## LAYLAH STONE

*The Battle for Children* Cambridge University Press

"The unique features of the American system of justice - which allowed it to handle claims that originated over fifty years ago and in another part of the world - made it the only forum in the world where Holocaust claims could be heard. Without the lawsuits brought by American lawyers. Bazylor asserts, the claims of the elderly survivors and their heirs would continue to be ignored."--BOOK JACKET.

*Justice* Haymarket Books

"Christians who take the Bible seriously dare not ignore this message. Paul Nyquist writes like an Old Testament prophet in modern America . . ." — Leith Anderson, president, National Association of Evangelicals | Washington, DC "Paul Nyquist brings a biblical focus and discerning look at why justice matters and how we might work toward it."- Ed Stetzer, Billy Graham Chair | Wheaton College "... [Explains] why justice often eludes us in this life, but also how we must work to achieve it as best we can."— Dr. Erwin W. Lutzer, pastor emeritus, The Moody Church | Chicago Why is justice so hard to come by? The innocent are convicted. The guilty get away. The scales tip toward the powerful, while the weak remain oppressed. If our world is so sophisticated, why is there so much injustice? What can believers do? Can we ever expect justice? Dr. Paul Nyquist, former president of Moody Bible Institute, addresses these questions and more in his new book, *Is Justice Possible?* In four parts he considers: Biblical and theological foundations of justice Obstacles to justice in human society Practical steps for pursuing justice in political, personal, and public arenas The hope of true justice upon Christ's return As police shootings and wrongful incarcerations raise increasing questions in the minds of Christians, *Is Justice Possible?* will seek to provide answers and establish biblical expectations. At its core, this is a book about an attribute of God. Rather than rely on our own ideas of justice, we must look to the One who made us and embodies justice perfectly. Only then can we pursue justice in purposeful, effective, eternal ways.

*One Country* MIT Press

The epic 1950s battle that would shape the legal future of the civil rights movement is chronicled here for the first time. The bitter feud between President Dwight D. Eisenhower and Chief Justice Earl Warren framed the tumultuous future of the modern civil rights movement. Eisenhower was a gradualist who wanted to coax white Americans in the South into eventually accepting integration, while Warren, author of the Supreme Court's historic unanimous opinion in *Brown v. Board of Education*, demanded immediate action to dismantle the segregation of the public school system. In *Eisenhower vs. Warren*, two-time New York Times Notable Book author James F. Simon examines the years of strife between them that led Eisenhower to say that his biggest mistake as president was appointing that "dumb son of a bitch Earl Warren." This momentous, poisonous relationship is presented here at last in one volume. Compellingly written, *Eisenhower vs. Warren* brings to vivid life the clash that continues to reverberate in political and constitutional debates today.

*Battle for Justice* Penguin

Sarah Fishman links two areas of inquiry, namely crime and delinquency with war and social change. In a study based on archival research, Sarah Fishman reveals the impact and legacy of the Vichy regime's criminal justice policy on children.

*John Adams Under Fire* Simon and Schuster

\*A New York Times Bestseller\* An important overview of the way our justice system works, and why the rule of law is essential to our survival as a society—from the one-time federal prosecutor for the Southern District of New York, and host of the *Doing Justice* podcast. Preet Bharara has spent much of his life examining our legal system, pushing to make it better, and prosecuting those looking to

subvert it. Bharara believes in our system and knows it must be protected, but to do so, he argues, we must also acknowledge and allow for flaws both in our justice system and in human nature. Bharara uses the many illustrative anecdotes and case histories from his storied, formidable career—the successes as well as the failures—to shed light on the realities of the legal system and the consequences of taking action. Inspiring and inspiringly written, *Doing Justice* gives us hope that rational and objective fact-based thinking, combined with compassion, can help us achieve truth and justice in our daily lives. Sometimes poignant and sometimes controversial, Bharara's expose is a thought-provoking, entertaining book about the need to find the humanity in our legal system as well as in our society.

