A stunning and surprising new thriller, Mitch Silver's latest novel takes readers from a secret operation during World War II—with appearances by Noel Coward and Winston Churchill—to present day London and Moscow, where Lara Klimt, "the Bookworm," must employ all her skills to prevent an international conspiracy. Why did Hitler chose not to invade England when he had the chance? Europe, 1940: It's late summer and Belgium has been overrun by the German army. Posing as a friar, a British operative talks his way into the monastery at Villers-devant-Orval just before Nazi art thieves plan to sweep through the area and whisk everything of value back to Berlin. But the ersatz man of the cloth is no thief. Instead, that night he adds an old leather Bible to the monastery's library and then escapes. London, 2017: A construction worker operating a backhoe makes a grisly discovery—a skeletal arm-bone with a rusty handcuff attached to the wrist. Was this the site, as a BBC newsreader speculates, of "a long-forgotten prison, uncharted on any map?" One viewer

knows better: it's all that remains of a courier who died in a V-2 rocket attack. The woman who will put these two disparate events together—and understand the looming tragedy she must hurry to prevent—is Russian historian and former Soviet chess champion Larissa Mendelovg Klimt, "Lara the Bookworm," to her friends. She's also experiencing some woeful marital troubles. In the course of this riveting thriller, Lara will learn the significance of six musty Dictaphone cylinders recorded after D-Day by Noel Coward—actor, playwright and, secretly, a British agent reporting directly to Winston Churchill. She will understand precisely why that leather Bible, scooped up by the Nazis and deposited on the desk of Adolf Hitler days before he planned to attack Britain, played such a pivotal role in turning his guns to the East. And she will discover the new secret pact negotiated by the nefarious Russian president and his newly elected American counterpart—maverick and dealmaker—and the evil it portends. Oh, and she'll reconcile with her husband.

48 Laws of Hustle is from the mind of The Streets Jeweler, Jimmy Boi! This book of jewels is packed with wisdom to equip you on the journey to success. Every law was created from the muscle built on the grind. Success leaves footprints, and they're in this

How to Be a 3% Man, Winning the Heart of the Woman of Your Dreams Simon and Schuster

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

...a message to the Black Youth. This is a compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of which I am a part of. I am not a Master of these teachings, but these teachings I wish to Master. They say that my generation is not intelligent enough to read a book. I say that They are wrong. It is just that They are not writing about anything of interest that is relevant to our lives! And when They do write something, they have to write in the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, trying to understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter words, or your Shakespearian style of writing. The Black Youth of today don't give a damn about Shakespeare!!! This ain't no damn poetry contest! We are dealing with the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves. Peace.

*I Am Raymond Washington* is the only authorized biography of the undisputed founder of the Crips and provides an unprecedented look into Raymond Washington's life. If you're looking for stories of gang violence and crimes committed by gang members, that's been done before, and this book isn't for you. But if you're looking for a factual and intuitive look into what made Raymond Washington unique in the mean streets of Los Angeles, this is the book you want to read. Filled with stories, many never-before-seen photographs, as well as interviews and eyewitness accounts of those who knew Raymond, what he represented, and how and why the Crips were formed—and why his name is still spoken on the streets of Los Angeles today with hatred, fear, awe, and reverence. Entering the world of Raymond Washington with an open mind was difficult for me; however, the

story of who Raymond Washington was as a leader, warrior, tactician, and mentor became clear. Learn why the gang was so successful and how an unremarkable fifteen-year-old kid in the fall of 1969 sat down with his best friend and formed what later became one of the most successful, and yet feared and hated gangs in the world—the Crips.

There's lots of fun to be had up on the beach pier, but it's down underneath where the true—and totally free—magic happens. There's lots of fun to be had up on the pier—the Ferris wheel, the rollercoaster, Skee-Ball and Whac-A-Mole, cotton candy, copper coins, the carousel. But it's down under the pier, at low tide, where the real magic can be found. The best part? It's free. Nell Beckerman's poetic text and deep love of the intertidal zone, and Rachell Sumpter's dreamy, “endless summer” art make this the perfect beach book.

*Miller's Children* is a passionate and comprehensive look at the human consequences of the US Supreme Court's decision in the case of *Miller v. Alabama*, which outlaws mandatory life-without-parole sentences for juvenile murderers. The decision to apply the law retroactively to other cases has provided hope to those convicted of murders as teenagers and had been incarcerated with the expectation that they would never leave prison until their own death as incarcerated adults. Psychological expert witness James Garbarino shares his fieldwork in more than forty resentencing cases of juveniles affected by the *Miller* decision.

Providing a wide-ranging review of current research on human development in adolescence and early adulthood, he shows how studies reveal the adolescent mind's keen ability for "malleability", suggesting the true potential for rehabilitation. Garbarino focuses on how and why convicted teenage murderers have been able to accomplish dramatic rehabilitation and transformation, emphasizing the role of education, reflection, mentoring, and spiritual development. With a deft hand, he shows us the prisoners' world that is filled, first and foremost, with stories of hope amid despair, and of moral and psychological recovery in the face of developmental insult and damage.

The pimp has reached nearly mythical status. We are fascinated by the question of how a guy from the ghetto with no startup capital and no credit -- nothing but the words out of his mouth -- comes not only to have a stable of sexy women who consider him "their man," but to drive a Rolls, sport diamonds, and wear custom suits and alligator shoes from Italy. His secret is to follow the "unwritten rules of the game" -- a set of regulations handed down orally from older, wiser macks -- which give him superhuman powers of charm, psychological manipulation, and persuasion. In Pimpology, star of the documentaries Pimps Up, Ho's Down and American Pimp and Annual Players Ball Mack of the Year winner Ken Ivy pulls a square's coat on the unwritten rules that took him from the ghetto streets to the executive suites. Ken's lessons will serve any person in any interaction: Whether at work, in relationships, or among friends, somebody's got to be on top. To be the one with the upper hand, you've got to have good game, and good game starts with knowing the rules. If you want the money, power, and respect you dream of, you can't just "pimp your ride," you need to pimp your whole life. And unless you've seen Ray Charles leading Stevie Wonder somewhere, you need Ken's guidelines to do it. They'll reach out and touch you like AT&T and bring good things to life like GE. Then you can be the boss with the hot sauce who gets it all like Monty Hall
