the cutting edge laurence king. 5 future textile technologies to change fashion highsnobiety. cutting edge knitting is this the future of textiles. meet the cutting edge fashion designers doing good. textile innovations andTextile Designers At The Cutting Edge By Bradley QuinnFabric Cutting in Garment Manufacturing. Cutting is the process which cut out the pattern pieces from specified fabric for making garments.Using the markers made from graded patterns and in accordance with the issue plan, fabrics are cut to prepare garment assembly. This is the major operation of the cutting room, of all of the operations in the cutting room this is the most decisive because

once the fabric has been cut, very little can be done to rectify serious mistakes.
