Marketing Research provides comprehensive information on both the quantitative methods used in marketing research and the many considerations a manager faces when interpreting and using market research findings. Marketing research hot topics are featured, including competitive intelligence, published secondary data and the Internet, and marketing research suppliers and users. Each chapter helps you explore ethical dilemmas related to the topics discussed, the uses and needs for marketing research across business functions, and how to use the Internet to gather marketing research data in an efficient, cost-effective manner. By focusing on the managerial aspects of marketing research, this book provides you with both the tools to conduct marketing research, as well as those to interpret the results and use them effectively as a manager.

Revealing the significance of religion in contemporary life, *World Religions Today*, Sixth Edition, explores major religious traditions--Judaism, Christianity, Islam, Hinduism, Buddhism, South Asian religions, East Asian religions, indigenous religions, and new religions--as dynamic, ongoing forces in the lives of individuals and in the collective experience of modern societies. This unique volume accomplishes two goals: it connects today's religions to their classical beliefs and practices and focuses on how these religions have both radically changed the modern world and been changed by it. The book is enhanced by numerous pedagogical aids--text boxes, timelines, maps, illustrations, discussion questions, a comprehensive glossary

of key terms, and suggestions for further reading--and more than 200 photographs. World Religions Today, Sixth Edition, is also available as two separate volumes: Religions of Asia Today, Fourth Edition: 978-0-19-064242-6 Religions of the West Today, Fourth Edition: 978-0-19-064241-9 Wiley

Thoroughly revised and updated, *MARKETING STRATEGY*, 6e continues with one primary goal: to teach students to think and act like marketers. Packed with cutting-edge coverage, current examples, new cases, and photographs, the sixth edition delivers a practical, straightforward approach to analyzing, planning, and implementing marketing strategies--helping students learn to develop a customer-oriented market strategy and market plan. Students sharpen their analytical and creative critical thinking skills as they learn the key concepts and tools of marketing strategy. Continuing in the text's signature student-friendly style, the sixth edition covers essential points without getting bogged down in industry jargon--all in a succinct 10 chapters. The direction of *Marketing Research*, 2e heads towards a more application-oriented approach, wonderfully enhanced by the creation of a custom website that will enable students to complete their marketing research project with our online support. In addition to this distinction, the focus of the new edition takes an application-oriented approach, providing students with the tools and skills necessary to solve business problems and exploit business opportunities. This book is also unique from any other in the market in three significant ways. First, it provides a greater balance between primary and secondary information and the techniques and methods that underpin these two important types of data. Second, it offers in-depth coverage of the critical research tools and skills that will be required of today and tomorrow's marketing researchers and business decision-makers. Third, with its in-depth coverage of secondary research, the practice of customer-based management is highlighted as this book helps students see what real companies are doing for their marketing research. This book provides students a realistic and current view of the practice and importance of marketing research in the business world.
