Mastering English Grammar Cambridge University Press  
 New English Grammar Series  
Understanding Sentence Structure V&S Publishers  
 In this chapter you will learn :- Sentences can be constructed in three ways : Simple sentence : A simple sentence expresses a single, complete thought, Compound sentence : A compound sentence contains two or more independent clauses (Simple sentences) joined by a coordinating conjunction, Complex sentences : A complex sentence is a sentence with an independent clause and at least one dependent clause.  
*English Grammar* Macmillan International Higher Education  
 This book provides a concise introduction to work in syntactic theory, drawing on the key concepts of Chomsky's Minimalist Program.

**Rules and Cautions in English Grammar Founded on the Analysis of Sentences** Cambridge University Press  
 Today English has almost become indispensable in India and abroad, as it is considered to be a standard, international language of communication across the globe. Hence, learning this language has become a necessity, irrespective of one's age, sex, colour or race. English Grammar And Usage is an altogether different and unique book for understanding and learning the language easily and quickly by writing and speaking innumerable readymade sentences given in the book on each topic of Grammar, without actually studying English Grammar in detail and without the help of one's own mother tongue. There are different types of Sentence Structures available in the book in the easiest possible forms that make it very user-friendly and interesting for readers of all age groups, especially the student section, who wish to know the language correctly and thoroughly. The book is a result of insistent and practical research of around 18 years by the author, when he was in the Solomon Public School accompanied by a number of teachers at various levels, and compiled together as one comprehensive book. Read on to find more...

*A Final Course Of Grammar & Composition* Dorrance Publishing

This clear and concise introduction offers students of linguistics and English language a comprehensive overview of English grammar, including word structure, major and minor word classes, phrases, clauses and sentences. Based on twenty years' teaching practice, Louise Cummings adopts a unique approach of using three real-world contexts - first language acquisition, language disorders and non-standard dialects - as a pedagogical tool to make grammatical concepts meaningful to students and to improve engagement and understanding. In seven accessible chapters, students are encouraged to develop the analytical skills they require to give a comprehensive description of the grammar of the English language. A range of supportive learning aids is used, including: • Learning objectives and section 'key points' summaries • Varied examples from world Englishes and print media • Homework assignments, exercises and revision questions • Targeted further reading suggestions and 'special topics' boxes • A glossary of 300 entries • An extensive range of online resources for instructors and students, including a test bank of 140 multiple-choice questions, useful links and an answer key.

*Understanding English Grammar Through Traditional Sentence Diagraming* EKalam

**A manual of English grammar, and analysis of sentences** S. Chand Publishing

A quick reference guide to sentence structure and word order in English, ideal

for students of English, editors, writers and anyone with an interest in grammar fundamentals.

*The Sentence* S. Chand Publishing

Ever wondered why we can say "Maria made the boy cry" but not "Maria made the boy crying"? Or why "Two coffees, please" is acceptable, but "Melvin loves coffees" is generally wrong? Or why we say "It has been raining since ten", even though nobody asks "What did you say has been raining"? These are some puzzles that will be examined in *The Nuts and Bolts of English Grammar*. This book will help you understand what English grammar is and how it works. It will show how English combines parts of words to form longer words, how words change their form and combine with other words to form phrases, and how phrases are subsequently combined to form clauses and sentences and texts. Grammar is made both interesting and practical with real-life grammar puzzles. Will this book help you to improve your grammar? Probably, because if you've gained a better understanding of grammar by the time you reach the end of this book, you should be able to analyse your own sentences in ways you've never done before, and spot and avoid common grammatical errors.