*Lift Us Up, Don't Push Us Out!* Diversion Books

Batman™, Superman™, Green Lantern™ and The Flash™ team up to save the Earth in this Justice League I Can Read book! When Darkseid, ruler of alien planet Apokolips, takes control of Green Lantern's power ring, he uses the ring to destroy the city. Unable to stop it from firing cannons and throwing green-fisted punches, Green Lantern gets some help from his super hero friends to put a stop to Darkseid's scheme and send him back where he belongs! Justice League Classic: Battle of the Power Ring is a Level Two I Can Read book, perfect for super hero fans and the developing reader who still needs a little help.

*The Battle of Beirut* Harvard University Press

INSTANT NEW YORK TIMES BESTSELLER "Meltzer has earned the right to belly up to the bar with John Grisham, Scott Turow, and David Baldacci." – People "A madcap mix of intrigue, romance and legal trivia." – New York Times The young attorneys who clerk for Supreme Court justices wield extraordinary power—pry to sensitive material that could prove disastrous in unscrupulous hands, making decisions that could change lives... or destroy them. They are... THE TENTH JUSTICE Landing a prestigious position as a Supreme Court clerk fresh out of Yale Law, Ben Addison is on the ultrafast track to success—until he inadvertently shares a classified secret with the wrong listener. And now the anonymous blackmailer who made a killing with Ben's information is demanding more. Guilty of a criminal act, his golden future suddenly in jeopardy, Ben turns for help to his roommates—three close friends from childhood, each strategically placed near the seats of Washington power—and to his beautiful, whip-smart fellow clerk, Lisa Schulman. But trust is a dangerous commodity in the nation's capital. And when lives, careers, and power are at stake, loyalties can shatter like glass... and betrayals can be lethal.

*The Battle for Justice in Palestine* Vintage

Winner of the LA Times Book Prize in Current Interest An instant New York Times Bestseller! "Stirring . . . Lithwick's approach, interweaving interviews with legal commentary, allows her subjects to shine...Inspiring." —New York Times Book Review "In Dahlia Lithwick's urgent, engaging *Lady Justice*, Dobbs serves as a devastating bookend to a story that begins in hope." —Boston Globe Dahlia Lithwick, one of the nation's foremost legal commentators, tells the gripping and heroic story of the women lawyers who fought the racism, sexism, and xenophobia of Donald Trump's presidency—and won In the immediate aftershocks of Donald Trump's victory over Hilary Clinton in 2016, women lawyers across the country, independently of one another, sprang into action. They were determined not to stand by while the Republican party did everything in their power to pursue devastating and often retrograde policies. In *Lady Justice*, Dahlia Lithwick, one of the nation's foremost legal commentators, illuminates these many heroes of the Trump years. From Sally Yates and Becca Heller, who fought the Muslim travel ban, to Roberta Kaplan, who sued the neo-Nazis in Charlottesville, to Stacey Abrams, who worked to protect the voting rights of millions of Georgians, Lithwick dramatizes in thrilling detail the women lawyers who worked tirelessly to hold the line against the most chaotic presidency in living memory. A celebration of the legal ingenuity and indefatigable spirit of the women whose work all too often went unrecognized at the time, *Lady*

Justice is destined to be treasured and passed from hand to hand for generations to come.

*Doing Justice* HarperCollins

Every day, in courtrooms around the United States, thousands of criminal defendants are represented by public defenders--lawyers provided by the government for those who cannot afford private counsel. Though often taken for granted, the modern American public defender has a surprisingly contentious history--one that offers insights not only about the "carceral state," but also about the contours and compromises of twentieth-century liberalism. First gaining appeal amidst the Progressive Era fervor for court reform, the public defender idea was swiftly quashed by elite corporate lawyers who believed the legal profession should remain independent from the state. Public defenders took hold in some localities but not yet as a nationwide standard. By the 1960s, views had shifted. Gideon v. Wainwright enshrined the right to counsel into law and the legal profession mobilized to expand the ranks of public defenders nationwide. Yet within a few years, lawyers had already diagnosed a "crisis" of underfunded, overworked defenders providing inadequate representation--a crisis that persists today. This book shows how these conditions, often attributed to recent fiscal emergencies, have deep roots, and it chronicles the intertwined histories of constitutional doctrine, big philanthropy, professional in-fighting, and Cold War culture that made public defenders ubiquitous but embattled figures in American courtrooms.

