### SANFORD ROWE

*The Bloody Rise of Mexican Drug Cartels* PublicAffairs

An electrifying, internationally bestselling investigation of the global cocaine trade now a series on Prime Video starring Andrea Riseborough, Dane DeHaan, and Gabriel Byrne, from the author of the #1 international bestseller Gomorrah “Zero zero zero” flour is the finest, whitest available. It is also the nickname among narco-traffickers for the purest cocaine on the market. And it is the title of Roberto Saviano’s unforgettable exploration of the inner workings of the global cocaine trade—its rules and armies, and the true depth of its reach into the world economy. Saviano’s Gomorrah, his explosive account of the Neapolitan mob, the Camorra, was a worldwide sensation. It struck such a nerve with the Camorra that Saviano has lived with twenty-four-hour police protection for more than eight years. During this time he has come to know law enforcement agencies and officials around the world. With their cooperation, Savaiano has broadened his perspective to take in the entire global “corporate” entity that is the drug trade and the complex

money-laundering operations that allow it to function, often with the help of the world’s biggest banks. The result is a harrowing and groundbreaking synthesis of literary narrative and geopolitical analysis exploring one of the most powerful dark forces in our economy. Saviano tracks the shift in the cocaine trade’s axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances with crime syndicates across the globe. He charts the increasing sophistication of these criminal entities as they diversify into other products and markets. He also reveals the astonishing increase in the severity of violence as they have fought to protect and extend their power. Saviano is a writer and journalist of rare courage and a thinker of impressive intellectual depth, able to see connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. Both heart-racing and eye-opening, ZeroZeroZero is an investigative story like none other. Praise for ZerZeroZero: “[Saviano] has developed a literary style that switches from vivid descriptions of human depravity to a philosophical consideration of the meaning of violence in the modern world. . . . Most important of all is the hope Saviano gives to countless victims of criminal violence by standing up to its perpetrators.” —Financial Times

[Global Drug Trafficking](#) Feltrinelli Editore

From the acclaimed author of "The Power of the Dog" and continuing the harrowing story of the Mexican-American drug wars that fueled it--an electrifying new novel that spanning a decade brings this tale of greed and corruption, revenge and justice, heroism, and deceit into the present moment. Tall Premium Edition.zard.

[Blazing Star](#) MacLehose Press

Long before the specter of terrorism haunted the public imagination, a serial bomber stalked the streets of 1950s New York. The race to catch him would give birth to a new science called criminal profiling. Grand Central, Penn Station, Radio City Music Hall—for almost two decades, no place was safe from the man who signed his anonymous letters “FP” and left his lethal devices in phone booths, storage lockers, even tucked into the plush seats of movie theaters. His victims were left cruelly maimed. Tabloids called him “the greatest individual menace New York City ever faced.” In desperation, Police Captain Howard Finney sought the help of a little known psychiatrist, Dr. James Brussel, whose expertise was the criminal mind. Examining crime scene evidence and the strange wording in the bomber’s letters, he compiled a portrait of the suspect down to the cut of his jacket.

But how to put a name to the description? Seymour Berkson—a handsome New York socialite, protégé of William Randolph Hearst, and publisher of the tabloid *The Journal-American*—joined in pursuit of the Mad Bomber. The three men hatched a brilliant scheme to catch him at his own game. Together, they would capture a monster and change the face of American law enforcement. *Salt* Random House

In Roberto Saviano's *The Opposite of Death*, a town in southern Italy is haunted by the war in Afghanistan, where one by one its sons are dying. In *Ferengi*, Carlo Lucarelli explores the Italian settlement of Eritrea a century ago, when the actions of a maid became pivotal to the fate of an exploitative colonial family. Valeria Parrella's *The Prize*, set in the Italian countryside during the Second World War, reminds us that revenge is a dish best served cold, while Piero Colaprico's *Stairway C* is a breathless Milanese crime novel in miniature. Grassroots writers' collective Wu Ming show how an Italian cheese-maker can become a hero in American Parmesan, and in *Another Kind of Solitude*, Simona Vinci suggests that it is only when we are on the outside, or alone, that we find true freedom.

