WESTON SANTIAGO

Albanians and Jews Simon and Schuster

Two destinies intersect in this novel -- that of Gjorg, a young mountaineer who has just killed a man in order to avenge the death of his older brother, and who expects to be killed himself in keeping with the code of the highlands; and that of a young couple who have come to study the age-old customs, including the blood feud.

An Albanian Historical Grammar Arcade Publishing

This is the story of an Italian general, accompanied by his chaplain, charged with the mission of scouring Albania in search of the bones of their fallen countrymen, killed twenty years earlier during World War II.

Itaka E Fjales Simon and Schuster

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doruntine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she

claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

"Kadare is inevitably linked to Orwell and Kundera, but he is a far deeper ironist than the first, and a better storyteller than the second. He is a compellingly ironic storyteller because he so brilliantly summons details that explode with symbolic reality." —The New Yorker At the heart of the Ottoman Empire, in the main square of Constantinople, a niche is carved into ancient stone. Here, the sultan displays the severed heads of his adversaries. People flock to see the latest head and gossip about the state of the empire: the province of Albania is demanding independence again, and the niche awaits a new trophy . . . Tundj Hata, the imperial courier, is charged with transporting heads to the capital—a task he relishes and performs with fervor. As he travels through obscure and impoverished

territories, he makes money from illicit side-shows, offering villagers the spectacle of death. The head of the rebellious Albanian governor would fetch a very high price indeed. The Traitor's Niche is a surreal tale of tyranny and rebellion, in a land where armies carry scarecrows, state officials ban entire languages, and the act of forgetting is more complicated than remembering. Long-listed for the 2017 Man Booker International Prize "The name of the Albanian novelist Ismail Kadare regularly comes up at Nobel Prize time, and he is still a good bet to win it one of these days . . . He is seemingly incapable of writing a book that fails to be interesting." —The New York Times

The Illyrians to the Albanians

Serbian writer Danilo Kis was preoccupied with man's dehumanization in a mechanized, totalitarian world. His dazzling fiction established him as one of the most artful and eloquent authors of postwar Europe. In this

first collection of his non-fiction, Kis displays the dynamic, sensitive, and insistently questioning approach to the dilemmas of the modern world that distinguishes his novels and stories and confirms his reputation as one of the most important voices of our time.

The Ghost Rider

When it was first published in the author's native country, THE PALACE OF DREAMS was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

Myths about Suicide

Skyhorse Publishing Inc.

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life.

Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but

discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastër, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel, a reunion in

the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, *The Fall of the Stone City* shows Kadare at the height of his powers. *The Pyramid* Simon and Schuster

This clearly written text explores the rational theology of Islam, the conflict between the "defenders of God" and the "defenders of reason", and the controversy's historical roots. *Kanuni i Lekë Dukagjinit* Random House

In the mid-1930s, two Irish Americans travel to the Albanian highlands with an early model of a marvelous invention, the tape recorder. Their mission? To discover how Homer could have composed works as brilliant and as long as *The Iliad* and *The Odyssey* without ever putting pen to paper. The answer, they believe, can be found only in Albania, the last remaining habitat of the oral epic. But immediately upon their arrival, the scholars' seemingly arcane research excites suspicion and puts them at the center of ethnic strife in the Balkans.

Mistaken for foreign spies, they are placed under surveillance and are dogged by gossip and intrigue. It isn't until a fierce-eyed monk from the Serbian side of the mountains makes his appearance that the scholars glimpse the full political import of their search for the key to the Homeric question. *The General of the Dead Army* Rowman & Littlefield

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. *The Siege* tells the enthralling story of the weeks and months that follow – of

the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries. *The Successor* Macmillan

From the quintessential author of wartime Germany, *A Time to Love* and *A Time to Die* echoes the harrowing insights of his masterpiece *All Quiet on the Western Front*.

After two years at the Russian front, Ernst Graeber finally receives three weeks' leave. But since leaves have been canceled before, he decides not to write his parents, fearing he would just raise their hopes. Then, when Graeber arrives home, he finds his house bombed to ruin and his parents nowhere in sight. Nobody knows if they are dead or alive. As his leave draws to a close, Graeber reaches out to Elisabeth, a childhood friend. Like him, she is imprisoned in a world she did not create. But in a time of war, love seems a world away. And sometimes, temporary comfort can lead to something unexpected and redeeming. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

Around the world, more than a million people die by suicide each year. Yet many of us know very

little about a tragedy that may strike our own loved ones—and much of what we think we know is wrong. This clear and powerful book dismantles myth after myth to bring compassionate and accurate understanding of a massive international killer. Drawing on a fascinating array of clinical cases, media reports, literary works, and scientific studies, Thomas Joiner demolishes both moralistic and psychotherapeutic clichés. He shows that suicide is not easy, cowardly, vengeful, or selfish. It is not a manifestation of "suppressed rage" or a side effect of medication. Threats of suicide, far from being idle, are often followed by serious attempts. People who are prevented once from killing themselves will not necessarily try again. The risk for suicide, Joiner argues, is partly genetic and is influenced by often agonizing mental disorders. Vulnerability to suicide may be anticipated and treated. Most important, suicide can be prevented. An eminent expert whose own father's death by suicide changed his life, Joiner is relentless in his pursuit of the truth about suicide and deeply

sympathetic to such tragic waste of life and the pain it causes those left behind.

In the Balkan Peninsula, history's long-disputed bridge between Asia and Europe, the receding Byzantine empire has left behind a patchwork of warring peoples who fight over everything, from their pastures of sheep to the authorship of their countless legends. One such gruesome tale declares that a castle under construction cannot be finished until a young mason's bride has been walled up alive, one breast left exposed to suckle her growing infant even after her death. Myth becomes perverse reality when a mason is plastered into a bridge over a strategically important river, where his will not be the last human sacrifice.

As spring arrives in the Albanian mountain town of B, some strange things are emerging in the thaw. Bank robbers strike the National Bank. Old terrors are dredged up from the shipwreck of history. And ultra-explosive state

secrets are threatening to flood the entire nation. Mark, an artist, finds the peaceful rhythms of his life turned upside down by ancient love and modern barbarism and by the particular brutality of a country surprised and divided by its new freedom.

The Accident French & European Publications
The author suggests that in this era following the postmodern we have entered a new, monist epoch in which aesthetically mediated belief replaces endless irony as the dominant force in culture. The book documents the "new

monism" through an examination of popular films and novels such as *American beauty*, *Life of Pi*, and *Middlesex* as well as in the work of major architects and artists such as Sir Norman Foster, Andreas Gursky, and Vanessa Beecroft. --book cover.
