### STEPHENS NATHAN

**1977: July-December** McFarland  
 First multi-year cumulation covers six years: 1965-70.  
**Afrikanistische Arbeitspapiere** Harvard University Press  
 Voorts een alphabetische lijst van Nederlandsche boeken in België uitgegeven.  
**First revision** Contemporary Authors New Revis  
 This volume of Contemporary Authors(R) New Revision Series brings you up-to-date information on approximately 250 writers. Editors have scoured dozens of leading journals, magazines, newspapers and online sources in search of the latest news and criticism. Writers appearing in this volume include: Natilie Babbett Frederick Forsythe Maxine Hong Kingston Chris Van Allsburg  
[A Weekly Bulletin for the Staff of the University of California](#) Rutgers University Press  
 This study offers an approach toward Renaissance literary production, demonstrating that antipoetic sentiment, previously dismissed as an unimportant aspect of Tudor-Stuart literary culture, constituted a significant shaping presence in Sidney, Spenser and Milton.  
[Mutjango Wu Shiyeyi](#) Gale / Cengage Learning

The first volume of a three volume epic adventures set in fantasy world of the third Age of Middle-Earth, a world inhabited by many strange beings. Sam and Fredo begin their quest that will take them into Suaron where they can destroy the ring of Power in Mount Doom.

**American Ulysses** Edwin Mellen Press

Revision English is designed to provide material for revision of English towards the end of the secondary course.

*A Bio-Bibliographical Guide to Current Writers in Fiction, General Non-Fiction, Poetry, Journalism, Drama, Motion Pictures, Television* Simon and Schuster

Now fully updated and totally revised, this highly regarded classic remains the most comprehensive study available of America's military history. Called "the preeminent survey of American military history" by Russell F. Weigley, America's foremost military historian, For the Common Defense is an essential contribution to the field of military history. This carefully researched third edition provides the most complete and current history of United States defense policy and military institutions and the conduct of America's wars. Without diminishing the value of its earlier editions, authors Allan R. Millett, Peter Maslowski, and William B. Feis provide a fresh perspective on the continuing issues that characterize national security policy. They have updated the work with new material covering nearly twenty years of scholarship, including the history of the American military experience in the Balkans and Somalia, analyzing the wars in Iraq and Afghanistan from 2001 to 2012, and providing two new chapters on the Vietnam War. For the Common Defense examines the nation's pluralistic military institutions in both peace and war, the tangled civil-military relations that created the country's commitment to civilian control of the military, the armed forces' increasing nationalization and professionalization, and America's growing

reliance on sophisticated technologies spawned by the Industrial Revolution and the Computer and Information Ages. This edition is also a timely reminder that vigilance is indeed the price of liberty but that vigilance has always been—and continues to be—a costly, complex, and contentious undertaking in a world that continually tests America’s willingness and ability to provide for the common defense.

Wang (humanities, California State U.) studies six of Wilson’s plays, including *The Piano Lesson*, *Seven Guitars*, *Ma Rainey’s Black Bottom*, and *Fences*. He treats each play separately and examines the thematic strands running through them, especially as they relate to the struggle of African-Americans to come to grips with their history, their place in American society, and their struggle for a just society. Annotation copyrighted by Book News, Inc., Portland, OR.

In response to the escalating need for up-to-date information on writers, Contemporary Authors® New Revision Series brings researchers the most recent data on the world’s most-popular authors. These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up-to-date, and completely replace the original Contemporary Authors® entries. For your convenience, a soft-cover cumulative index is sent biannually.

Wayne State University Press

In this book the author examines how women detectives are portrayed in film, in literature and on TV. Chapters examine the portrayal of female investigators in each of these four genres: the Gothic novel, the lesbian detective novel, television and film.

For the Common Defense

NEW YORK TIMES BESTSELLER • From the author of *A. Lincoln*, a major new biography of one of America’s greatest generals—and most misunderstood presidents Winner of the William Henry Seward Award for Excellence in Civil War Biography • Finalist for the Gilder-Lehrman Military History Book Prize In his time, Ulysses S. Grant was routinely grouped with George Washington and Abraham Lincoln in the “Trinity of Great American Leaders.” But the battlefield commander-turned-commander-in-chief fell out of favor in the twentieth century. In *American Ulysses*, Ronald C. White argues that we need to once more revise our estimates of him in the twenty-first. Based on seven years of research with primary documents—some of them never examined by previous Grant scholars—this is destined to become the Grant biography of our time. White, a biographer exceptionally skilled at writing momentous history from the inside out, shows Grant to be a generous, curious, introspective man and leader—a willing delegator

with a natural gift for managing the rampaging egos of his fellow officers. His wife, Julia Dent Grant, long marginalized in the historic record, emerges in her own right as a spirited and influential partner. Grant was not only a brilliant general but also a passionate defender of equal rights in post-Civil War America. After winning election to the White House in 1868, he used the power of the federal government to battle the Ku Klux Klan. He was the first president to state that the government’s policy toward American Indians was immoral, and the first ex-president to embark on a world tour, and he cemented his reputation for courage by racing against death to complete his *Personal Memoirs*. Published by Mark Twain, it is widely considered to be the greatest autobiography by an American leader, but its place in Grant’s life story has never been fully explored—until now. One of those rare books that successfully recast our impression of an iconic historical figure, *American Ulysses* gives us a finely honed, three-dimensional portrait of Grant the man—husband, father, leader, writer—that should set the standard by which all future biographies of him will be measured. Praise for *American Ulysses* “[Ronald C. White] portrays a deeply introspective man of ideals, a man of measured thought and careful action who found himself in the crosshairs of American history at its most crucial moment.”—USA Today “White delineates Grant’s virtues better than any author before. . . . By the end, readers will see how fortunate the nation was that Grant went into the world—to save the Union, to lead it and, on his deathbed, to write one of the finest memoirs in all of American letters.”—The New York Times Book Review “Ronald White has restored Ulysses S. Grant to his proper place in history with a biography whose breadth and tone suit the man perfectly. Like Grant himself, this book will have staying power.”—The Wall Street Journal “Magisterial . . . Grant’s esteem in the eyes of historians has increased significantly in the last generation. . . . [American Ulysses] is the newest heavyweight champion in this movement.”—The Boston Globe “Superb . . . illuminating, inspiring and deeply moving.”—Chicago Tribune “In this sympathetic, rigorously sourced biography, White . . . conveys the essence of Grant the man and Grant the warrior.”—Newsday

Stigler shows how statistics arose from the interplay of mathematical concepts and the needs of several applied sciences. His emphasis is upon how methods of probability theory were developed for measuring uncertainty, for reducing uncertainty, and as a conceptual framework for quantitative studies in the social sciences.
