## **DONNA ALBERT**

---

### **Afrikaners in the New South Africa**

Bloomsbury Publishing

How has the position of Afrikaners changed since the end of the Apartheid regime in South Africa? While the links between Afrikaner nationalist identity

and the apartheid regime have been irrevocably altered, it is evident that this newly disempowered minority still commands a vast material and cultural capital. Certain Afrikaans speakers have become important players in the new South Africa and on the world stage. Davies argues that the global political economy and the closely associated ideology of globalization are major catalysts for change in Afrikaner

identifications and positions. She identifies multiple Afrikaner constituencies and identities and shows how they play out in the complex social, economic and political landscape of South Africa. Accessible, informative and well-written, "Afrikaners in the New South Africa" is a vital contribution to our understanding of post-apartheid South Africa. It will be indispensable for those interested in South Africa, identity politics, globalization, international

political economy and geography.

**East Anglia** Datamost

Designed for the Intermediate & Advanced Programmer, the Text Explains Diskette Formatting, File Storage, Reading & Writing Data in Non-Standard Ways, Backing Up Protected Disks, Recovering Damaged Data & More. Includes a Section Updating Errors & Omissions in Commodore's 1541 User's Manual
