All she wants to do is forget. Forget the memory of walking in on her boyfriend in the middle of, well, another girl. Forget how she had her entire life planned out. And forget about being perfect all the time. Unfortunately, she is Whitney

Vandaveer, and despite the fact that she has moved to the middle of nowhere—she can't. He's always known he would never be more than nothing. No job, no money, no future. Cole Pritchett has accepted the fact that he will always be the screw up, and he is okay with it. Until he meets her. Here's the thing they quickly find out—sometimes we all need a little help escaping who we think we are.

The words have dried up, brittle as pine straw, scorched by summer sun, fragile as fleeting ashes of burning leaves. They

bud, but this drought leaves them hanging on vines like dried string beans. They rattle in the wind, empty and noisy, dry and hard from lack of inspiration, dried seeds in summer gourds of poetry. Mary Elizabeth Lee relies on her experiences traveling country roads in North and South Louisiana and teaching students for many years to influence her first collection of poetry that reflects on people, nature, and the world around her. From a Sunday drive where pines whisper to the blue horizon to a majestic oak that has seen its time to a light rain that falls around Catfish Town, Lee shares a variety of relatable poems that shine a light on the wildlife and landscape she observed during her travels and also from her perch on her back porch. With a strong, distinctive

voice, Lee also ponders life, death, and everything in between while exploring the power of love, friendship, heartbreak, and change. *Beveled Edges and Mitered Corners* is an insightful collection of poetry that mirrors one woman's walk through life as she encourages others to embrace all that life has to offer.

*Elizabeth I* ULM Chacahoula England's Virgin Queen, Elizabeth Tudor, had a reputation for proficiency in foreign languages, repeatedly demonstrated in multilingual exchanges with foreign emissaries at court and in the extemporized Latin she spoke on formal visits to Cambridge and Oxford. But the supreme proof of her mastery of other tongues is the sizable body of translations she made over the course of

her lifetime. This two-volume set is the first complete collection of Elizabeth's translations from and into Latin, French, and Italian. Presenting original and modernized spellings in a facing-page format, these two volumes will answer the call to make all of Elizabeth's writings available. They include her renderings of epistles of Cicero and Seneca, religious writings of John Calvin and Marguerite de Navarre, and Horace's *Ars poetica*, as well as Elizabeth's Latin *Sententiae* drawn from diverse sources, on the responsibilities of sovereign rule and her own perspectives on the monarchy. Editors Janel Mueller and Joshua Scodel offer introduction to each of the translated selections, describing the source text, its cultural significance, and the historical

context in which Elizabeth translated it. Their annotations identify obscure meanings, biblical and classical references, and Elizabeth's actual or apparent deviations from her sources. The translations collected here trace Elizabeth's steady progression from youthful evangelical piety to more mature reflections on morality, royal responsibility, public and private forms of grief, and the right way to rule. *Elizabeth I: Translations* is the queen's personal legacy, an example of the very best that a humanist education can bring to the conduct of sovereign rule.

This book uses diaries written by

ordinary British people over the past two centuries to examine and explain the nature and extent of everyday mobilities, such as travel to school, to work, to shop or to visit friends, and to explore the meanings attached to these mobilities. After a critical evaluation of diary writing, the ways in which mobility changed over time, interacted with new forms of transport technology, and varied from place to place are examined. Further chapters focus on the roles of family and life course, gender, income and class, and journey purpose in shaping mobilities, including immobility. It is argued that easy and frequent everyday mobilities were experienced by most of the diarists studied, that travellers could exercise their own agency to adapt easily to new forms of

transport technology, but that factors such as gender, class, and location also created significant mobility inequalities. Common Threads University of Illinois Press

