Mystery / Casting: 5m, 7f / Scenery: Interior The announcement in the local paper states time and place of a murder to occur in Miss Blacklock's Victorian house. The victim is not one of several occupants, temporary and permanent, but an unexpected and unknown visitor. What follows is a classic Christie puzzle of mixed motives, concealed identities, a second death, a determined Inspector grimly following the twists and turns, and Miss Marple on hand to provide the final solution at some risk to herself in a dramatic confrontation scene just before the final curtain. "Had the first night audience on the edge of their seats." Evening Post. "Re enter Agatha with another whodunit hit, another of her fiendishly ingenious murder mysteries." London Evening News.

Miss Marple receives a postcard from the recently deceased Mr. Jason Rafiel, a millionaire whom she had met during a Caribbean holiday and who had been her greatest ally in solving a murder. He has left instructions for investigating an unspecified crime after his death. If she succeeds in solving it, she will inherit £20,000. Mr. Rafiel hasn't provided her with any details, but he has left her instructions to go on a vacation he has planned for her

with a tour group traveling by bus through England and visiting historic homes and gardens. Now, Miss Marple is faced with the ultimate crime ? murder. Someone is quite determined that the past should remain buried. In *Nemesis*, Miss Marple must solve a crime that not only has no body, no weapon, and no suspects, but no evidence that a crime has even been committed. All she has to go on is one single word: *nemesis*.

Excerpt: A Murder is Announced is a work of detective fiction by Agatha Christie and first published in the UK by the Collins Crime Club in June 1950 and in the US by Dodd, Mead and Company in the same month. The UK edition retailed at eight shillings and sixpence (8/6) and the US edition at \$2.50. The novel features her detective Miss Marple and is considered a crime novel classic. The book was heavily promoted upon publication in 1950 as being Christie's fiftieth book, although in truth this figure could only be arrived at by counting in both UK and US short story collections. A strange notice appears in the morning paper of a perfectly ordinary small English village, Chipping Cleghorn: "A murder is announced and will take place on Friday, October 29th, at Little Paddocks, at 6:30 p.m. Friends accept this, the only intimation." This apparently comes as a great surprise to Letitia Blacklock, the owner of Little Paddocks, as she has no idea what the notice means; she didn't place it and none of her companions knows more than she. Miss Blacklock decides to take it in her stride and prepares herself to have guests that evening. Naturally, the villagers are intrigued by this notice, and several of them appear on the doorstep with awkward reasons but a definite interest. As the clock strikes 6:30, the lights go out and a door swings open, revealing a man with a blinding torch. In a heavily accented voice, the man demands they "Stick 'em up!" Most of the guests do so, believing it to be part of a game. The game ends when...

The Secret of Chimneys Never do favors—that's the lesson it would've behooved Anthony Cade to learn before getting himself wrapped up in a case of conspiracy and murder. Politician George Lomax has persuaded Lord Caterham to host a weekend party at Chimneys, his country estate. Lomax hopes to cement plans to reinstate the monarchy in Herzegovina. But when the prince of Herzegovina turns up dead, Cade has a lot of explaining to do. After all, his footprints were found on the grounds . . . though not inside the house. The Secret of Chimneys As one criminal conspiracy leads to another, both Scotland Yard and the French Sûreté are on the scene to set things right. Soon, thanks to the detective work of Superintendent Battle, everyone's secrets—and the secret of Chimneys itself—will be on display. A young drifter finds more than he bargained for when he agrees to deliver a parcel to an English country house... The Secret of Chimneys Little did Anthony Cade suspect that a simple errand on behalf of a friend would make him the centrepiece of a murderous international conspiracy. Someone would stop at nothing to prevent the monarchy being restored in faraway Herzoslovakia. The Secret of Chimneys The combined forces of Scotland Yard and the French Surete can do no better than go in circles - until the final murder at Chimneys, the great country estate that yields up an amazing secret... The Secret of Chimneys At the request of George Lomax, Lord Caterham reluctantly agrees to host a weekend party at his home, Chimneys. A murder occurs in the house, beginning a week of fast-paced events with police among the guests. The novel was well received at first publication, described as more than a murder mystery, as it is a treasure hunt. Later reviews found it a first-class romp and one of the author's best early thrillers. The most recent review says the novel requires a hefty suspension of disbelief. The later reviewers note that descriptions of characters use the terminology of the times in which it was written, and might be considered racist decades later. The Secret of Chimneys The novel was written in 1925. The characters in the story refer to events that occurred about 7 years earlier, that is, at the end of the Great War when the Austro-Hungarian and Ottoman Empires were broken up. The war is never mentioned directly. Instead, in Chapter 19, Superintendent Battle says: "Just over seven years ago, there was a lot what they called reconstruction going on especially in the Near East." At the same time, many royal persons were in England, including the Queen of Herzoslovakia, and Count Stylptitch; all the Balkan states were interested parties in discussions taking place. It is at this time that the Koh-i-Noor diamond disappeared in the plot. Later, in an unspecified year, the Herzoslovakians rose up against the king and his commoner wife. About that time, Mrs. Virginia Revel and her husband Tim were part of the diplomatic mission from the UK to Herzoslovakia, so that Mrs. Revel had met Prince Michael; she was the only such person at the house party, to know Prince Michael, but not the only person in the house. The time immediately after the war was when the theft, solved in this novel, happened. The Secret of Chimneys