*Eisenhower vs. Warren* Haymarket Books

In the summer of 2014, renowned American Indian studies professor Steven Salaita had his appointment to a tenured professorship revoked by the board of trustees of the University of Illinois at Urbana-Champaign. Salaita's employment was terminated in response to his public tweets criticizing the Israeli government's summer assault on Gaza. Salaita's firing generated a huge public outcry, with thousands petitioning for his reinstatement, and more than five thousand scholars pledging to boycott UIUC. His case raises important questions about academic freedom, free speech on campus, and the movement for justice in Palestine. In this book, Salaita combines personal reflection and political critique to shed new light on his controversial termination. He situates his case at the intersection of important issues that affect both higher education and social justice activism.

*The Battle for Paradise* Simon and Schuster

When President Reagan nominated Robert Bork to the Supreme Court, it was the spark that fueled a months-long firestorm during which liberals and conservatives battled fiercely over Reagan's choice, each trying to gain control of the nation's judicial future. The American public, captivated by this struggle for power, weighed in with an unprecedented outpouring of mail and telephone calls to the United States Senate arguing both pro- and con- positions. Based on scores of interviews with key figures and a shrewd analysis of the issues, then-Boston Globe reporter Ethan Bronner chronicles this engrossing story of a titanic struggle for political power. It features key players such as Senators Joseph Biden and Edward Kennedy, with the latter leading the fight against the appointment using savvy Madison Avenue style strategies; a Justice Department desperate to hold its ground; a shocked White House staff, caught off-guard; and of course Bork himself, who insisted that "the process of confirming justices for our nation's highest court has been transformed in a way that should not and indeed must not be permitted to occur again." Featuring a new epilogue, "Where Are They Now?"

*Holocaust Justice* National Geographic Books

The book shows how moral theory can challenge and improve international criminal law and how extreme cases can challenge and improve mainstream theory.

*Lady Justice* UNC Press Books

Fearless necessary reporting . . . Klein exposes the 'battle of utopias' that is currently unfolding in storm-ravaged Puerto Rico" (Junot Díaz, author of *The Brief Wondrous Life of Oscar Wao*) "We are in a fight for our lives. Hurricanes Irma and María unmasked the colonialism we face in Puerto Rico, and the inequality it fosters, creating a fierce humanitarian crisis. Now we must find a path forward to equality and sustainability, a path driven by communities, not investors. And this book explains, with careful and unbiased reporting, only the efforts of our community activists can answer the paramount question: What type of society do we want to become and who is Puerto Rico for?"

—Carmen Yulín Cruz, Mayor of San Juan, Puerto Rico In the rubble of Hurricane Maria, Puerto Ricans and ultrarich "Puertopians" are locked in a pitched struggle over how to remake the island. In this vital and startling investigation, bestselling author and activist Naomi Klein uncovers how the forces of shock politics and disaster capitalism seek to undermine the nation's radical, resilient vision for a "just recovery." All royalties from the sale of this book in English and Spanish go directly to JunteGente, a gathering of Puerto Rican organizations resisting disaster capitalism and advancing a fair and healthy recovery for their island. "Klein chronicles the extraordinary grassroots resistance by the Puerto Rican people against neoliberal privatization and Wall Street greed in the aftermath of the island's financial meltdown, of hurricane devastation, and of Washington's imposition of an outside control board over the most important U.S. colony." —Juan González, cohost of *Democracy Now!* and author of *Harvest of Empire: A History of Latinos in America*

*LEGO DC Comics Super Heroes: Battle for Justice* MIT Press

A provocative history that reveals how guns—not abortion, race, or religion—are at the heart of America's cultural divide. Gunfight is a timely work examining America's four-centuries-long political battle over gun control and the right to bear arms. In this definitive and provocative history, Adam Winkler reveals how guns—not abortion, race, or religion—are at the heart of America's cultural divide. Using the landmark 2008 case *District of Columbia v. Heller*—which invalidated a law banning handguns in the nation's capital—as a springboard, Winkler brilliantly weaves together the dramatic stories of gun-rights advocates and gun-control lobbyists, providing often unexpected insights into the venomous debate that now cleaves our nation.

