ALICE BRADSHAW

Voices from the Partition of India

Penguin UK

In 1810, while still at Eton, Percy Bysshe Shelley published *Zastrozzi*, the first of his two early Gothic prose romances. He published the second, *St. Irvyne; or, The Rosicrucian*, a year later. These sensationalist novels present some of Shelley's earliest thoughts on irresponsible self-indulgence and violent revenge, and offer remarkable insight into an imagination that is strikingly modern. This new Broadview Literary

Texts edition also brings together the fragmentary remains of Shelley's other prose fiction, including his chapbook, *Wolfstein*, and contemporary reviews both by Shelley and about his work.

An Introduction to Statistical Methods and Data Analysis OUP India

Kant's attempt to establish the principles behind the faculty of judgment remains one of the most important works on human reason. This third of the philosopher's three Critiques forms the very basis of modern aesthetics.

Explore the fascinating history of south-east Asia *A Short History of South-East*

Asia, Sixth Edition is the latest in a series of updated texts spotlighting this fascinating region. With revised chapters for all of the countries in this geographic area, this interesting text paints a remarkable overview of the characters and events that have shaped this part of the world. Founded upon a deeply perceptive observation of the late founding Prime Minister of Singapore Lee Kuan Yew, this book brings shape to the idea that 'to understand the present and to anticipate the future, one must know enough of the past, enough to have a sense of the history of a people.' With an approachable writing style and comprehensive content, this unique text was written for business readers interested in improving their understanding of this important region.

With globalization continuing to gain momentum, south-east Asia is emerging as an important business sector for many industries. Not only does this open up professional opportunities, it exposes individuals in other parts of the world to the unique histories and cultures of the area. If you are interested in learning more about the region, this abbreviated text is a wonderful resource. Explore historic and political developments that have taken place throughout south-east Asia Quickly navigate text organized by country, allowing you to dive into the events that have shaped Brunei, Cambodia, East Timor, Indonesia, Lao PDR, Malaysia, Myanmar, the Philippines, Singapore, Thailand, and Vietnam Gain an important global perspective, which can prove valuable on personal and

professional levels Leverage your new understanding of the region's past to better understand its present and anticipate its future A Short History of South-East Asia, Sixth Edition is an abbreviated history of south-east Asia written with business readers in mind. The Present Volume Has A Wide Coverage. It Includes Papers Written By

A Dozen Economists Spread Over The Entire Country. The Fields Covered In The Papers Include Agriculture, Industry, Banking, Human Development And Science And Technology Policy. The Response To The Two Volumes Released Earlier Was So Encouraging That It Has Led To The Publication Of The Present Third Volume. It Is Hoped That The Book Would Be Found Useful By The Researchers And Students Of Economics, Businessmen, Government Executives Concerned With The Formulation And Execution Of Economic Policies, Parliamentarians And Legislators, And The General Readers Interested In Knowing The Changes That Are Taking Place In Our Economy.

The Highest Stage of Capitalism
Routledge

pubOne.info present you this new edition. It was with considerable reluctance that I abandoned in favour of the present undertaking what had long been a favourite project: that of a new edition of Shelton's "Don Quixote," which has now become a somewhat scarce book. There are some- and I confess myself to be one- for whom Shelton's racy old version, with all its defects, has a charm that no modern translation, however skilful or correct, could possess. Shelton had the inestimable advantage of belonging to the same generation as Cervantes; "Don Quixote" had to him a vitality that only a contemporary could feel; it cost him no dramatic effort to see things as Cervantes saw them; there is no anachronism in his language; he put the

Spanish of Cervantes into the English of Shakespeare. Shakespeare himself most likely knew the book; he may have carried it home with him in his saddlebags to Stratford on one of his last journeys, and under the mulberry tree at New Place joined hands with a kindred genius in its pages.

Indian Writing in English Broadview Press

To get the job you want you need a CV that really does the job. This practical,

bestselling book will show you exactly how to present your skills, identify your achievements and communicate these successfully. You will learn to focus on your strengths and find out which skills to highlight for which kind of job. The author suggests different styles and uses for a CV, showing how to get the most from your most powerful marketing tool, whatever your background or current situation. And you will find invaluable advice on what to do once you've got an interview.

The General Theory of Employment, Interest and Money Columbia

University Press

The second edition of this user-friendly text for students taking introductory courses in politics builds on the success of the first edition. It provides completely

updated and stimulating coverage of topics essential to the understanding of contemporary politics. Ideal for students taking combined degrees at introductory level in politics and the social sciences, it emphasises the individual and social dimension of politics and covers theories and concepts in an accessible way. New features in the second edition include: * new examples drawn from Western democracies and other political systems * expanded sections on nationalism, religion, alternative politics, globalisation and ethnic conflict * updated examples from the most contemporary political events * biographies of key political thinkers and figures.