The Concubine's Daughter is a snapshot of a bygone era, depicting life in the British colony of Hong Kong in the fifties and sixties. It is the story Elizabeth Lee, beautiful, intelligent, and liberated, from the time she is a wide-eyed eighteen year-old studying English Literature at the University of Hong Kong, sharing girlish secrets with her two best friends, to her becoming an academic at the University, to just after her thirtieth birthday, when she leaves Hong Kong with her husband and young son for the US, frightened in part by the riots inspired by the Cultural Revolution

taking place across the border in mainland China. After twenty years in the US she returns to Hong Kong in 1986, just ten years before China is to regain sovereignty over the colony. Educated in English Elizabeth is keenly aware of the conflict within herself between her love of certain aspects of Western culture and her Chinese heritage. Living in that period of the colony's history, and largely divorced from the cultural life of the Chinese mainland, she is conscious of a sense of isolation. Discriminatory attitudes and actions, whether based on gender, race, or language, are very much a fact of life in Hong Kong during this period. The subject matter is original. The narrative style is witty, mildly sarcastic, and humorous in places. The vivid depiction

of social customs and manners and memorable characters from different strata of society contribute to make *The Concubine's Daughter* a book well worth reading.

Uptown Chicago in November, 1963 is a brutal place for the James Allen McCrees of Letcher County, Kentucky. After migrating from the depleted coal fields in search of a better life, father, mother and three children have struggled for two years to make ends meet in a run-down area known derisively as Hillbilly Land, finding solace only in the songs of their Southern mountain heritage. Now, however, as James Allens illness worsens, his wife, Mavis June, must take more and more on herself if the family is

to survive. These are the desperate circumstances in which 14-year-old Annie Mae McCree is forced to grow up and to complete her journey from girlhood to womanhood. When her mother passes on to her a folk belief in a guardian angel, Annie dares to hope that she and her family will be under his protection. However, one shattering personal tragedy after another fractures that innocent faith and forces her on a painful spiritual quest of her own. Along the way, she learns much about who she is, experiences the power of first love, and finds out a thing or two about angels -- most importantly, that they often aren't who or what you expect them to be, and most of the time, they rarely look like angels at all.

Throughout the 1940s, Zachary Scott (1914-1965) was the model for sophisticated, debonair villains in American film. His best-known roles include a mysterious criminal in The

Mask of Dimitrios and the indolent husband in *Mildred Pierce*. He garnered further acclaim for his portrayal of villains in *Her Kind of Man*, *Danger Signal*, and *South of St. Louis*. Although he earned critical praise for his performance as a heroic tenant farmer in Jean Renoir's *The Southerner*, Scott never quite escaped typecasting. In *Zachary Scott: Hollywood's Sophisticated Cad*, Ronald L. Davis writes an appealing biography of the film star. Scott grew up in privileged circumstances—his father was a distinguished physician; his grandfather was a pioneer cattle baron—and was expected to follow his father into medical practice. Instead, Scott began to pursue a career in theater while studying at the University of Texas and subsequently worked his

way on a ship to England to pursue acting. Upon his return to America, he began to look for work in New York. Excelling on stage and screen throughout the 1940s, Scott seemed destined for stardom. By the end of 1950, however, he had suffered through a turbulent divorce. A rafting accident left him badly shaken and clinically depressed. His frustration over his roles mounted, and he began to drink heavily. He remarried and spent the rest of his career concentrating on stage and television work. Although Scott continued to perform occasionally in films, he never reclaimed the level of stardom that he had in the mid-1940s. To reconstruct Scott's life, Davis uses interviews with Scott and colleagues and reviews, articles, and archival

correspondence from the Scott papers at the University of Texas and from the Warner Brothers Archives. The result is a portrait of a talented actor who was rarely allowed to show his versatility on the screen.

Personal diaries provide rare glimpses into those aspects of the past that are usually hidden from view, and the diary of Elizabeth Lee (1868-?) is no exception to this rule. Elizabeth's father was a draper and outfitter in Birkenhead and during the twenty-five year span of Lee's diary which began in 1884, she lived at home with her family while simultaneously traveling to both sides of the Mersey without supervision, making the diary an unusually revealing portrait of middle-class female life in Victorian society. Accompanied by a detailed introduction and an analysis of the diary itself, as well as a glossary relating to key people mentioned in its pages, *The Diary of Elizabeth Lee* is a rare firsthand

account of adolescent life in Victorian Britain.

“Black Beauty - The Autobiography of a Horse” is a 1911 novel by English author Anna Sewell (1820–1878). Having sold more than fifty million copies, it is among the top ten best-selling books of all time. The novel—originally intended for adults—was written in the last years of Sewell's life while she was housebound, being published just five months before her death. While the primary theme of the novel is animal welfare, it also teaches the reader how and why people should be treated with kindness and respect, making it perfect for young minds. An absolute classic of children's fiction that continues to be read and adored over a century after its

first publication. Read & Co. Books are now republishing this classic work in a modern edition complete with a biography of the author by Elizabeth Lee.

