With a show-jumping career spanning over forty years, Nick Skelton is a legend in the equestrian world. No other rider has won so many major competitions on so many different horses and he is as popular at Olympia and Hickstead as he is at Aachen, Geneva, Paris and Spruce Meadows. Skelton has competed in eight Olympic

Games. He was part of the gold medal-winning Great Britain team at London 2012 and made history by winning the individual Olympic gold medal at Rio 2016, riding at the age of fifty-eight his beloved horse Big Star. Nick Skelton began riding at the age of eighteen months on a Welsh pony called Oxo. At the age of seventeenth in 1975, Skelton took team silver and individual gold at the Junior European Championships. He has competed many times at the European Show Jumping Championships, winning numerous medals, both individually and with the British team. In 1980 he competed in the Alternative Olympics, where he helped the British team to a silver medal. He still holds the British Show Jumping High Jump record that he set in 1978. As with any business, economic, financial, and marketing management for sports organizations is critical for attracting, retaining, and engaging fans. Unlike typical businesses, the sports industry is inconsistent, highly emotional with a strong personal nature, and operates in various markets where organizations compete and cooperate at the same time. Thus, traditional management techniques are not always appropriate for these organizations. Integrated Marketing Communications, Strategies, and Tactical Operations in Sports Organizations provides expert insight into the latest trends, strategies, and tactics that can be used in the sports industry to build foundations for successful commercialization. The content within this publication covers city marketing, social media interactions, and atmospheric influence and is designed for managers, marketers, business and industry

professionals, stakeholders, academicians, researchers, and students.

Alfa Romeo 105 Series Spider Penguin  
AUTOCOURSE THE WORLD'S LEADING GRAND PRIX ANNUAL Launched way back in 1951, AUTOCOURSE is proud of its heritage as an independent publication, which for over sixty years has covered the Grand Prix World Championship in minute detail. At its core are definitive race reports filed by noted motor sport journalists, all of whom are regulars on the circuits and members of the 'inner sanctum' of writers who have access to the sport's movers and shakers. Their

reports are backed by the most complete statistical data available, including detailed lap charts, some of which are unique to this publication. While Grand Prix racing naturally takes centre stage, AUTOCOURSE has always covered the many other categories of motor sport that have flourished over the past half-century. The world's great races, from the Le Mans 24-Hours to the Indianapolis 500, are perennial events in a comprehensive motor sport overview that today covers Sports Cars, Indycar, NASCAR, GP2, GP3, F3, Touring Cars, Karting and more. Delving back into the past, readers can delight in the now lost worlds of non-championship F1 racing, Formula 2, F5000, CanAm and the Tasman Series, which boasted many of the leading drivers of the day among their competitors. One of the greatest strengths of AUTOCOURSE through the years has been its superb photographic coverage. Many of the world's leading motor sport photographers have been regular contributors, their images providing the ultimate pictorial record of each racing season. In a fast changing world, AUTOCOURSE retains its position as the definitive record of each

season's motor sport. Now, sought-after and long-out-of-print editions, which command high prices from collectors, will shortly be available to download at a very modest cost for enthusiasts to enjoy on their Apple and Android tablets in eBook form.