**Zero Zero Zero** Farrar, Straus and Giroux

Joined by award-winning Mexican journalist Luis Nájera, leading organized-crime author Peter Edwards introduces a motley assortment of millennial bikers, gangsters and Mafia whose bloody trail of murders and schemes gone wrong led to the arrival in Canada of the world's most dangerous criminal organizations: the drug cartels of Mexico. A man watching the Euro Cup on a restaurant patio is shot dead on a busy Sunday afternoon in Toronto. Another dies in a sidewalk ambush just outside a bus-tling college campus. Two men in a Vancouver hotel lobby are gunned down in an attack that sends an American soccer star scrambling for cover. In Mexico, a Canadian is killed at a Nuevo Vallarta coffee shop, his death barely registering amidst the terrifying death tolls of President Calderón's war on drugs and the cartels' response; while a Montreal cop is beaten within an inch of his life in a Playa del Carmen nightclub. An infamous heckler from an NBA Toronto Raptors game turns up dead in a bullet-riddled car in a midtown lane-way. Throughout the 2010s, these and other disparate acts of violence entered the public awareness like iso-lated tragedies—but there was nothing isolated about them. In this masterly investigation, veteran journalists Peter Edwards and Luis Nájera introduce readers to the common cause of a near-decade of chaos. Meet the Wolfpack, millennial-aged gangsters from across the spectrum of Canada's underworld. Vying to fast-track their way into the criminal void left by the death of Montreal godfather Vito Rizzuto, the Wolfpack sought advantage in a steady supply of cocaine from El Chapo Guzmán's Sinaloa cartel, among the deadliest and most far-reaching of criminal organizations. The juniors had just stepped into the big leagues. This is the rolling landscape of The Wolfpack, a brilliant examination of a time of criminal disruption and rapid adaptation, when one gang's unchecked ambition unwittingly gave away the most hotly contested corner of the Canadian underworld without a fight. Brazen criminal disruptors or entitled upstarts looking to get rich without paying their dues—whatever you think of them, you will never forget the Wolfpack.

**A Novel** Bloomsbury Publishing USA

Amelia Bradbury is the last living Elder. She has power she can't control, a prophecy dictating her fate, a betrothal she can't stop and a heart lost to a human. When duty calls, will she choose her head or her heart?

*The Psychiatrist, the Mad Bomber, and the Invention of Criminal Profiling* Verso Books

'War' is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers, and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward, towards the United States. *El Narco* is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. *El Narco* is required reading for anyone concerned about one of the most important news stories of the decade.

*Narcoland* Europa Editions

"Without this testimony, we simply cannot grasp what is going on . . . Americans would do well to read [Gangster Warlords]." --The New York Times Book Review, Editor's Choice From the author of *El Narco*, the shocking story of the men at the heads of cartels throughout Latin America: what drives them, what sustains their power, and how they might be brought down. In a ranch south of Texas, the man known as The Executioner dumps five hundred body parts in metal barrels. In Brazil's biggest city, a mysterious prisoner orders hit-men to gun down forty-one police officers and prison guards in two days. In southern Mexico, a meth maker is venerated as a saint while enforcing Old Testament justice on his enemies. A new kind of criminal kingpin has arisen: part CEO, part terrorist, and part rock star, unleashing guerrilla attacks, strong-arming governments, and taking over much of the world's trade in narcotics, guns, and humans. What they do affects you now--from the gas in your car, to the gold in your jewelry, to the tens of thousands of Latin Americans calling for refugee status in the U.S. *Gangster Warlords* is the first definitive account of the crime wars now wracking Central and South America and the Caribbean, regions largely abandoned by the U.S. after the Cold War. Author of the critically acclaimed *El Narco*, Ioan Grillo has covered Latin America since 2001 and gained access to every level of the cartel chain of command in what he calls the new battlefields of the Americas. Moving between militia-controlled ghettos and the halls of top policy-makers, Grillo provides a disturbing new understanding of a war that has spiraled out of control--one that people across the political spectrum need to confront now.

