John of the Cross, Francisco de Aldana, Luis de León Harvard Business Review Press  
&"An extensive and powerful literature on religion, society, and politics in Latin America in recent years has begun with the assumption that most of the movements that surged in the struggle against military rule are dead, that most of the activists are scattered and burned out, and that the promise of civil society as a source of new values and a new kind of citizenship and political life was illusory. Many have assumed that the religiously inspired activism of that period left little lasting impact, but hardly anyone has actually looked at the activists themselves to see what remains, how they cope in a different, more open environment, and how they see and act on the present and future. *Activist Faith* addresses these issues with a wealth of empirical detail from two key cases and with a richly interdisciplinary argument that draws on theorizing about social movements. The authors strive to understand what sustains activism and movements in radically different circumstances from those in which they arose. Their analysis is enriched by systematic attention to the impact of gender and gender-related issues on activism and movements. In the process, they shed much needed light on the fate of the activists and social movements that rose to prominence throughout Latin America during the 1980s. This beautifully written book is a major achievement that gives us analytical tools for studying how movements and activists survive in the doldrums and when a cycle of protest peaks and societies move on.&"&—Daniel H. Levine, University of Michigan

### **Releasing the Fear and Walking in Faith** Routledge

This is a detailed description of the various Sufi orders and movements which entered into the Balkans, the Crimean peninsula and other parts of Eastern Europe following the Ottoman conquests. Many of the Sufis came from Christian societies, principally from an Eastern Orthodox background, but others, such as the Bosnians, from churches that were accused or suspected of heterodoxy of belief and of antinomianism. These beliefs, together with pre-Christian beliefs, influenced by Manicheism, Dualism and pantheism, left their mark on Sufi Islam. The book concentrates on the Bosnians, Bulgarians, Albanians and Tatars. Their Sufism reflects their national aspirations, and their writings fuse their mysticism, national faith and folklore in a Sufism which is quite distinct from that in other regions of the Muslim world.

### **Autobiography and the Loss of Faith** Wm. B. Eerdmans Publishing

NEW YORK TIMES BESTSELLER The "paradigm-influencing" book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John

Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with "a spiritual badass." As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today's evangelicals might not be theologically astute, but they know their VeggieTales, they've read John Eldredge's *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of "Christian America." Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the "moral majority" backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals' most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, *Jesus and John Wayne* shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.

### *Grassroots Women in Democratic Brazil and Chile* Routledge

The intersections of religion, politics, and performance form the loci of many of the most serious issues facing the world today, sites where some of the world's most pressing and momentous events are contested and played out. That this circumstance warrants continued, thoughtful, and imaginative engagement from those within the fields of theatre and performance is one of the guiding principles of this volume. This collection features a diverse set of perspectives, written by some of the top scholars in the relevant fields, on the many modern intersections of religion with theatre and performance. Contributors argue that religion can no longer be conceived of as a cultural phenomenon that is safely sequestered in the "private sphere." It is instead an explicitly public force that stimulates and complicates public actions, and thus a crucial component of much performance. From mystic theologies of acting to the neuroscience of spirituality in rituals to the performance of secularism, these essays address a broad variety of religious traditions, sharing a common conception of religion as a crucial object of discourse—one that is formed by, and significantly formative of, performance.

**The Definitive Griffin Estate Edition** Marquette Fiction

In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in his deep religious faith, these are strategies anyone can use. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world.

Sufi Brotherhoods and the Dialogue with Christianity and 'Heterodoxy' DIANE Publishing

This is an open access title available under the terms of a CC BY-NC-ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Why are citizens in some countries more willing to pay taxes than in other countries? This book examines the history of the relationship between citizens and their states in five countries, (Sweden, Britain, Italy, Romania, and the United States), and demonstrates how and why people in some countries have come to trust the government with their money while in other countries they do not. The book explores the evolution of this relationship in detail, in each case showing how some governments developed the fiscal and technical capacity to tax their citizens fairly and deliver public services efficiently. In short, how and why some countries became more trustworthy than others. The volume concludes by examining the implications of these five cases for developing countries today and the lessons that can be learned.

**Providence, Politics, and the Birth of Religious Freedom in America** National Academies Press

He felt suddenly as if a siren's song were calling to him from across the sea, from an enchanted land, an island kingdom named England. He had always pictured England as a magical fairy tale realm, ever since his childhood when he had first read the legends of King Arthur and the Knights of the Round Table. Magic existed in the thought of England's green hills, in the names of Windsor Castle, Stonehenge, and the Tower of London. It was one of the few lands still ruled by a monarch, perhaps a land where fairy tales might still come true. Maybe even a place where he might at last find a father. All his life, Adam Morgan has sought his true identity and the father he never knew. When multiple coincidences lead him to England, he will not only find his father, but mutual love with a woman he can never have, and a family legacy he never imagined possible. Among England's green hills and crumbling castles, Adam's intuition awakens, and when a mysterious stranger appears with a tale of Britain's past, Adam discovers forces may be at work to bring about the return of a king.

