SAT\* Chemistry Subject Test Crash Course - Gets You a Higher Score in Less Time Our Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for your SAT\* Chemistry Subject Test yet? How will you memorize everything you need to know before the exam? Do you wish there was a fast and easy way to study for the test AND raise your score? If this sounds like you, don't panic. SAT\* Chemistry Crash Course is just what you need. Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know The Crash Course is based on an in-depth analysis of the SAT\* Chemistry course description and actual test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Our easy-to-read format gives you a crash course in: structure of matter, states of matter, reaction types, stoichiometry, equilibrium, and reaction rates. Expert Test-taking Strategies Our experienced chemistry teacher shares test tips and strategies that show you how to answer the questions you'll encounter on test day. By following our expert tips and advice, you can raise your score. Take REA's Online Practice Exams After studying the material in the Crash Course, go online and test what you've learned. Our practice exam features timed testing, diagnostic feedback, detailed explanations of answers, and automatic scoring analysis. The exams are balanced to include every topic and type of question found on the actual SAT\* Chemistry Subject Test, so you know you're studying the smart way. Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exam - this is one study guide every SAT\* Chemistry student must have. When it's crucial crunch time and your exam is just around the corner, you need SAT\* Chemistry Crash Course.

More people get into medical school with a Kaplan MCAT course than all major courses combined. Now the same results are available with Kaplan's MCAT General Chemistry Review. This book features thorough subject review, more questions than any competitor, and the highest-yield questions available. The commentary and instruction come directly from Kaplan MCAT experts and include targeted focus on the most-tested concepts plus more questions than any other guide. Kaplan's MCAT General Chemistry Review offers: UNPARALLELED MCAT KNOWLEDGE: The Kaplan MCAT team has spent years studying every document related to the MCAT available. In conjunction with our expert psychometricians, the Kaplan team is able to ensure the accuracy and realism of our practice materials. THOROUGH SUBJECT REVIEW: Written by top-rated, award-winning Kaplan instructors. All material has been vetted by editors with advanced science degrees and by a medical doctor. EXPANDED CONTENT THROUGHOUT: While the MCAT has continued to develop, this book has been updated continuously to match the AAMC's guidelines precisely—no more worrying if your prep is comprehensive! MORE PRACTICE THAN THE COMPETITION: With questions throughout the book and access to one practice test, Kaplan's MCAT General Chemistry Review has more practice than any other MCAT General Chemistry book on the market. ONLINE COMPANION: Access to online resources to augment content studying, including one practice test. The MCAT is a computer-based test, so practicing in the same format as Test Day is key. TOP-QUALITY IMAGES: With full-color, 3-D illustrations, charts, graphs and diagrams from the pages of Scientific American, Kaplan's MCAT General Chemistry Review turns even the most intangible, complex science into easy-to-visualize concepts. KAPLAN'S MCAT REPUTATION: Kaplan gets more people into medical school than all other courses, combined. UTILITY: Can be used alone or with other companion books in Kaplan's MCAT Review series.

All Access for the AP® Chemistry Exam - Completely Revised for the 2014 Exam! Book + Web + Mobile Everything you need to prepare for the Advanced Placement® exam, in a study system built around you! There are many different ways to prepare for an Advanced Placement® exam. What's best for you depends on how much time you have to study and how comfortable you are with the subject matter. To score your highest, you need a system that can be customized to fit you: your schedule, your learning style, and your current level of knowledge. This book, and the free online tools that come with it, will help you personalize your AP® Chemistry prep by testing your understanding, pinpointing your weaknesses, and delivering flashcard study materials unique to you. The REA AP® All Access system allows you to create a personalized study plan through three simple steps: targeted review of exam content, assessment of your knowledge, and focused study in the topics where you need the most help. Here's how it works: Review the Book: Study the Big Ideas tested on the AP® Chemistry exam and learn proven AP® strategies that will help you tackle any question you may see on test day. Test Yourself and Get Feedback: As you review the book, test yourself with 7 end-of-chapter quizzes, plus two mini-tests. Score reports from your free online tests and quizzes give you a fast way to pinpoint what you really know and what you should spend more time studying. Improve Your Score: Armed with your score reports, you can personalize your study plan. Review the parts of the book where you are weakest, and use the REA Study Center to create your own unique AP® Chemistry e-flashcards, adding to the 100 free cards included with this book. Visit The REA Study Center for a suite of online tools: The best way to personalize your study plan and truly focus on your weaknesses is to get frequent feedback on what you know and what you don't. At the online REA Study Center, you can access three types of assessment: topic-level quizzes, mini-tests, and a full-length practice test. Each of these tools provides true-to-format questions and delivers a detailed score report that follows the topics set by the College Board®. Topic-Level Quizzes Short, 15-minute online quizzes are available throughout the review and are designed to test your immediate grasp of the topics just covered. Mini-Tests Two online mini-tests cover what you've studied in each half of the book. These tests are like the actual AP® Chemistry exam, only shorter, and will help you evaluate your overall understanding of the subject. Full-Length Practice Test After you've finished reviewing the book, take our full-length AP® Chemistry exam to practice under test-day conditions. Available both in the book and online, this test gives you the most complete picture of your strengths and weaknesses. We strongly recommend that you take the online version of the exam for the added benefits of timed testing, automatic scoring, and a detailed score report. Improving Your Score: e-Flashcards With your score reports from the quizzes and tests, you'll be able to see exactly which AP® Chemistry topics you need to review. Use this information to create your own flashcards for the areas where you are weak. And, because you will create these flashcards through the REA Study Center, you'll be able to access them from any computer or smartphone. Not quite sure what to put on your flashcards? Start with the 100 free cards included when you buy this book. This complete test prep package comes with a customized study schedule and expert test-taking strategies and tips.

**5 Steps to a 5: AP Chemistry 2021 Elite Student Edition** Accepted, Incorporated

MATCHES THE LATEST EXAM REQUIREMENTS! Get ready to ace your AP Chemistry Exam with this easy-to-follow, multi-platform study guide 5 Steps to a 5: AP Chemistry 2021 Elite Student Edition introduces an effective five-step study plan to help you build the skills, knowledge, and test-taking