**At the Devil's Table** Hachette Australia

In the past decade, from Brighton Beach to Moscow, Toronto to Hong Kong, the Russian mob has become the world's fastest-growing criminal superpower. Trafficking in prostitutes, heroin, and missiles, the mafiya poses an enormous threat to global stability and safety. Today, the mafiya controls over 80 percent of Russia's banks and has siphoned off billions of dollars in Western loans and aid, almost certainly derailing the chance for a stable democracy there. But that is just the beginning, for the mafiya is now in every corner of the United States and has infiltrated some of the banks and brokerage firms that handle your money. And American law enforcement is just waking up to this staggering problem. No journalist in the world knows more about the mafiya than Friedman, who has covered the Russian mob for *Details*, *Vanity Fair*, and *New York*. At great peril to himself, Friedman interviewed many of the top mobsters, who were stunningly candid about their activities. In their depravity, ruthlessness, and brutality, Russian gangsters make the traditional Mafia look like choirboys. Red Mafiya will appeal to anyone interested in the Mob.

**A World History** MacLehose Press

Scrivere di cocaina è come farne uso. Vuoi sempre più notizie, più informazioni, e quelle che trovi sono succulente, non ne puoi più fare a meno. Sei addicted. Anche quando sono riconducibili a uno schema generale che hai già capito, queste storie affascinano per i loro particolari. E ti si ficcano in testa, finché un'altra - incredibile, ma vera - prende il posto della precedente. Davanti vedi l'asticella dell'assuefazione che non fa che alzarsi e preghi di non andare mai in crisi di astinenza. Per questo continuo a raccogliere fino alla nausea, più di quanto sarebbe necessario, senza riuscire a fermarmi. Sono fiammate che divampano accecanti. Assordanti pugni nello stomaco. Ma perché questo rumore lo sento solo io? Più scendo nei gironi imbiancati dalla coca, e più mi accorgo che la gente non sa. C'è un fiume che scorre sotto le grandi città, un fiume che nasce in Sudamerica, passa dall'Africa e si dirama ovunque. Uomini e donne passeggiano per via del Corso e per i boulevard parigini, siritrovano a Times Square e camminano a testa bassa lungo i viali londinesi. Non sentono niente? Come fanno a sopportare tutto questo rumore?R.S.

**ZeroZeroZero** Faber & Faber

"Zero zero zero" flour is the finest, whitest available. "Zero zero zero" is also the nickname among narco-traffickers for the purest, highest quality cocaine on the market. And it is the title of Roberto Saviano's unforgettable exploration of how the cocaine trade knits the world into its dark economy and imposes its own vicious rules and moral codes on its armies and, through them, on us all. Saviano's Gomorrah, his explosive account of the Neapolitan mob, the Camorra, was a worldwide publishing sensation. It struck such a nerve with the Camorra that Saviano has lived with twenty-four hour police protection in the shadow of death threats for more than seven years. During this time he has become intimate with law enforcement agencies around the world. Saviano has broadened his perspective to take in the entire global "corporate" entity that is the drug trade in cooperation with law enforcement officials, who have fed him information and sources and used him to guide their own thinking and tactics. Saviano has used this extraordinary access to feed his

own groundbreaking reportage. The result is a truly amazing and harrowing synthesis of intimate literary narrative and geopolitical analysis of one of the most powerful dark forces in the global economy. In *Zero Zero Zero*, Saviano tracks the shift in the cocaine trade's axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances, first with the Italian crime syndicates, then with the Russians, Africans, and others. On the one hand, he charts an astonishing increase in sophistication and diversification as these criminal entities diversify into many other products and markets. On the other, he reveals the threat of violence to protect and extend power and how the nature of the violence has grown steadily more appalling. Saviano is a journalist of rare courage and a thinker of impressive intellectual depth and moral imagination, able to see the connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. As heart racing as it is heady, *Zero Zero Zero* is a fusion of a variety of disparate genres into a brilliant new form that can only be called Savianoesque.

*A Tale of Tragedy and Redemption* Minotaur Books

This beautiful photographic collection is a celebration of modern menswear. In it, photographer Jamie Ferguson profiles men from the fashion industry, covering a range of ages, geographical locations and personal styles. Each of the men profiled works in menswear, but enjoys passions of his own. Tommaso Capozzoli (Sales Director) is also a rower who belongs to an exclusive club whose headquarters sit below the Ponte Vecchio in Florence; Hooman Majd is a world renowned Iranian-American journalist and author; Michael Hill is the founder and creative genius behind Drake's haberdashery in London, New York, Seoul and Tokyo, Simon Crompton is a keen cyclist, and Antonio Ciongoli a gifted skateboarder. This Guy captures not only their impeccable style from London, Paris, New York, Stockholm, Tokyo and Rome but also the lives that made them. Full of aspirational life stories, beautiful photography, and cutting-edge fashion, This Guy is the perfect luxury coffee-table book for anyone who appreciates the finer things in life.

