OBRIEN MICAH

The Complete Idiot's Guide to Chemistry Penguin

Covers all elements of effective and grammatically-correct writing, including electronic formats, for any type of situation from research papers to business memos.

The Complete Idiot's Guide to Literary Theory and Criticism

Penguin

Make your own delicious cultured foods safely and easily! The art of fermenting foods is an ages-old craft that is enjoying a resurgence as people are discovering not only the health benefits of live-culture foods, but the true pleasure of creating their own fermentations at home. From kombucha to kefir, and from sourdough to kimchi, research is proving that live-culture foods can help reduce high cholesterol, strengthen and support digestive and immune systems, and help fight and prevent chronic diseases. The Complete Idiot's Guide® to Fermenting Foods covers the amazing health benefits of fermented foods and the techniques for safely fermenting food at home. Here's what you'll find in The Complete Idiot's Guide to Fermenting Food: Over 100 unique and delicious recipes for ferments of all types, including beverages, cultured dairy, fermented grains, vegetable ferments, and much more, and each with detailed instructions Helpful insight on the tools and techniques you'll need to know to safely create nearly any type of fermented food Detailed guidance on how fermentation works, how to troubleshoot common fermentation issues, and how to grow your own

starters

Filled with recommendations of popular, entertaining reading, this book covers mystery and suspense, romance, womenas fiction and chick lit, westerns, science fiction, such nonfiction topics as animals, art, biography, memoirs, business, true crime, and more. Plus, each entry includes a summary of the book, its significance, and a critique/observation/comment.

The Complete Idiot's Guide to Accounting Penguin

A guide for beginners offers diagrams and instructions for creating and updating computer networks in the home and office, covering new technologies, troubleshooting, and security.

The Complete Idiot's Guide to Speed Reading Penguin

From Plato to Freud to ecocriticism, the book illustrates dozens of stimulating- and sometimes notoriously complex- perspectives for approaching literature and film. The book offers authoritative, clear, and easy-to-follow explanations of theories that range from established classics to the controversies of current

theory. Each chapter offers a conversational, step-by-step explanation of a single theory, critic, or issue, accompanied by concrete examples for applying the concepts and engaging suggestions for related literary readings. Following a section on the foundations of literary theory, the book is organized thematically, with an eye to the best way to develop a real, working understanding of the various theories. Cross-references are particularly important, since it's through the interaction of examples that readers most effectively advance from basic topics and arguments to some of the more specialized and complicated issues. Each chapter is designed to tell a complete story, yet also to reach out to other chapters for development and debate. Literary theorists are hardly unified in their views, and this book reflects the various traditions, agreements, influences, and squabbles that are a part of the field. Special features include hundreds of references to and quotations from novels, stories, plays, poems, movies, and other media. Online resources could also include video and music clips, as well as high-quality examples of visual art mentioned in the book. The book also includes periodic "running" references to selected key titles (such as *Frankenstein*) in order to illustrate the effect of different theories on a single work.

The Complete Idiot's Guide to Working Less, Earning More Penguin

Discusses management models and concepts, strategies for sharing knowledge, and ways to implement the concept within a company.

The Complete Idiot's Guide to Grammar and Style Penguin

Explains how to use handwriting analysis to understand character, personal

values, love issues, and career ambitions

The Complete Idiot's Guide to Publishing Children's Books Penguin

Discusses American history from prehistory through 2006, including brief biographical sketches of historical figures and events from popular culture. *The Complete Idiot's Guide to 20th-century History* Penguin

You're no idiot, of course. You can find Greece on a map, know that Kevin Sorbo stars as Hercules on TV, and have heard of Freud's Oedipus theory. But when it comes to classical mythology, you feel like you've been foiled by the gods. Don't curse Zeus yet! The Complete Idiot's Guide® to Classical Mythology has all you need for a working knowledge of the timeless world of Greek and Roman myths.

Complete Idiot's Guide to Understanding Buddhism Penguin

A down-to-earth resource for a more-for-me life. Through practical information from an author who works about three days a week, *The Complete Idiot's Guide® to Working Less, Earning More* will help readers get more time and more money by learning how to:

- Think about the modern-day work ethic in a new way.
- Set income-focused goals—and achieve them.
- Build—and maintain—powerful relationships and networks.
- Round out skill sets to be more marketable.
- Maximize technology to minimize time spent on minutia.
- Avoid time-wasters and efficiency traps.

The Complete Idiot's Guide to Overcoming Procrastination Penguin
 Accessible, authoritative, and entertaining in the signature style of the Complete Idiot's Guide® series, *The Complete Idiot's Guide® to U.S. Government and Politics* provides a wonderful foundation of knowledge

about the way our country's system of government works. Understanding how our government functions and the political forces that influence it is vital for all Americans. At the high school level, U.S. government, the class formerly called civics, has evolved to become a focus of the Advanced Placement test. In 2007, the AP U.S. government and politics exam was the most widely taken test among high school students on a college track, with over 333,562 students sitting for the 3.5-hour exam. Several strictly test prep books help students prepare for this exam. However, they're limited to the key points covered by the exam and don't afford much information outside the strict curriculum. *The Complete Idiot's Guide® to U.S. Government and Politics* gives the reader much more. As a comprehensive overview and history of the subject, this book is designed to help anyone interested in learning about our government and the origins of its complex inner workings, our political system, and key elements that have affected our growth as a nation—all while serving as the best supplementary reading a student can get to help them prepare for the AP exam.

The Complete Idiot's Guide to Learning Sign Language Penguin

This revised edition continues to walk both experienced Bible readers and those seeking it out for the first time through a chronological, story-by-story and person-by-person experience. Complete with maps of journeys and explanations of the acts and epistles, this book includes: The journeys of Abraham, Isaac, Jacob, Joseph, and Moses, and the law from Joshua, Judges, Ruth, Samuel and Kings, including David and Goliath, Gideon and Samson, and King Solomon. The captives, the women,

the poets, the prophets and more through the Old Testament. The story of Jesus as told in the four Gospels. The acts of the Apostles as they spread the word of the new church; the letters from Peter, Paul, James, John and Jude on a variety of topics, and John's apocalyptic

Revelation; The Apocrypha including Maccabees 1 and 2 along with other books included for other practices. An all-new reference glossary featuring names and places with descriptions and cross-references to their discussion in the Bible.
