 Part love story and part ghost story, this is an unforgettable New York Times bestseller about a science journalist and a North Carolina librarian who dare to believe in the impossible. As a science journalist with a regular column in Scientific American, Jeremy Marsh specializes in debunking the supernatural-until he falls in love with the granddaughter of the town psychic. When Jeremy receives a letter from Boone Creek, North Carolina, about ghostly lights appearing in a cemetery, he can't resist driving down to investigate. Here, in this tightly knit community, Lexie Darnell runs the town's library. Disappointed by past relationships, she is sure of one thing: her future is in Boone Creek, close to all the people she loves. From the moment Jeremy sets eyes on Lexie, he is intrigued. And Lexie, while hesitating to trust this outsider, finds herself thinking of him more than she cares to admit. Now, if they are to be together, Jeremy must do something he's never done before-take a giant leap of faith. From #1 New York Times bestselling author Nicholas Sparks comes a love story about taking chances and following your heart. True Believer will make you believe in the miracle of love.

Red circle: #YourMarathon is what moves you, what gives you hope, and what makes you get out of bed every morning without an alarm clock. What's your marathon? Are you already running it? Are you about to take off? Are you just receiving the calling? Marathon, the challenge that requires preparation, courage, passion, and guts so that you can face off with yourself. This is not a book about the advantages of running, nor does it contain tips to improve your scores. Rather, these pages get us closer to the war that as a Marathon runner every person fights in their head, which is the same battle that you deal with when you want to go beyond your limits and reach your own goals. The arena for this battle isn't a track, it's in the mind: that place where in some moments you're a slave, an insurgent, a lover, a conquistador, a victim, a criminal, a gladiator, or even a Jedi Knight. Marathon is an intense book, intimate and original, in which you'll tour Mexico City, Paris, Papantla, Houston, and Rome. You'll visit the heart of the most emblematic competition in track and field and, between euphoria, frustration, searching, music, and revenge, you'll run 42 kilometers of learning.

Imagine Dragons - Smoke + Mirrors Songbook Delesty Books

This book covers the developing and important issue of the role and place of Islam in the increasingly complex dynamics of Russian politics. It is achieved by examining various aspects of Islam and Muslims in Russia from a multidisciplinary perspective. Islam and Muslims are currently at the forefront of popular culture, mass media and political imaginations in the age of the 'Global War on Terrorism'. Frequently, these are for the 'wrong' reasons as they are not well understood, but rather stereotypically misrepresented, often for various political reasons. Russia is also highly stereotyped; the diverse and mysterious country is often misunderstood in terms of the communicated cultural, social and political images. This book is an attempt to expose and analyse the wealth in diversity of Islam and Muslims in Russia, a country where different religions have occupied the same political spaces, for better and worse, for many centuries. The content of this book is focused upon the contemporary social, political, cultural and identity contexts of Russia in terms of the interrelated dynamics and forces that are shaping the relations and place of Islam and Muslims in Russia today. The chapters in this book were originally published in the journal Religion,

State & Society.

A Book of Instructions and Drawings by Yoko Ono Hal Leonard Corporation

My enemy had seen me naked. He was holding the proof right before my eyes, and my stomach lurched sickeningly. "Seems like you had too much to drink last night," he remarked in that condescending tone he always used with me. I looked up at him as he stood watching me from the doorway with his attitude of superiority. In that moment of weakness, I actually tried to plead with him. "Please. I've never done anything to you." "Begging me on your knees. That's a good start." Dread turned my clammy skin cold. Mason Sumner hated my guts, and he would have no compassion for me. This was bad. This was really, really bad.
