Dolores Claiborne Simon and Schuster

This will be another World's 1st Edition from Cemetery Dance Publications: a unique new book published in the old-fashioned double tradition! A Face in the Crowd by Stephen King and Stewart O'Nan (FIRST TIME IN PRINT!) Dean Evers, an elderly widower, sits in front of the television with nothing better to do than waste his leftover evenings watching baseball. It's Rays/Mariners, and David Price is breezing through the line-up. Suddenly, in a seat a few rows up beyond the batter, Evers sees

the face of someone from decades past, someone who shouldn't be at the ballgame, shouldn't be on the planet. And so begins a parade of people from Evers's past, all of them occupying that seat behind home plate. Until one day Dean Evers sees someone even eerier... *The Longest December* by Richard Chizmar (EXPANDED VERSION!) Bob and Katy Howard are a typical middle-aged couple living the good life in the suburbs. They're happily married, have successful careers, and a grown son starting college. Their recently widowed next-door neighbor, James Wilkinson, is practically a member of the Howard family. When police show up at the Howard's doorstep one snowy December morning with the news that they have been investigating Wilkinson for a series of violent crimes, Bob and Katy are left in shock and disbelief. The elderly James Wilkinson they know and love is kind and gentle. He shared their Thanksgiving table just a couple weeks earlier. He couldn't possibly be responsible for the gruesome deeds of which he's being accused. Or could he? *The Longest December* (a revised and expanded version of Chizmar's acclaimed novella, *A Long December*) is a cat-and-mouse, Hitchcockian thriller that will shock you with its brutal twists and turns while also breaking your heart. Stephen King calls it ...a really terrific piece of work. I couldn't put it down. Chizmar played his cards with great craft. I'm an old hand at this, but I kept chasing the red herrings.

“A fascinating and frightening book” (Los Angeles Times)—the bestselling true story about a house possessed by evil spirits, haunted by psychic phenomena almost too terrible to describe. In December 1975, the Lutz family moved into their new home on suburban Long Island. George and Kathleen Lutz knew that, one year earlier, Ronald DeFeo had murdered his parents, brothers, and sisters in the house, but the property—complete with boathouse and swimming pool—and the price had been too good to pass up. Twenty-eight days later, the entire Lutz family fled in terror. This is the spellbinding, shocking true story that gripped the nation about an American dream that turned into a nightmare beyond imagining—“this book will scare the hell out of you” (Kansas City Star).

Legendary storyteller Stephen King goes into the deepest well of his imagination in this spellbinding novel about a seventeen-year-old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher - for their world or ours. Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But he carries a heavy load. His mom was killed in a hit-and-run accident when he was ten, and grief drove his dad to drink. Charlie learned how to take care of himself - and his dad. Then, when Charlie is seventeen, he meets a dog named Radar and her aging master, Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. Sometimes strange sounds emerge from it. Charlie starts doing jobs for Mr. Bowditch and loses his heart to Radar. Then, when Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe. What Bowditch knows, and has kept secret all his long life, is that

inside the shed is a portal to another world. King's storytelling in Fairy Tale soars. This is a magnificent and terrifying tale about another world than ours, in which good is pitted against overwhelming evil, and a heroic boy - and his dog - must lead the battle.

Three complete novels Macmillan

"If I Survive You is a collection of connected short stories that reads like a novel, that reads like real life, that reads like fiction written at the highest level." —Ann Patchett • "Kaleidoscopic, urgent, hilarious, revelatory and like nothing you've read before." —Marlon James • "May well be the buzziest debut of 2022." —Oprah Daily A September 2022 IndieNext Pick. A major debut, blazing with style and heart, that follows a Jamaican family striving for more in Miami, and introduces a generational storyteller. In the 1970s, Topper and Sanya flee to Miami as political violence consumes their native Kingston. But America, as the couple and their two children learn, is far from the promised land. Excluded from society as Black immigrants, the family pushes on through Hurricane Andrew and later the 2008 recession, living in a house so cursed that the pet fish launches itself out of its own tank rather than stay. But even as things fall apart, the family remains motivated, often to its own detriment, by what their younger son, Trelawny, calls "the exquisite, racking compulsion to survive." Masterfully constructed with heart and humor, the linked stories in Jonathan Escoffery's *If I Survive You* center on Trelawny as he struggles to carve out a place for himself amid financial disaster, racism, and flat-out bad luck. After a fight with Topper—himself reckoning with his failures as a parent and his longing for Jamaica—Trelawny claws his way out of homelessness through a series of odd, often hilarious jobs. Meanwhile, his brother, Delano, attempts a disastrous cash grab to get his kids back, and his cousin, Cukie, looks for a father who doesn't want to be found. As each character searches for a foothold, they never forget the profound danger of climbing

without a safety net. Pulsing with vibrant lyricism and inimitable style, sly commentary and contagious laughter, Escoffery's debut unravels what it means to be in between homes and cultures in a world at the mercy of capitalism and whiteness. With *If I Survive You*, Escoffery announces himself as a prodigious storyteller in a class of his own, a chronicler of American life at its most gruesome and hopeful.

The Prisoner Simon and Schuster

Master storyteller Stephen King presents the classic "wondrously frightening" (*Publishers Weekly*) #1 New York Times bestseller about a writer's horrific and haunting pseudonym. "I'm back...I'm back from the dead and you don't seem glad to see me at all, you ungrateful son of a bitch." After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad's even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph "Not a Very Nice Guy." Although on the surface, it seems that Thad can finally concentrate on his own novels, there's a certain unease at the prospect of leaving George Stark behind. But that's nothing compared to the horror about to descend upon Thad's new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark's untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad's fingerprints all over it? Thad Beaumont may have once believed

that George Stark was running out of things to say, but he's going to find out just how wrong he is...