The Legacy of White Supremacy in American Christianity Penguin UK

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth

Rendell

*Leaving Your Leadership Legacy* Routledge

The most comprehensive survey to date of the work of Faith Ringgold, whose groundbreaking art and political activism span more than sixty years - featuring a stellar line-up of contributors and an unprecedented collection of images Faith Ringgold is a critically acclaimed American artist whose unique methods of visual storytelling have documented and advanced art historical, feminist, and civil-rights movements for more than half a century. Accompanying a major retrospective at the New Museum, New York, this expansive survey covers work from all periods of her career, including her early civil rights-era figurative paintings, her graphic political protest posters, and her signature experimental story quilts.

*Faith Ringgold: American People* InterVarsity Press

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

**The Spirit-filled Life** Wipf and Stock Publishers

The authors of this book explain the differences between managing by the 3-Ps (Proximity, Position, and Persuasion) and the 3-Cs (Clarity, Consistency, and Connectivity). Leaders who employ the 3-Ps manage with a focus on the individual. Leaders who use the 3-Cs, however, manage by weaving personal leadership techniques with a process of managing the business or organization that has proven extremely effective during the decade since it was introduced. It's a way to lead a company or organization that leaves a legacy of sustained growth and success for those who come after the leader to latch onto and continue. The book is written as a business novel. What is learned on the protagonist's journey is expanded upon in a lesson at the conclusion of each chapter. Readers are then invited to assess their own legacy potential by completing a self-assessment. The management process this book contains is now being employed successfully not only by small and medium size businesses, but also by Fortune 500 companies, successful municipalities, and the United States Army.

*Book 3 of The Sorcerer's Path* Oxford University Press

Humanism and Religion in Early Modern Spain brings together twenty-five essays by renowned historian Terence O'Reilly. The essays examine the interplay of religion and humanism in a series of writings composed in sixteenth-century Spain. It begins by presenting essential background: the coming together during the reign of the Emperor Charles V of Erasmian humanism and various movements of religious reform, some of them heterodox. It then moves on to the reign of Philip II, focusing on the mystical poetry and prose of St John of the Cross. It explores the influence on his writings of his humanist learning - classical, biblical and patristic. The third part of the book concerns a verse-epistle by John's contemporary, Francisco de Aldana. One chapter presents the text with a parallel version in English, whilst two others trace its debt to Florentine Neoplatonism, particularly the thought of Marsilio Ficino. The final part is devoted to the humanism of the poet and Scripture scholar Luis de León, and specifically to the confluence in his work of biblical and classical motifs. This book is essential reading for scholars and students of early modern Spanish history, as well those interested in literary studies and the history of religion.

**A Course in Miracles** BRILL

Are you tired of living in fear? You know that great potential lies within you but you are too afraid to move forward. You know that there is a bright future ahead of you but you are concerned with what people will think. You know that God is calling you to do something great but because you cannot see the full picture, you fearfully stand still. In this *Releasing the Fear and Walking in Faith*, Ranelli Williams shares biblical truths and practical steps to help you conquer your fears and step out on faith into a world of bright hope, contentment, joy, peace, love, and prosperity. Further, in this revised and expanded version, Ranelli has invited individuals to share their personal testimonies of faith and the light and peace they received once they chose faith over fear and walk boldly in their purpose.

*The Leap of Faith* Liveright Publishing

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

**A Guide for Prevention, Assessment, and Intervention** Pantheon

"WHITE TOO LONG draws on history, statistics, and memoir to urge that white Christians reckon with the racism of the past and the amnesia of the present to restore a Christian identity free of the taint of white supremacy"--

**Blest Are We** Blest Are We Kindergarten Activities Booklet Faith First Kindergarten: Student Textbook The Epistle of Paul the Apostle to The Romans

The culture wars have distorted the dramatic story of how Americans came to worship freely. Many activists on the right maintain that the United States was founded as a "Christian nation." Many on the left contend that the Founders were secular or Deist and that the First Amendment was designed to boldly separate church and state throughout the land. None of these claims are true, argues Beliefnet.com editor in chief Steven Waldman. With refreshing objectivity, Waldman narrates the real story of how our nation's Founders forged a new approach to religious liberty, a revolutionary formula that promoted faith . . . by leaving it alone. This fast-paced narrative begins with earlier settlers' stunningly unsuccessful efforts to create a Christian paradise, and concludes with the presidencies of Washington, Adams, Jefferson, and Madison, during which the men who had devised lofty principles regarding the proper relationship between church and state struggled to practice what they'd preached. We see how religion helped cause, and fuel, the Revolutionary War, and how the surprising alliance between Enlightenment philosophers such as Jefferson and Madison and evangelical Christians resulted in separation of church and state. As the drama unfolds, *Founding Faith* vividly describes the religious development of five Founders. Benjamin Franklin melded the morality-focused Puritan theology of his youth and the reason-based Enlightenment philosophy of his adulthood. John Adams's pungent views on religion-hatred of the Church of England and Roman Catholics-stoked his revolutionary fervor and shaped his political strategy. George Washington came to view religious tolerance as a military necessity. Thomas Jefferson pursued a dramatic quest to