*The Mastermind* Penguin UK

In the early hours of an August 2007 morning a gunfight broke out in an Italian restaurant in Duisburg, Germany; in less than five minutes over seventy shots were fired into the bodies of six men. Both the victims and the assassins were members of the 'Ndrangheta crime organization. Calabria's Mafia had brazenly shown its savage influence outside Italy for the first time. In *The Honored Society* award-winning investigative reporter Petra Reski reveals the Mafia menace lurking throughout the world-- from espresso bars in Palermo to European halls of parliament to the corporate headquarters of enormous agricultural firms. In haunting and exquisite prose she explores the Byzantine structure of the 'Ndrangheta, Cosa Nostra and other mafia clans throughout Italy -- the code they live by, the destruction they wreak, how they operate within the country and how they operate internationally. She shows how these syndicates dominate everything from nuclear waste disposal to hotel chains to the marijuana trade in Australia and cocaine trafficked throughout the world. Reski shows how figures such as Silvio Berlusconi were made by the Mafia, and how those who dared to defy its codes were broken. A searing portrait of the criminals who have come to control not only Italy but vast swathes of the globe, *The Honored Society* is a journalistic tour de force.

**El Narco** Random House Incorporated

*ZeroZeroZero* Penguin

*Savage Kiss* Hardie Grant

The immigrant tenants of a building in Rome offer skewed accounts of a murder in this prize-winning satire by the Algerian-born Italian author (Publishers Weekly). Piazza Vittorio is home to a polyglot community of immigrants who have come to Rome from all over the world. But when a tenant is murdered in the building's elevator, the delicate balance is thrown into disarray. As each of the victim's neighbors is questioned by the police, readers are offered an all-access pass into the most colorful neighborhood in contemporary Rome. With language as colorful as the neighborhood it describes, each character takes his or her turn "giving evidence." Their various stories reveal much about the drama of racial identity and the anxieties of a life spent on society's margins, but also bring to life the hilarious imbroglios of this melting pot Italian culture. "Their frequently wild testimony teases out intriguing psychological and social insight alongside a playful whodunit plot." —Publishers Weekly

*The Valley of the Shadow of Death* A&C Black

The incredible true story of the decade-long quest to bring down Paul Le Roux--the creator of a frighteningly powerful Internet-enabled cartel who merged the ruthlessness of a drug lord with the

technological savvy of a Silicon Valley entrepreneur "Evan Ratliff has pried open a hidden world of high-tech gangsters and drug kingpins and double-crossers and stone-cold hitmen."--David Grann, author of Killers of the Flower Moon It all started as an online prescription drug network, supplying hundreds of millions of dollars' worth of painkillers to American customers. It would not stop there. Before long, the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem. Yachts carrying \$100 million in cocaine. Safe houses in Hong Kong filled with gold bars. Shipments of methamphetamine from North Korea. Weapons deals with Iran. Mercenary armies in Somalia. Teams of hit men in the Philippines. Encryption programs so advanced that the government could not break them. The man behind it all, pulling the strings from a laptop in Manila, was Paul Calder Le Roux--a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty-first century, and the kind of self-made crime boss that American law enforcement had never imagined. For half a decade, DEA agents played a global game of cat-and-mouse with Le Roux as he left terror and chaos in his wake. Each time they came close, he would slip away. It would take relentless investigative work, and a shocking betrayal from within his organization, to catch him. And when he was finally caught, the story turned again, as Le Roux struck a deal to bring down his own organization and the people he had once employed. Award-winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle, chasing Le Roux's empire and his shadowy henchmen around the world, conducting hundreds of interviews and uncovering thousands of documents. The result is a riveting, unprecedented account of a crime boss built by and for the digital age. Advance praise for The Mastermind "A true crime classic"--Publishers Weekly (starred review) "If truth is stranger than fiction, then The Mastermind is the truest book you'll read this year. The only thing predictable about it is how quickly you'll turn the pages."--Noah Hawley, author of Before the Fall and creator of the TV series Fargo