*Justice in Extreme Cases* Vintage

"With *Supreme Inequality*, Adam Cohen has built, brick by brick, an airtight case against the Supreme Court of the last half-century...Cohen's book is a closing statement in the case against an institution tasked with protecting the vulnerable, which has emboldened the rich and powerful instead." —Dahlia Lithwick, senior editor, *Slate* A revelatory examination of the conservative direction of the Supreme Court over the last fifty years. In *Supreme Inequality*, bestselling author Adam Cohen surveys the most significant Supreme Court rulings since the Nixon era and exposes how, contrary to what Americans like to believe, the Supreme Court does little to protect the rights of the poor and disadvantaged; in fact, it has not been on their side for fifty years. Cohen proves beyond doubt that the modern Court has been one of the leading forces behind the nation's soaring level of economic inequality, and that an institution revered as a source of fairness has been systematically making America less fair. A triumph of American legal, political, and social history, *Supreme Inequality* holds to account the highest court in the land and shows how much damage it has done to America's ideals of equality, democracy, and justice for all.

*The Battle for People's Park, Berkeley 1969* W. W. Norton & Company

Simple Justice is the definitive history of the landmark case *Brown v. Board of Education* and the epic struggle for racial equality in this country. Combining intensive research with original interviews with surviving participants, Richard Kluger provides the fullest possible view of the human and legal drama in the years before 1954, the cumulative assaults on the white power structure that defended segregation, and the step-by-step establishment of a team of inspired black lawyers that could successfully challenge the law. Now, on the fiftieth anniversary of the unanimous Supreme Court decision that ended legal segregation, Kluger has updated his work with a new final chapter covering events and issues that have arisen since the book was first published, including developments in civil rights and recent cases involving affirmative action, which rose directly out of *Brown v. Board of Education*.

*The Battle for Hearts and Minds* Macmillan

Parents, young people, community organizers, and educators describe how they are fighting systemic racism in schools by building a new intersectional educational justice movement. Illuminating the struggles and triumphs of the emerging educational justice movement, this anthology tells the stories of how black and brown parents, students, educators, and their allies are fighting back against systemic inequities and the mistreatment of children of color in low-income communities. It offers a social justice alternative to the corporate reform movement that seeks to privatize public education through expanding charter schools and voucher programs. To address the systemic racism in our education system and in the broader society, the contributors argue that what is needed is a movement led by those most affected by injustice--students of color and their parents--that builds alliances across sectors and with other social justice movements addressing immigration, LGBTQ rights, labor rights, and the school-to-prison pipeline. Representing a diverse range of social justice organizations from across the US, including the Chicago Teachers Union and the Genders and Sexualities Alliance Network, the essayists recount their journeys to movement building and offer practical organizing strategies and community-based alternatives to traditional education reform and privatization schemes. *Lift Us Up!* will outrage, inform, and mobilize parents, educators, and concerned citizens about what is wrong in American schools today and how activists are fighting for and achieving change.

*Justice in the Age of Judgment* Routledge

Look for Dan Abrams and David Fisher's new book, *Kennedy's Avenger: Assassination, Conspiracy, and the Forgotten Trial of Jack Ruby*. \*NOW A NEW YORK TIMES BESTSELLER\* "An expert, extremely detailed account of John Adams' finest hour."—Kirkus Reviews Honoring the 250th Anniversary of the Boston Massacre The New York Times bestselling author of *Lincoln's Last Trial* and host of *LivePD* Dan Abrams and David Fisher tell the story of a trial that would change history. An eye-opening story of America on the edge of revolution. History remembers John Adams as a Founding Father and our country's second president. But in the tense years before the American Revolution, he was still just a lawyer, fighting for justice in one of the most explosive murder trials of the era—the Boston Massacre, where five civilians died from shots fired by British soldiers. Drawing on Adams's own words from the trial transcript, Dan Abrams and David Fisher transport readers to colonial Boston, a city roiling with rebellion, where British military forces and American colonists lived side by side, waiting for the spark that would start a war.