In the shadow of Idaho's Mount Baldy, a ranching family copes with an evil so foreign they must entrust their lives to a big city detective bent on vengeance. A vicious drug ring has corrupted local law enforcement, and meth labs flourish where sagebrush and beef cattle were once the only features. The Logan family closes ranks as darkness falls across Big Bend Ranch and their future. The Logans wonder: should they trust this outsider who poses as their only hope? Officer

Buck Hancey plots a vendetta against the ring. If Molly and Caleb Logan can help him achieve revenge and justice, he'll use them to lure the leader, Coyote, into his snare. Buck has much to learn about friendship, and the Logans are reluctant teachers. Can they resist the forces Buck unleashes upon them, or will the family be torn apart?

 Charged with female agency, Medea is a powerful story of betrayal, desperation, and horrifying revenge. The classic Greek tragedy is brought to life in this lyrical translation by Augusta Webster. Medea has lived in the shadows her entire life, but when her husband, Jason, commits the ultimate act of betrayal and leaves her for another woman, she refuses to be quietly side-lined.

Consumed by sorrow and rage, Medea devises a chilling and urgent plan for revenge, targeting the only thing she knows Jason loves: their children. Originally written by Euripides, one of the greatest Greek tragedians, this edition of Medea is re-imagined by Augusta Webster, the first woman to translate the resonant drama. Now known as a compelling feminist text, this 1868 translation revives the Ancient Greek play through a feminine lens. Featuring an insightful introduction from Gilbert Murray's 1912 translation, alongside Augusta Webster's poignant poem, 'Medea in Athens', this new edition of Medea explores the divine feminine, delving into themes of power, vengeance, and the complexities of love. Many early-nineteenth-century slaveholders considered themselves "masters" not only over slaves, but also over the institutions of marriage and family. According to many historians, the privilege of mastery was reserved for white males. But as many as one in ten slaveholders--sometimes more--was a widow, and as Kirsten E. Wood demonstrates, slaveholding widows between the American Revolution and the Civil War developed their own version of mastery. Because their husbands' wills and dower law often gave women authority over entire households, widowhood expanded both their domestic mandate and their public profile. They wielded direct power not only over slaves and children but also over white men--particularly sons,

overseers, and debtors. After the Revolution, southern white men frequently regarded powerful widows as direct threats to their manhood and thus to the social order. By the antebellum decades, however, these women found support among male slaveholders who resisted the popular claim that all white men were by nature equal, regardless of wealth. Slaveholding widows enjoyed material, legal, and cultural resources to which most other southerners could only aspire. The ways in which they did--and did not--translate those resources into social, political, and economic power shed new light on the evolution of slaveholding society.

girls whose friendship implodes right before one of them disappears. Told in first person by the girl left behind, *Love Her Madly* is a fascinating exploration of the twists and turns of an intense female friendship gone awry. Glo never expected to become best friends with a girl like Cyn. Blonde, blue-eyed, and a little wicked, Cyn is the kind of girl other girls naturally envy—yet, surprisingly, she embraces Glo like a sister after they transfer to the same tiny college in Florida. With a fresh start at a new school and Cyn as her best friend, Glo finds what she has been waiting for her whole life: excitement, acceptance, and the joys of female friendship. Until she and Cyn fall for the same guy. It's Cyn who talks Glo into sharing Raj. Half the time he'll be Cyn's boyfriend, the other

half he'll be Glo's. Glo reluctantly accepts the proposition—how can she say no without jeopardizing her friendship?—and for a while, everything goes smoothly. Until Glo realizes that she doesn't know her BFF as well as she thinks. Until the simmering tension between Glo and Cyn boils over during a study abroad trip to Costa Rica. Until Cyn disappears into the jungle of a secluded island, leaving Glo searching for answers. Until, seven years later, Glo spots a familiar pair of blue eyes behind a sweep of blonde hair in the streets of New York City. Is it really Cyn, or is the guilt of survival catching up with Glo? And has Glo told us everything we need to know?
