture*, author Snigdha Nandipati delves into the unspoken challenges that immigrant patients face when seeking

healthcare in the West, exploring how we can bridge these cultural divides in our healthcare system. The solution? Cultural brokers. In this book, readers will learn how cultural brokers advocate for their patients, enhance the patient-doctor relationship, and build cultural humility in the healthcare setting through stories such as: the hospitalist who revived her unconscious elderly Indian patient by calling her "Aunty" the Latino Evangelical priest who used his sermon to encourage worshippers to get vaccinated against COVID-19 the psychiatrist who gained the trust of his Telugu patient with the skillful balance of spirituality and medicine Readers will better understand how culture plays a role in the medical care that is provided and how cultural brokers work to fill the growing culture gap in healthcare. This book will speak to healthcare providers and immigrant families alike - those who hope to look at culture and healthcare with fresh eyes.

This resource covers one of the most contentious and politically charged topics today. The history of agriculture is traced, from ancient practices to the use and impact of modern technology and the advances of scientific agriculture. The book explains the reactions of scientists, farmers, chefs, and medical doctors to the scientific changes in agriculture, which have ranged from support to skepticism, and shows how different governments around the world view the inclusion of GMOs in food. The unbiased approach allows readers to decide for themselves whether GMOs are the answer to world hunger or could negatively impact the health of the world population.

Linguistic Archaeology of South Asia That Man on the Road
A savage indictment of religious extremism and man's inhumanity to man, *Lajja* was banned in Bangladesh, but became a bestseller in the rest of the world. The Duttas—Sudhamoy and Kironmoyee, and their children, Suranjan and Maya— have lived in Bangladesh all their lives. Despite being members of a small, vulnerable Hindu community, they refuse to leave their country, unlike most of their friends and relatives. Sudhamoy believes with a naive mix of optimism and idealism that his motherland will not let him down. And then, on 6 December 1992, the Babri Masjid is demolished. The world condemns the incident, but its immediate fallout is felt most acutely in Bangladesh, where Muslim mobs begin to seek out and attack Hindus. The nightmare inevitably

arrives at the Duttas' doorstep, and their world begins to fall apart.

The course of south Indian history from pre-historic times to the contemporary era is a complex narrative with many interpretations. Reflecting recent advances in the study of the region, this volume provides an assessment of the events and socio-cultural development of south India through a comprehensive analysis of its historical trajectory. Investigating the region's states and configurations, this book covers a wide range of topics that include the origins of the early inhabitants, formation of the ancient kingdoms, advancement of agriculture, new religious movements based on bhakti, and consolidation of centralized states in the medieval period. It further explores the growth of industries in relation to the development of East-West maritime trade in the Indian Ocean as well as the wave of Islamicization and the course of commercial relations with various European countries. The book then goes on to discuss the advent of early-modern state rule, impact of the raiyatwari system introduced by the British, debates about whether the region's economy developed or deteriorated during the eighteenth century, decline of matriliney in Kerala, emergence of the Dravidian Movement, and the intertwining of politics with

contemporary popular culture. Well illustrated with maps and images, and incorporating new archaeological evidence and historiography, this volume presents new perspectives on a gamut of issues relating to communities, languages, and cultures of a macro-region that continues to fascinate scholars and readers alike.

Jugari Cross is a suspense thriller woven around the everyday incidents that occur with an ordinary farming couple's life. The story set within 24 hours is not just a typical suspense thriller with a trace of history and a literary quest, but enormously stimulates the reader to analyze the broader spectrum of philosophy, literature, and the principles of global economies established around us. I hope the reader community will appreciate how this suspense thriller gives the glimpses of nature, ecology, social

reforms, literature, global/local economies, and many more social dimensions.
