ENGLISH LANGUAGE LABORATORIES Barrons Educational Series
The TOEFL (Test of English as a Foreign Language) is an internet-based test, or iBT, and this updated edition of Barron's TOEFL manual simulates the test's internet-based format. The manual presents seven full-length model TOEFL iBT tests with explanations or examples for all questions, including sample essays and speaking responses. Author Pamela Sharpe also gives test-takers a general orientation to the TOEFL iBT and follows with a review of academic skills, which include note taking, paraphrasing, summarizing, and synthesizing. A review of language skills covers listening, speaking, reading, and writing in English. The 10 enclosed audio CDs present audio prompts for the Listening, Speaking, and Writing sections of all tests in the book.

Today, acquiring English language skills has become so essential, especially for those who are looking for new jobs in reputed organizations as well as for the practising professionals. Many engineering students, even though they have adequate knowledge of their subject, are unable to express themselves well in English. Taking this into account, engineering colleges/institutes have introduced exclusive English Language Laboratories where students are drilled in the practical aspects of the English language. This compact and comprehensive book is a step-by-step practical guide to students, telling them how to prepare technical reports and how to acquire the basic communication skills—listening, speaking, reading and writing. The book deals with conversation, situational dialogues and role plays, and Group Discussions (GDs). It also gives detailed discussion about Interviews—step-by-step preparation, practical and psychological preparation, the dos and don'ts for interview—besides dealing with different kinds of interviews: telephonic, videoconferencing, and others. In addition, the text stresses the importance of researching the organization, and salary negotiations. Finally, the book shows the students how to make powerpoint presentations (PPTs), the structure of

presentation and using audio visuals. This activity based, skill-oriented, learner centred book is designed according to the WBUT syllabus on Technical Report Writing and Language Laboratory Practice for the B.Tech. students. However, it would be equally useful for B.Tech./B.E. students across the country.

DISTINGUISHING FEATURES : A practical and student friendly text, the stress being on the functional aspects of the language and various activities for acquiring the language. Gives the Methodology of conducting activities such as GDs, Interviews and Presentation. Provides model GD topics and the step-by-step process of making PPTs. Clearly spells out all the details, right from preparing a good job application, researching the company (including its financial health), to preparing the job portfolio, to wearing the proper dress, handling questions, and negotiating salary. Provides an extensive list of probable questions along with their answers to prepare students for mock interviews. Also gives well-crafted questions at the end of each lesson.

A fun, practical and easy-to-follow guide to manifestation for a whole new generation. 'Like a best friend, Jordanna will hold your hand and guide you towards your dream life.' - Melissa Ambrosini, bestselling author of *Mastering Your Mean Girl* 'Witty, practical and laugh out loud funny.' - Cassie Mendoza-Jones, *You Are Enough* Everyone can manifest. We're all doing it-every second of every day-without even realising it. For years, journalist and podcaster Jordanna Levin thought that she was psychic. She would worry about things and they would come true. But she wouldn't just worry; she would feel them, take subconscious action towards them and believe with every cell of her being that they would happen-and most of the time, they did. A broken foot, a cancelled flight, a tragic love story... the list went on. She soon realised that she wasn't just predicting the future, she was manifesting it. Until one day she changed the game. If she could manifest mishaps and disasters, why not the things she actually wanted? In this warm and witty book, Jordanna shares her personal experiences and struggles along with her foolproof equation for manifesting whatever you desire, from your dream job to a lasting relationship. Whether you're a matter-of-fact skeptic or a somewhat hippie yoga-lover, *Make It Happen* will empower you to take ownership of your life and create anything you want.
