Before Paulo Coelho and Eckhart Tolle came Rodney Collin. A huge 466 page book full of essential knowledge. *How To Become Supernatural Man, The Universe and Cosmic Mystery* is an exploration of the universe and man's place in it. Rodney Collin examines 20th-century scientific discoveries and traditional esoteric teachings and concludes that the driving force behind everything is neither procreation nor survival, but expansion of awareness. Collin sets out to reconcile the considerable contradictions of the rational and

imaginative minds and of the ways we see the external world versus our inner selves. For readers familiar with Gurdjieff's cosmology will here find further examinations of the systems outlined in by Ouspensky in *Search of the Miraculous*.

The spangled insanity, the stubborn reinforcement of crude national stereotypes, the scoreboard shamelessly corrupted by cross-border friendship and hatred... throughout those long post-ABBA decades, the Eurovision Song Contest has been drawing 450 million of us to the sofa for all the wrong reasons. And the most gloriously wrong of all: our enduring fascination with the unfortunates left to wander the desolate

summit of Mount Fiasco without a point to their names. From Lisbon to Liverpool, from the Black Sea to the Baltic, Tim Moore travels the continent to track down the thirteen Eurominstrels who suffered the entertainment world's prime humiliation.

Mattia Pascal endures a life of drudgery in a provincial town. Then, providentially, he discovers that he has been declared dead. Realizing he has a chance to start over, to do it right this time, he moves to a new city, adopts a new name, and a new course of life—only to find that this new existence is as insufferable as the old one. But when he returns to the world he left behind, it's too late: his job is gone, his wife has remarried. Mattia Pascal's fate is to live on as the ghost of

the man he was. An explorer of identity and its mysteries, a connoisseur of black humor, Nobel Prize winner Luigi Pirandello is among the most teasing and profound of modern masters. The Late Mattia Pascal, here rendered into English by the outstanding translator William Weaver, offers an irresistible introduction to this great writer's work Word of Life Createspace Independent Publishing Platform

In Santa's Christmas village at the North Pole, the elves celebrate special days all year round. Apart from Christmas, though, nothing is more exciting to a scout elf than a birthday--and elves celebrate birthdays with a tradition that goes back thousands of years. Now, at the request of children from around the world, Santa has given his scout elves special permission to share that birthday tradition with the families they love. An elf cannot come to a celebration, though, unless it is invited.

Greene's fine sense of humor is displayed in this warm and far-reaching comic novel, *Travels with My Aunt*, a bestseller when it appeared originally. At his mother's funeral, Henry Pulling, a stuffy, retired bank manager with an interest in dahlias, meets his Aunt Augusta. The indomitable Aunt Augusta pulls Henry along on a whirlwind

adventure traveling with an old lover, Wordsworth; Curran, the founder of a doggies' church; O'Toole, the C.I.A. man obsessed by statistics and his counter-culture daughter; and old Mr. Visconti, who has been wanted by Interpol for twenty years. Henry describes their activities with shock and bewilderment, and finally with the tenderness, of a fellow traveler going their way.
