Pobalscoil Chloich

Cheannfhaola (P.C.C.) is a community school located in the Gaeltacht area of Falcarragh in the beautiful North West of Co.

Donegal. Every year, 2nd-year students who participate in the Junior Certificate Schools Programme (JCSP), have the opportunity to get involved in the JCSP Make a Book exhibition.

Students create a book based on a subject that is of interest to them and then display it alongside books created by students from schools all over the North West of Ireland.

This wonderful showcase represents many hours of work by the students and their teachers and is a chance for students to exhibit their many skills and talents. Over the last few years, our school has

been very fortunate to be able to collaborate with Pobal le Chéile, a local community development group in Falcarragh. This collaboration has been a very positive experience for the students and staff at P.C.C. and has served to help build links in the community. It has also given our JCSP students the opportunity to work with some of their greatly talented staff and learn so much through workshops, visits and talks. This year, Rang Eoin chose to create a digital book based around a tree planting project they undertook. The idea for this project came about through a donation of trees to the school and community from "Trees on the Land" which is a charity and not-for-profit project from the Green Economy Foundation in collaboration with The Woodland Trust in Northern Ireland. As a JCSP librarian, it is always a proud moment when students see their finished book for the first time and can celebrate the fact that they are authors, no mean feat at the age just of 14 or 15 years old. Sarah Ball, JCSP Librarian

Transform fundraising events into long-term revenue with expert auction advice *A Higher Bid* is the nonprofit school and organization guide to planning and executing more exciting, more lucrative special event fundraisers. In this book, award-winning consultant, fundraiser, speaker, and professional auctioneer Kathy Kingston shares her proprietary and proven approaches to audience development, board empowerment, leadership succession, guest cultivation and engagement, and donor development. You'll learn how live auctions, special appeals, innovative icebreakers, silent auctions, and new technologies can help increase revenue, and how to execute these events in a way that translates to a stronger donor base for long-term giving. Kingston describes how to match the guest list and catalog for better results, and reveals the strategies professional

auctioneers use to curate the right auction items and discover the right people to generate optimum revenue and engage donors. This book offers a fresh approach to fundraising, showing you how charity benefit auctions can be made a centerpiece of fundraising special events to drive both short- and long-term fundraising goals while providing a fun and inspiring opportunity to generate awareness and keep supporters excited about the mission. Using Kingston's proven framework, you'll learn effective ways to: Strategically increase high-profit revenue streams Increase your organization's donor base Empower the board toward efficiency and productivity Engage supporters more deeply and keep them invested Donors are the lifeblood of any nonprofit organization, and sustainable revenue depends upon their high engagement and willingness to give. Well-executed benefit and charity auctions have proven to be effective fundraisers for nonprofits, associations, and schools of all types, and *A Higher Bid* is the expert guide to optimizing these special

events for maximum impact.

The Outboard Motor

Manual Haynes Manuals N. America, Incorporated SELOC Marine

maintenance and repair manuals offer the most comprehensive, authoritative information available for outboard, inboard, stern-drive and diesel engines, as well as personal watercraft. SELOC has been the leading source of how-to information for the marine industry since 1974.

Designed and written to serve the needs of the professional mechanic, do-it-yourself boat enthusiast, instructor and student, these manuals are based on actual teardowns done by Chilton Marine's editors/authors in our on-site facility. Providing complete coverage on everything from basic maintenance to engine overhaul, every manual features: -Simple-to-follow, step-by-step, illustrated procedures - Hundreds of exploded

drawings, photographs and tables - Troubleshooting sections, accurate specifications and wiring diagrams - Recognized and used by technical trade schools as well as the U.S. military Covers all 80-300 Hp, V4, V6 and V8, 2-stroke models.