The Mayor of Casterbridge Taylor & Francis

The pamphlet here presented to the

reader was written in the spring of 1916, in Zurich. In the conditions in which I was obliged to work there I naturally suffered somewhat from a shortage of French and English literature and from a serious dearth of Russian literature. However, I made use of the principal English work on imperialism, the book by J. A. Hobson, with all the care that, in my opinion, work deserves. This pamphlet was written with an eye to the tsarist censorship. Hence, I was not only forced to confine myself strictly to an exclusively theoretical, specifically economic analysis of facts, but to formulate the few necessary observations on politics with extreme caution, by hints, in an allegorical language—in that accursed Aesopian language—to which tsarism compelled

all revolutionaries to have recourse whenever they took up the pen to write a “legal” work. It is painful, in these days of liberty, to re-read the passages of the pamphlet which have been distorted, cramped, compressed in an iron vice on account of the censor. That the period of imperialism is the eve of the socialist revolution; that social-chauvinism (socialism in words, chauvinism in deeds) is the utter betrayal of socialism, complete desertion to the side of the bourgeoisie; that this split in the working-class movement is bound up with the objective conditions of imperialism, etc.—on these matters I had to speak in a “slavish” tongue, and I must refer the reader who is interested in the subject to the articles I wrote abroad in 1914-17, a new edition of

which is soon to appear. In order to show the reader, in a guise acceptable to the censors, how shamelessly untruthful the capitalists and the social-chauvinists who have deserted to their side (and whom Kautsky opposes so inconsistently) are on the question of annexations; in order to show how shamelessly they screen the annexations of their capitalists, I was forced to quote as an example—Japan! The careful reader will easily substitute Russia for Japan, and Finland, Poland, Courland, the Ukraine, Khiva, Bokhara, Estonia or other regions peopled by non-Great Russians, for Korea. I trust that this pamphlet will help the reader to understand the fundamental economic question, that of the economic essence of imperialism, for unless this is studied,

it will be impossible to understand and appraise modern war and modern politics.

What is Political Theory? LIS Links

This illustrated book focuses on the Pre-Raphaelite artists and their radical departure from artistic conventions. Barringer explores the meanings encoded in Pre-Raphaelite paintings and analyses key pictures and their significance within the complex social and cultural matrix of 19th century Britain.

Literary Criticism Tata McGraw-Hill Education

Argues for an original, unorthodox conception about the relationship between globalization and contemporary nationalism. While the prevailing view holds that nationalism and globalization

are forces of clashing opposition, Sabanadze establishes that these tend to become allied forces. Acknowledges that nationalism does react against the rising globalization and represents a form of resistance against globalizing influences, but the Basque and Georgian cases prove that globalization and nationalism can be complementary rather than contradictory tendencies. Nationalists have often served as promoters of globalization, seeking out globalizing influences and engaging with global actors out of their very nationalist interests. In the case of both Georgia and the Basque Country, there is little evidence suggesting the existence of strong, politically organized nationalist opposition to globalization. Discusses why, on a broader scale, different forms

of nationalism develop differing attitudes towards globalization and engage in different relationships. Conventional wisdom suggests that sub-state nationalism in the post-Cold War era is a product of globalization. Sabanadze's work encourages a rethinking of this proposition. Through careful analysis of the Georgian and Basque cases, she shows that the principal dynamics have little, if anything, to do with globalization and much to do with the political context and historical framework of these cases. This book is a useful corrective to facile thinking about the relationship between the 'global' and the 'local' in the explanation of civil conflict. Neil MacFarlane, Lester B. Pearson Professor of International Relations and fellow at St. Anne's College, Oxford University

and chair of the Oxford Politics and International Relations Department. *Select Political Systems* Lulu.com
A collectible new Penguin Classics series: stunning, clothbound editions of ten favourite poets, which present each poet's most famous book of verse as it was originally published. Designed by the acclaimed Coralie Bickford-Smith and beautifully set, these slim, A format volumes are the ultimate gift editions for poetry lovers. *Lyrical Ballads* (1798) is a landmark collection of poems that marks the beginning of the English Romantic Movement in literature. Co-written by friends William Wordsworth and Samuel Taylor Coleridge, the collection broke away from traditional poetic form. Of the twenty-three poems, Wordsworth penned works such as 'Lines written a

few miles above Tintern Abbey' and 'The Idiot Boy' that use colloquial speech and take the everyday as their theme. The collection also includes Coleridge's greatest poem 'The Rime of the Ancient Mariner', a supernatural tale of a sailor's voyage.

Coolie Duke University Press

What Is Political Theory? provides students with a comprehensive overview of the current state of the discipline. Eleven substantive chapters address the most pressing topics in political theory today, including: - what resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the challenges of modern political life?

The authors assess the intellectual challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book invaluable in understanding the factors that have shaped current political theory and which will guide its future development.

Lyrical Ballads Penguin UK

Watch Professor Melkote talk about *Communication for Development: Theory and Practice for Empowerment and Social Justice*. This book critically examines directed social change theory and practice while presenting a conceptual framework of development communication to address inequality and injustice in contemporary contexts. This third edition features significantly revised and updated chapters to include the latest scholarship on, and practices of, media and communication for development. It explores empowerment and social justice to individuals and communities around the world in the context of increasing globalization. Tracing the history of development communication, it looks objectively at diverse approaches and their supporters,

and goes on to provide models for the future. It also offers a new chapter presenting the authors' framework foregrounding empowerment and social justice as goals for development communication in the 21st century. The earlier editions of this book, *Communication for Development in the Third World* (1991 and 2001), are established core texts for courses on development communication throughout the world.