The Cartel Penguin

From the award-winning and bestselling author of Cod comes the dramatic, human story of a

simple substance, an element almost as vital as water, that has created fortunes, provoked revolutions, directed economies and enlivened our recipes. Salt is common, easy to obtain and inexpensive. It is the stuff of kitchens and cooking. Yet trade routes were established, alliances built and empires secured - all for something that filled the oceans, bubbled up from springs, formed crusts in lake beds, and thickly veined a large part of the Earth's rock fairly close to the surface. From pre-history until just a century ago - when the mysteries of salt were revealed by modern chemistry and geology - no one knew that salt was virtually everywhere. Accordingly, it was one of the most sought-after commodities in human history. Even today, salt is a major industry. Canada, Kurlansky tells us, is the world's sixth largest salt producer, with salt works in Ontario playing a major role in satisfying the Americans' insatiable demand. As he did in his highly acclaimed Cod, Mark Kurlansky once again illuminates the big picture by focusing on one seemingly modest detail. In the process, the world is revealed as never before.

**Italy's Other Mafia** Profile Books

What can magic tell us about ourselves and our daily lives? If you subtly change the subject during an uncomfortable conversation, did you know you're using attentional 'misdirection', a core technique of magic? And if you've ever bought an expensive item you'd sworn never to buy, you were probably unaware that the salesperson was, like an accomplished magician, a master at creating the 'illusion of choice'. Leading neuroscientists Stephen Macknik and Susana Martinez-Conde meet with magicians from all over the world to explain how the magician's art sheds light on consciousness, memory, attention, and belief. As the founders of the new discipline of NeuroMagic, they combine cutting-edge scientific research with startling insights into the tricks of the magic trade. By understanding how magic manipulates the processes in our brains, we can better understand how we work - in fields from law and education to marketing, health and psychology - for good and for ill.

The Honored Society Nation Books

Perhaps no twentieth century writer was so observant and elegant a chronicler of his times as Truman Capote. Whether he was profiling the rich and famous or creating indelible word-pictures

of events and places near and far, Capote's eye for detail and dazzling style made his reportage and commentary undeniable triumphs of the form. Portraits and Observations is the first volume devoted solely to all the essays ever published by this most beloved of writers. From his travel sketches of Brooklyn, New Orleans, and Hollywood, written when he was twenty-two, to meditations about fame, fortune, and the writer's art at the peak of his career, to the brief works penned during the isolated denouement of his life, these essays provide an essential window into mid-twentieth-century America as offered by one of its canniest observers. Included are such celebrated masterpieces of narrative nonfiction as "The Muses Are Heard" and the short nonfiction novel "Handcarved Coffins," as well as many long-out-of-print essays, including portraits of Isak Dinesen, Mae West, Marcel Duchamp, Humphrey Bogart, and Marilyn Monroe. Among the highlights are "Ghosts in Sunlight: The Filming of In Cold Blood," "Preface to Music for Chameleons," in which Capote candidly recounts the highs and lows of his long career, and a playful self-portrait in the form of an imaginary self-interview. The book concludes with the author's last written words, composed the day before his death in 1984, the recently discovered "Remembering Willa Cather," Capote's touching recollection of his encounter with the author when he was a young man at the dawn of his career. Portraits and Observations puts on display the full spectrum of Truman Capote's brilliance. Certainly, Capote was, as Somerset Maugham famously called him, "a stylist of the first quality." But as the pieces gathered here remind us, he was also an artist of remarkable substance.

**The Ring** Penguin

He was 'THE WICKEDEST MAN ALIVE'. He went to Oxford University at the age of 12 He slept with his first prostitute at 13 He was an alcoholic by 14 He was imprisoned in the Tower at 18 He was acclaimed a war hero at 19 He died of syphilis at the age of 33 He was English history's first celebrity. He was John Wilmot, 2nd Earl of Rochester: Poet, dandy and libertine. BLAZING STAR is a compelling portrait of a remarkable and complex man, and of a cultural golden age that often spilled over into depravity.