*Simple Justice* Simon and Schuster

God is challenging you to enlist in the noblest of all battles—the battle for our children. This is the cry resonating throughout the earth. 1.2 billion "children at risk" cannot be ignored. This book is a compelling case for you to be a hero in the life of "children at risk," beginning with scriptural understanding of mercy and justice to the poor. Then, setting the stage historically, the authors unveil the great exploits of those awesome warriors who have gone before us, outlining their struggles to serve the masses of broken humanity. Finally, Be a Hero time warps into the third millennium, introducing the seven deadly sins uniquely facing children: extreme poverty, orphans of the streets, children in chains, sex in the city, AIDS and plagues, the oppression of war, and religious persecution. But it doesn't leave you hanging in despair. Be a Hero is a revolutionary document that prepares you to change your world.

*Be A Hero* Destiny Image Publishers

Chosen a Best Children's Book of the Year by the Bank Street Center! Voted a Best Book of the Year by *School Library Journal* and *Kirkus Reviews!* A biography for younger readers about one of the most influential activists of our time, who was an early advocate for African Americans and for gay rights. "Bayard had an unshakable optimism, nerves of steel, and, most importantly, a faith that if the cause is just and people are organized, nothing can stand in our way."—President Barack Obama "Bayard Rustin was one of the great organizers and activists of the Civil Rights Movement. Without his skill and vision, the historic impact of the March on Washington might not have been possible. I am glad this biography will make young people aware of his life and his incredible contribution to American history.—Congressman John Lewis "We need, in every community, a group of angelic troublemakers," declared Bayard Rustin in the late 1940s. A proponent of nonviolent resistance and a stalwart figure in the civil rights movement, Rustin organized a profound and peaceful milestone in American history—the 1963 March on Washington. . . . *Troublemaker for Justice* describes not only how Rustin orchestrated the March on Washington in two months but also how he stood up for his Quaker principles throughout his life. The three authors, Jacqueline Houtman, Walter Naegle, and Michael G. Long, show the difficulties Rustin faced as a gay black man in 20th-century America, and that he shouldered them with strength, intelligence, and a quest for peace and justice."—Abby Nolan, *The Washington Post* "An excellent biography that belongs in every young adult library. Readers will find Rustin's story captivating; his story could encourage young people to fight for change."—Michelle Kornberger, *Library Journal*, \*Starred Review "In today's political landscape, this volume is a lesson in the courage to live according to one's truth and the dedication it takes to create a better world."—Kirkus Reviews, \*Starred Review "A long-overdue introduction to a fascinating, influential change maker."—Publishers Weekly, \*Starred Review "This biography is an indispensable addition to the literature of both civil and gay rights."—Michael Cart, *Booklist*, \*Starred review Bayard Rustin was a major figure in the Civil Rights movement. He was arrested on a bus 13 years before Rosa Parks and he participated in integrated bus rides throughout the South 14 years before the Freedom Riders. He was a mentor to Dr. Martin Luther King, Jr., teaching him the techniques and philosophy of Gandhian nonviolent direct action. He organized the March on Washington in 1963, one of the most impactful mobilizations in American history. Despite these contributions, few Americans recognize his name, and he is absent from most history books, in large part because he was gay. This biography traces Rustin's life, from his childhood and his first arrest in high school for sitting in the "whites only" section of a theater, through a lifetime of nonviolent activism. "Authors Jacqueline Houtman, Walter Naegle, and Michael G. Long provide middle and high school students with a biography of Rustin that illustrates how the personal is political. Young readers will take away valuable lessons about identity, civics, and 20th-century history."—*Rethinking Schools Teachers: Discussion Guide Available!* Explanation of Common Core Instructional Standards Available!
