Are they human, or are they beast? Over the past several decades, the world has seen a new phenomenon on the rise, a group of people identifying as "furies." They have appeared in the news and popular TV shows as adults wearing fursuits and participating in sex parties, but what are they really? As a sequel to the award-winning first volume, this collection of essays on the furry fandom reveals furies through their own eyes, with bestselling novelists Bill Kieffer and Phil Geusz, celebrity social media characters Jesus Fox and Satan Fox, the International Anthropomorphic Research Project, and so many more, covering topics from anthropomorphic animal science fiction to furry gender identity and the psychology behind furies. Some of the essays are comical and playful, while others are serious and academic. On one paw, this is a work for non-furies to get a glimpse into the anthropomorphic world. On the other, this is a chance for furies to hear from many of their favorite furies.