"rescue" Jesus, in part by editing the Bible. Finally, it was James Madison-the tactical leader of the battle for religious freedom-who crafted an integrated vision of how to prevent tyranny while encouraging religious vibrancy. The spiritual custody battle over the Founding Fathers and the role of religion in America continues today. Waldman provocatively argues that neither side in the culture war has accurately depicted the true origins of the First Amendment. He sets the record straight, revealing the real history of religious freedom to be dramatic, unexpected, paradoxical, and inspiring. An interactive library of the key writings by the Founding Father, on separation of church and state, personal faith, and religious liberty can be found at [www.beliefnet.com/foundingfaith](http://www.beliefnet.com/foundingfaith).

*A Meditation on Suffering* Wings Press

**DATE SMARTER, MAKE BETTER DECISIONS IN LOVE, AND ACHIEVE THE RELATIONSHIP YOU**

**DESERVE... IT ALL STARTS WITH NOT SETTling!** By day, Faith Jenkins is the host of the nationally syndicated TV show *Divorce Court*; by night, she's a happily married newlywed who navigated these dating streets for years before learning how to attract the love of her dreams. When she turned 35 without a wedding ring in sight, like most women, she started getting tons of questions about not being married. But she made a decision: I. Will. Not. Settle. As an attorney and arbitrator, Faith has presided over hundreds of cases, and has helped couples avoid and resolve a wealth of drama. And she's seen it all! In *Sis, Don't Settle*, she's gathered an arsenal of love, wisdom and advice for women on how to play it smart. Modern culture would have women believe they can't have it all—and be smart, successful, strong women with authentic love to boot. Wrong. Told in her signature style—sometimes salty and sometimes sweet—Faith provides real solutions that will teach you how to thrive in relationships while avoiding common missteps and pitfalls. She delivers it straight, with no chaser, to show us how to level up, and reminds you that how you live single will set the tone for your success in relationships. Smart, illuminating, and, often laugh-out-loud funny, *Sis, Don't Settle* is the essential playbook that will help you build your confidence, generate better results in love, and land a high-value relationship once and for all. You'll find tips on topics like: *Strong Independent Women...and the Men Who Love Them* *What's Worse than a Bad Relationship?* *Overextending Your Stay in One* *Becoming the Right Person to Attract the Right Person* *How to Release Trash Subconscious Beliefs that Keep You Settling* *And much more!* Whether you're single, divorced, or in a situation, *Sis, Don't Settle* reveals the direction and guidance you need to navigate love and take back your power.

**How Will You Measure Your Life? (Harvard Business Review Classics)** Simon and Schuster

This book studies the development of ideas on freedom, coercion and power in the history of economic thought.

**Antecedents of Choice and Power** Our Sunday Visitor

In 1993, Sheila Rauch Kennedy received a letter from the Boston Catholic Archdiocese announcing that her former husband, Congressman Joseph Kennedy, was seeking an annulment of their marriage. If the Church granted the annulment, the marriage, which had lasted twelve years, would be rendered nonexistent -- not simply ended, as was stated in the divorce decree, but invalid from the start. And their two sons would be regarded as children of an unsanctified union. Joseph Kennedy needed the annulment to remarry within the Church, and he encouraged his ex-wife to ignore the details. Stunned by the hypocrisy of the process and the betrayal of trust it involved,

Sheila Rauch Kennedy was determined to defend the legitimacy of her former marriage. Shattered Faith is the fascinating chronicle of that struggle, and of what Kennedy uncovered about the uses and frequency of annulments in the United States. Interweaving her own experiences with those of other women whose trust in the Church was shattered by annulment, she tells a story that will surprise, anger, and move readers of every faith.

**The Pilgrim's Progress** Random House

The author hits hard at the manipulation of religion for personal, corporate and national self-interests; and sets forth the possibility and content of a relevant and honest witness to Christ in both

private and public affairs. "This is a tract. It consists of four essays about the status of religion in contemporary American society and about the condition of the churches of American Protestantism. "As I find it, religion in America is characteristically atheistic or agnostic. Religion has virtually nothing to do with God and has little to do with the practical lives of men in society. Religion seems, mainly, to have to do with religion. The churches—particularly of Protestantism—in the United States are, to a great extent, preoccupied with religion rather than with the Gospel. That, in brief, is the substance of the essays in this tract."
