From a beloved master of crime fiction, Nightmare in Pink is one of many classic novels featuring Travis McGee, the hard-boiled detective who lives on a houseboat. Travis McGee's permanent address is the Busted Flush, Slip F-18, Bahia Mar, Lauderdale, and there isn't a

hell of a lot that compels him to leave it. Except maybe a call from an old army buddy who needs a favor. If it wasn't for him, McGee might not be alive. For that kind of friend, Travis McGee will travel almost anywhere, even New York City. Especially when there's a damsel in distress. "As a young writer, all I ever wanted was to touch readers as powerfully as John D. MacDonald touched me."—Dean Koontz The damsel in question is his old friend's kid sister, whose fiancé has just been murdered in what the authorities claim was a standard Manhattan mugging. But Nina knows better. Her soon-to-be husband had been digging around, finding scum and scandal at his real estate investment firm. And this scum will go to any lengths to make sure their secrets

don't get out. Travis is determined to get to the bottom of things, but just as he's closing in on the truth, he finds himself drugged and taken captive. If he's being locked up in a mental institution with a steady stream of drugs siphoned into his body, how can Travis keep his promise to his old friend? More important, how can he get himself out alive? Features a new Introduction by Lee Child

When Peterhouse School opened in 1955, the British Empire in Africa was still intact and the Federation of Rhodesia and Nyasaland had just come into being. It was a boarding school founded on the British model, but with the intention that it would 'adapt all that is best in the Public School tradition to African conditions'. The story of Peterhouse is not only about work and sport, music and drama, chapel and syllabus changes. It is set in the context

of educational development and political changes in a Southern Africa country. The school became a pioneering multi-racial institution in 'white Rhodesia'; shared the sufferings of the country during the 'bush war'; expanded greatly in the new Zimbabwe, survived the contradictions of a black 'Marxist' government, and has kept its firm commitment to being a 'Church School'. Despite the uncertainties and challenges of the new century, this is a story of faith and vision.

Two plus one equals scorching hot fun. Dumped by his boyfriend and reduced to living in a grotty bedsit, Josh Carpenter has gotten used to expecting the worst. Now he lives only for his job as a glassblower...and occasional glimpses of

his sexy downstairs neighbors, Rai Nakamura and Evan Truman. Every time he overhears the diminutive academic and the hunky plumber having loud and obviously kinky sex, Josh is overwhelmed with lust...and a longing for a fraction of what they have. To his amazement, Rai and Evan find his embarrassing tendency to blush utterly charming, and the three men grow closer over the course of the long, hot summer. Despite Rai's charming flirtation and Evan's smoldering gaze, Josh is determined never to break his new friends' loving bonds. On the night a naked Josh falls—quite literally—into the middle of one of Rai and Evan's marathon sex sessions, the force of their mutual attraction takes control. But just as Josh dares to hope, he senses a change.

Leaving him to wonder if the winds of love are about to blow his way at last...or if history is about to repeat itself. Warning: Contains one well-endowed stud with a sexy accent, one improbably toppy bottom boy with an unfortunate owl obsession, and one blushing naïf who can't believe his luck. Also, the occasional indulgence in mathematical spanking and some shameless armpit sex.

Peer-to-peer music exchange, sampling, and digital distribution have garnered much attention in recent years, notably in debates about authorship, intellectual property, media control, and 'Web 2'. However, empirical scholarship on how these technologies are used creatively by musicians and fans is still sparse. In this interdisciplinary ethnography of

'bedroom producer' culture, Andrew Whelan examines interaction and exchange within a specific online milieu: peer-to-peer chatrooms dedicated to electronic music, focusing on a genre known as 'breakcore'. The author draws on semantic anthropology, ethnomethodology, sociolinguistics, and critical musicology to explore the activity afforded by this controversial and criminalised environment. Through in-depth analysis of often ritually vituperative text-based interaction, discussions of music, and the samples used in that music, Whelan describes the cultural politics and aesthetics of bedroom producer identity, highlighting the roles gender and ethnicity play in the constitution of subcultural authenticity. Empirically driven throughout, this book

also engages with a spectrum of social theory; in doing so, it highlights the intersections between gender, interaction, technology and music. This book will prove valuable for students and scholars with interests in gender and language use, computer-mediated communication, online subcultures and virtual community, and the evolution, production and distribution of electronic music.

A School in Africa Que Publishing Ecosystem research has emerged in recent decades as a vital, successful, and sometimes controversial approach to environmental science. This book emphasizes the idea that much of the progress in ecosystem research has been driven by the emergence of new environmental problems that could not

be addressed by existing approaches. By focusing on successes and limitations of ecosystems studies, the book explores avenues for future ecosystem-level research.

An exploration of the Kastner affair: a conspiracy, a violation of conscience, criminal betrayal. Picture those early days when the new nation of Israel was being formed in the region of Palestine European Jews had just endured history's ultimate holocaust. Allied

governments such as Great Britain had refused to take action to block the trains from carrying thousands of them to certain death. In those final days before the end of the war, the epicenter of the Nazi extermination effort was Hungary. Jews had fled there from Germany and Poland, but they could not outrun the shadow of death. That is the obvious truth, but was there more? Was there collaboration with the enemy that resulted in these murderous acts? Can you really trust governments and leaders to do what is right and best for those they represent? As Edmund Burke declared, "The only thing necessary for the triumph of evil is for good men to do nothing." But what happens when those who are trusted as good join forces with evil? Underlying this story is a bizarre

tapestry of deception at the highest levels of government with the lives of many innocents in the balance. The libel trial of Rudolf Kastner, a prominent journalist representing the new government and supported by its Prime Minister David Ben Gurion, establishes the outline of that hidden past, protected by the political interests of some of Israel's early leaders. A true classic...History that reads like a mystery novel when villains parade themselves as heroes and the real heroes are targets of evil.-Print ed.
